## What "Home-Lovers" Do With the Clock

The advantage of saving money for an intended purchase is that your cash commands the closest possible retail price. This is what you want, and you'd rather do without the article now than be paying the long price for credit.

This is the situation the HOME-LOVERS' CLUB has met. Home-lovers may now move the hands of time forward to the place where the purchase is sent home, and the cash price paid—only they don't have to pay it all at once. The increased volume of our business through this plan makes it worth our while to spread the cash payment out to suit the customers' convenience—BUT YOU ARE ONLY PAYING THE CLOSE CASH PRICE! COMPARISONS OF THE FOLLOWING LISTS WITH OTHERS WILL SHOW YOU THAT.
