Here's the Greatest Assortment of Men's Clothing That We've Ever Offered

And those who've been acquainted with the vast stocks of clothing we've shown at other seasons will appreciate what a tremendous aggregation must now be ready for the spring buying.

The great advantage of such an assortment is that no matter what price you wish to pay, what material or color you want or what style you prefer there's a choice ready for you that leaves little to be desired, and as an instance of the extra good values we're giving here's an offer that should bring a crowd Monday morning.

A Man's Serviceable, Good-Fitting, Well-Made Spring Suit for \$7.49

Had we purchased these suits in the regular way we could not offer them at this price.

Spring suits in the darker shades of worsteds and tweeds, in browns, olives and greys, mostly in neat stripe designs. They're made in the three-buttoned sack style, with well shaped lapels and close fitting collar and well made shoulders. The tailoring on these garments has been well done and they are lined with a good quality twilled Italian lining; sizes 35 to 44. Price... 7.49

Suits of Snap and Style for Young Men

Young men's stylish suits, in new spring designs. This line is made of a fine plu check worsted, also shadow striped patterns in fawns and greys, medium and light shades, beautifully tailored in the 3-buttoned sack style, with nice length lapels and vent in back, trousers have belt loops and cuff bottoms, good trimmings; sizes 32 to 37. Price... 12.50

Snappy smart models for young men in nice English worsteds, in olive and medium dark grey, herringbone and check effects, long lapels, close fitting collar, trousers fashionably cut with cuff bottom and belt loops. The coats are made in the three-buttoned single-breasted sack model and have good Italian linings and trimmings to match; sizes 32 to 37. Price... 13.50

Navy blue suits in fine cheviot finished serges, also Clay twilled materials made up in stylish three-buttoned single-breasted sack shape for young men, long shapely coats, stylish lapels, good fitting collars. Trousers cut in the fashionable style with cuff bottoms and belt loops, well lined and made up and neatly trimmed; sizes 32 to 37 inch chest. Price... 13.50

We Have Priced These Trousers to Bring a Swarm of Early Monday Morning Shoppers

To make room for other goods we want to clear a line of men's trousers, and have marked them at a price much below the figures at which they usually sell.

They're made of fine English worsteds, of solid materials that will give good service, in dark striped patterns, well tailored and neatly cut, with two side, two hip and a watch pocket and straps at side of waist; sizes 32 to 42-inch waist. Price... 1.99

—Main Floor—Queen Street.

Big Boy's Spring Overcoat, \$6.00

A topper for a youth—made in a man's model—very stylish.

Coat fashioned after the popular season's style in men's coats. It is made from medium grey tweed in the season's designs, diagonal and small fancy patterns—single-breasted button-through style—nicely tailored and with good linings; sizes 29 to 33. Price... 6.00

Boys' spring-weight reefers in a neat all-wool cloth in shepherd's plaid, black and white check pattern, double-breasted model, with black velvet collar, emblem on sleeve, fine twill serge linings; sizes 3 to 8 years. Price... 4.50

Boys' Peter Thompson reefers, double-breasted, made in nice style from all-wool navy blue cheviot serge cloth, with brass buttons, emblem and strap on arm, good durable linings and trimmings; sizes 21 to 27. Price... 4.25

—Main Floor—Queen Street.

THE T. EATON CO LIMITED

Full Value in a Man's High-Class Shirt

It is not always right to blame the laundryman when your shirt is returned to you torn. The fault may have been with the shirt. Here are High-Grade Shirts that wear with satisfaction; they're made by Earl & Wilson, leading manufacturers of shirts in the United States. The material is of beautiful quality in the season's new patterns; in narrow stripe effects, carefully tailored. The bodies are cut to fit, and there are small cuffs attached. Sizes 14 to 17½. Price... 2.00

Wolsey Wool Underwear Is Guaranteed Not to Shrink

That means that it will give comfort to the wearer. If you have ever felt these garments, you can realize how comfortable they would be to wear. They are made of selected Australian wool, that will not "felt," made with great care, with beige facings, ribbed cuffs and skirt, and neatly finished neck. Great value. This line is a beautiful weight for Spring wear. Sizes 34 to 46. Price... 1.25

—Main Floor—Queen Street.

ORANGE GRAND LODGE WILL MEET IN KINGSTON

Col. J. H. Clark Elected Grand Master at Concluding Session Yesterday.

SMITH'S FALLS, March 17.—(Special.)—St. Patrick's Day was well advanced before the concluding session of the Grand Lodge of Ontario East was finished. The election of officers was held at this meeting and resulted as follows:

Grand master, Col. John Hughes Clark; rt. wor. deputy-grand master, S. W. Forde, Ottawa; rt. wor. Junior deputy-grand master, Rev. R. B. Steacy, Ottawa West; rt. wor. grand chaplain, Rev. W. F. Fitzgerald, Kingston; rt. wor. grand treasurer, Robert Gordon, Tweed; rt. wor. grand secretary, F. M. Clark, Belleville; rt. wor. grand director of ceremonies, O. W. Landon, Melcombe; rt. wor. grand auditors, George McGonkin, Brockville, and W. C. Reid, Belleville.

Kingston was decided upon as the next place of meeting for the Grand Lodge meeting of Ontario East.

Lina Cavallieri, the noted beauty, who writes interesting things for The Sunday World, in the interest of the fair sex, has an article this week on bodily poise that should benefit some of your friends' figures. Buy it tonight from any newsdealer or newsboy.

Railway Board Powerless. The report that the Ontario Railway and Municipal Board had ordered the Metropolitan Railway to lay double tracks on Yonge-street from the C. P. tracks to the golf grounds is incorrect. The board decided that if they had power to do so they would, but they found that the franchise granted the company by York County precluded this.

GIVEN TEN YEARS

White Slave Sentenced at Chicago—Fought the Officers.

CHICAGO, March 17.—Judge Landis in the U.S. District Court today sentenced Edward S. Nichols, who was convicted of having enticed Elsie Finkelshtein, 13 years old, to Hammond, Ind., in violation of the Mann "White Slave" statute, to ten years' imprisonment in the federal prison at Fort Leavenworth, Kan.

While the court was reading sentence, secret service operatives of the department of justice were arresting Jacob Finkelshtein on the charge of having placed his young wife in improper places in El Paso, in Mexico, and in California, and of abandoning her thereafter, taking \$5000 of her earnings to purchase a saloon property. Finkelshtein's family tried to fight off the operatives, and the latter had to use pistols to compel them to desist.

DORIC QUARTET SUNDAY NIGHT AT MASSEY HALL.

The People's Sunday services to-morrow night at Massey Hall will be of special interest. The famous Doric Quartet will present a program of suitable selections, one of which will be sung as a memorial of the late John Hewitt, the life-long friend of Mr. Wilkinson, who conducts these popular services, and to whom he will pay a tribute. The subject of the pictorial is "The Deported King of Terrors: How he lost his Crown." This is one of the latest sermons of the Bishop of London, which a famous English artist has illustrated, and is one of a series of pictorial sermons which will be presented by the Anglican Church in England. Mr. Wilkinson has engaged for the month of April the services of the new symphony orchestra, the Philharmonic. They will continue till May.

NO ONE TO BLAME.

NIAGARA FALLS, Ont., March 17.—(Special.)—After being out about half an hour the jury to-night brought in a verdict in the inquest into the circumstances surrounding the explosion at the Ontario Paper Co.'s power house two weeks ago, which resulted in four deaths; that the explosion was caused by an escape of gas in tunnel No. 5, the cause of the leak being unknown. They held no one responsible.

St. Joseph's Alumnae. The Alumnae of St. Joseph's Academy, St. Alban-street, will meet at the Academy on St. Joseph's Day, Sunday, March 19, at 3.30. All Alumnae are invited to be present.

TUNNEL OUT INTO LAKE SOLUTION, SAYS RUST

Work Will Take Several Years and Prove Costly, But Must Ultimately Be Carried Out.

City Engineer Rust announced yesterday that he is contemplating submitting to the city council a plan to drive a tunnel under the bed of the lake south from the island shore.

In this connection he says: "From the results of the troubles which we are undergoing at present, it appears to me that the only solution of our water problem will be the construction of a tunnel out into Lake Ontario. This work will be expensive and will require three or four years for completion. In the meantime, the consumption of water keeps on increasing, it will be necessary to lay an additional intake pipe at once."

This will not interfere with the work of the investigations by Judge Winchester and the experts appointed by council. If they decide to take our supply of water from Lake Simcoe it will require several years to complete a system. The same applies to any scheme of tunneling off Mimico Point.

DELICATE BABIES NEED BABY'S OWN TABLETS.

Mrs. H. L. Boode, Fay Mills, N.B., writes: "I think Baby's Own Tablets are an excellent remedy to keep in the house and I would not be without them. My baby was not exactly sick but was very delicate and I gave him the Tablets and they have made him strong and healthy." Such is the testimony of thousands of mothers. Baby's Own Tablets always do good—never harm. They can be given with absolute safety to the youngest child, as they are guaranteed by a government analyst to contain no harmful drugs. Never give baby "soothing" stuffs—that only does him harm. Give him a medicine that will act right on the root of his trouble. A medicine that will strengthen his stomach, regulate his bowels, sweeten the breath and make him bright, healthy and strong—such a medicine is Baby's Own Tablets. They are sold by medicine dealers or at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Point. We are now pumping our capacity thru one intake pipe, and the recent break shows that it is impossible to depend longer on it."

The city engineer looks upon the "armchair critics," as he styled some individuals who have been offering advice to the department. He says that he is as much interested in getting the repairs made as anyone possibly could be and is willing to accept the services of any contractor who undertakes to do it more speedily than he can. No dependence, he says, can be placed on any work being done on the lake after September, and the difficulties the department has encountered in the present instance, he argues, justify the contention.

It is the intention of the waterworks department to clear the conduit of sand out to the break 600 feet from the shore and place a sleeve over the end of the pipe at this point, and make it a temporary intake. Deputy Engineer Fellows is now clearing the pipe and expects if no further difficulties are encountered to give the city lake water not later than the end of next week. It is believed that about 400 feet of the pipe are now completely free from sand, altho the difficulty of getting divers down to make an examination makes this surmise more or less guesswork.

Not Typhoid-Laden Water.

While there is considerable uneasiness in many quarters over the possibilities of a general outbreak of typhoid fever, the map of the city with the position of typhoid fever cases marked by spots of red ink prepared by Dr. Nasmith, city bacteriologist, as considered by Dr. Hastings to demonstrate that the present supply is, after treatment, comparatively safe. It shows that of the 31 cases at the city hospital so far this month, only 15 are in the district which has been using the lagoon water regularly. Of the other 16 there are 15 from West Toronto, which up to two weeks ago was drawing its water supply from Humber Bay. The other one is from outside the city limits, and the patient was using well water at Swansea.

Up to the time that the medical health department was informed that there was a prevalence of dysentery in West Toronto, what was formerly Toronto Junction was drawing its water from the city limits, and the patient was using well water at Swansea. This was the first intimation that Dr. Hastings had that the entire city was drawing its water from the lagoon. He at once arranged with Dr. Nasmith to go out and take samples of the water, and an analysis showed it to be polluted. The Humber water was immediately

shut off and the city's supply turned into the mains, or, more correctly speaking, the city supply was the only one admitted to the mains. Previous to this the mains between the city and West Toronto were connected.

Lucky Riverdale.

A peculiar feature of the map prepared by Dr. Nasmith is that all the cases are west of the Don, and they are more numerous toward the western side of the city. Only two are north of College-street in the old portion of the city and they are well away from the West Toronto line. The excuse given for keeping the old system in use in the west was that the pressure from the city mains was not sufficient. That of the West Toronto system was higher than the city pressure down town. It was suggested to Dr. Hastings that the cases of fever in the city east of the Junction line might be due to the fact of the Humber water being forced down by the higher pressure and whether this is true or not it is a peculiar coincidence that all the cases lay in a direction which might suggest such a possibility.

The automatic chlorinator ordered by the city is being installed and will be complete in about ten days. When in operation it regulates the supply of water according to the flow of water.

No More Divers Needed.

While the water at present used is reported by the medical health department to be practically safe no efforts are being spared to guard against any possibility of polluted water reaching the mains. The mayor and the board of control are thoroughly aroused to the gravity of the situation, and Controller Church's effort to hasten the repair of the intake by

putting on additional plant and men is likely to have results.

Regarding the putting on of additional men City Engineer Rust has expressed a doubt as to the feasibility of putting down more divers. He is of the opinion that they will only get tangled up in the apparatus. He points out that as a result of one of his divers coming in contact with a log and getting his life line tangled he nearly lost his life. He reiterates his statement that it is not a question of more plant, but of better weather.

JUST LIKE UNCLE SAM.

ST. PETERSBURG, March 17.—Large bodies of Russian troops en route for China are concentrated at Sharhant, about sixty miles west of Kuliya. An official communication announcing the movement of the troops euphemistically describes it as "a test of mobilization."

Young People's Missions.

Rev. H. C. Priest of the Young People's Forward Missionary Movement, will speak at the Missionary Institute to be held under Y.P.F.M.M. auspices in Wingham on Monday and Tuesday of next week. Mrs. F. C. Stephenson, Rev. J. C. Cameron, B.A., Rev. A. E. Armstrong, Rev. W. A. West and Canon Gould will be among the other speakers.

Homeseekers' Excursions.

To Western Canada (via Chicago) including all points on Grand Trunk Pacific Railway, April 4, 18; May 2, 16, 30; June 13, 27; July 11, 25; August 8, 22; Sept. 5, 19. Winnipeg and return, \$23. Edmonton and return, \$41. Tickets good for 60 days. Proportionate rates to Western Canada (via Chicago), Saskatchewan and Alberta. Secure tickets and illustrated literature from any Grand Trunk Agent, or address A. E. Duff, District Passenger Agent, Toronto, Ont.

Liner Burned.

LONDON, March 17.—The Furness Line freight steamer North Point, which called this morning for Philadelphia, was destroyed by fire in the Thames two hours after she left her wharf. The crew of forty were taken off in safety, after the vessel had been beached. She carried no passengers.

Minister's Little Gun Play.

Chief Justice Falconbridge yesterday quashed the conviction of Rev. J. M. Haith, a minister of Delhi, who was fined \$5 for firing a revolver on a public highway during a raid on a disorderly house, for purposes of intimidating some men who were running away.

AUTOMOBILE

A good, thoroughly reliable, high-grade automobile. Must be sold. Capacity, five passenger. \$450. BOX 28.

CONSERVATIVE CANDIDATES.

ESSEX, March 17.—By a unanimous vote the Liberal-Conservatives of South Essex to-day nominated Dr. Fred Park of Amherstburg for the house of commons, and Dr. C. N. Anderson of Leamington for the legislature.

Suffered for Years From Constipation and Sick Headache.

Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. The most frequent of all are bilious or sick headaches, and are caused by some derangement of the stomach or bowels, or both.

Burdock Blood Bitters regulates the digestive and biliary organs, removes acidity of the stomach, improves digestion, regulates the constipated bowels, and promotes a perfect circulation of pure blood to all portions of the body.

Mrs. C. Meslons, Clarkburg, Ont., writes: "For years I was troubled with sick headache and dizziness, and was also constipated. I was advised to try Burdock Blood Bitters. I only took three bottles of the medicine, and now feel like a new person as I am completely cured. I can truthfully testify that B.B.B. is the best medicine I have ever used."

Burdock Blood Bitters, has, during the last 35 years, built up an unrivalled reputation as a cure for all troubles arising from a constipated condition of the bowels. Manufactured only by The T. M. Burns Co., Limited, Toronto, Ont.
