Secretary Ontario Fish and Game Protective Assn. Points Out the Need. A. Kelly Evans, secretary of the Ontario Fish and Game Protective Association, has written the following

to Stephen Stone, of the Yantention of several countries has been secretary. But they stand on the order Kan-Uck Fishing Club of Moon River, Ont., on the subject of a rod license directed towards it as a source of cheap power. The matters touched upon include the methods employed in denaturing, the practical uses of alco-hol, its marketability, preparation and cost and other correlated points. From the general tenor of the reports it is evident that the field is only being opened up and tho one or two Euro-pean countries have anticipated the United States so far as official in-tervention is concerned, for all prac-tical purposes the nations are startand to give you the present regula-

I will, however, take this oppor-tunity of sending you under separate cover, copy of the constitution and bylaws of the Ontario Fish and Game Protective Association, together with CHINESE REFORMS. China has of late given evidence of a denatured alcohol has elicited consid-erable discussion and the government has created a commission to investi-gate the matter. Prizes have been offered for the discovery of a more satisfactory method of denaturization offered source and districts which first feel offered for the discovery of a more slowly downwards and invates that invates the satisfactory method of denaturization the classes and districts which first feel residents of the province. The association has not yet passed its reso-than the one now in use and for the invention of an improved means of is being disclosed regarding the part "lutions upon this subject, but if I may venture to make a forecast from the disclosed regarding the part invention of an improved means of the province. The association has not yet passed its resoinvention of an improved means of using alcohol as an illuminant. To quote the consul-general's words: "The whole field of alcohol utilization in France is one of great fascination to inventors and manufacturers." But so for no important manufacture of in-and secrecy, are exercising a one person

One of the arguments this associa tion advances is the importance to the Province of Ontario financially of its fish and game as an attraction to

visitors from your country. I would point out to you that our game fish-ing has been very much injuved by illegal netting, and one of the objects skilled expert. The United States is a french manufac-presentative of a French manufac-turing company testified befors the committee of ways and means that if the free alcohol bill were passed the industry would be established in that country which has been the best market for the artificial protuct. Proof of the widespread interest aroused in the United States was pro-vided by Consul-General Alexander M. which the association has at heart is

CHET. EATON CO. LIMITED

**During August Store** Closes Saturday at 1 p.m.

# **Clothing That Men Like**

The clothing that this store sells is made in our own tailoring shop.

Designed and fashioned by highest skilled workmen from finest material, it leads for true style and quality.

Our clientele is made up largely with men who, tired of the shoddy, poorly-made stuff, only too common, are glad to have a safe store to lean on.

#### Black Cheviot Suits-\$10.00

Of fine, smooth-finished fabrics, first-rate for fall wear; tailored in latest single-breasted model, with good trimmings and linings; sizes 36 to 44; it would be a great value at a much higher price-compared with ordinary clothing.

### Fancy Worsted Suits-\$12.50

Of rich English cloth in a particularly nice dark grey pattern; cut in newest single-breasted shape, with broad shoulders and vent; Italian linings; sizes 36 to 44; you can'tdo better in a "fancy" suit than this.

### Fancy Worsted Trousers-\$1.98

Dark striped patterns; side and hip pockets; well tailored, with good trimmings; sizes 32 to 42; it'll be great buying, men, as long as the lot lasts.
