**LOCAL FRUIT MARKET.**  
Trading in the wholesale market yesterday was only moderately good, comparatively heavy receipts of Canadian fruit still coming forward. The deliveries of Canadian stock which continue to come forward are in a measure displacing the regular course of trade, and being out of season, are hard to sell at anything like decent prices. Grapes, while not good, sell as low as 15c and 20c a basket, which, deducting the cost of shipment, freight and commission, leaves little in the way of net receipts.

## Buoyant Regardless of the Closing of Other Markets---COBALT

ALLIANCE DIDN'T PERSECUTE  
But Will Watch Firm Closely If It  
Moves to Montreal.

It has been stated that the Pratt & Latchworth Malleable Iron Co. headquarters Buffalo, Canadian branch Brantford, have decided to move their Canadian plant to Montreal, because they have recently been prosecuted at the instance of the local Lord's Day Alliance for operating on Sunday.

In regard to this, Rev. J. G. Shearer of the Alliance says the company has not been prosecuted by, or at the instance of, the Alliance, and owes it to the kindly intervention of the Alliance that such prosecution was not taken by the crown authorities. The manager and superintendent were interviewed by a committee of the Alliance and requested to discontinue flagrant violation, on a large scale, of the Lord's Day Act. The company was told that the Alliance and the Canadian public did not object to the doing of Sunday work that was really necessary, such as the maintaining of fires in the company's annealing ovens, and that the Lord's Day Act makes exception of such works of necessity.

The company admitted that, beyond these limits of necessity, work was done in their establishment on Sunday on quite a large scale, including a great variety of ordinary sorts of labor. They laid the blame for a good deal of the doing of this Sunday work on the employees, who, they alleged, preferred even to rest on Saturday and to work on Sunday.

"It," says Mr. Shearer, "this industry is unaware that after the 1st of March the Lord's Day Act will apply uniformly thruout Canada. It is well that they should be informed that they will be required to observe this worthy Canadian law in Montreal as closely as they will observe it in Brantford. Our organization has a vigorous branch in that city, and should they move all or part of their plant, as threatened, we shall see that our friends there are informed of the doing of this Sunday work, and they may reckon upon it that they will be under the watchful eye of our fellow-workers in the Quebec metropolis."

**IN FRENCH PARLIAMENT.**  
Paris, Nov. 6.—The debate in the chamber of deputies on the church and state separation bill was continued to-day.

War Minister Picquart, who mounted the tribune for the first time, to answer an interpellation regarding the bill reducing the term of service in the army to two years, was greeted with a burst of applause from the left party. The extreme left demanded that the final transfer of the church property take place Dec. 11, 1906, instead of Dec. 11, 1907.

**Statement From Foster Directors.**  
The Foster Cobalt Mining Company desire the following published: The directors do not sympathize with stock-jobbing operations, which have for their object the immediate increase in the price of the stock, and the statements which have appeared from time to time have been omitted from it. It prefers that the shareholders of the mine and the public should have accurate information from time to time of the position of the mine, and will endeavor to supply it. Every expedition is being used in the mine, and the results are satisfactory. Stopping is going forward in the main drift, and a shaft is being rapidly sunk for the purpose of providing what is regarded as the main vein on the property. The directors have not yet received the smelter returns with respect to the first car of ore shipped. This ore was not mined under the present management, but was taken over as it stood in the orehouse, and its value could not be ascertained. It was badly graded and sorted, and was not by any means the best ore that the mine produces.

**Club Man Sentenced.**  
Augusta, Ga. Nov. 6.—Thomas W. Alexander, formerly a wealthy cotton factor and prominent club man, to-day pleaded guilty to an indictment charging embezzlement and was sentenced to six years' imprisonment.

**GOOD MAN GONE.**  
Lindsay, Nov. 6.—(Special.)—The funeral will take place to-morrow of Patrick J. Hurley, one of the most prominent and popular Lindsay business men. He was 30 years in business, was president of the St. Vincent de Paul's Society, treasurer of the C. M. E. A., member of the Knights of Columbus and ex-alderman. Flags on public buildings are at half-mast. Mr. Hurley was noted for his kindness and charity to the needy.

**Sacred Harmonic Society.**  
The Sacred Harmonic Society held a successful rehearsal at the Conservatory of Music. The members present gave an excellent account of the choral numbers of Gounod's "Messe Solenne" and the conductor, Dr. J. Perse Smith, expressed himself as highly gratified. Rehearsals will continue each Wednesday evening hereafter. Ladies and gentlemen desirous of co-operating will be able to do so by communicating with the honorary secretary, E. Johnson, 42 Robert-street, or the conductor, Dr. J. Perse Smith, 1018 Bathurst-street.

**Ambulance Hit by Car.**  
New York, Nov. 6.—While a Lebanon Hospital ambulance containing a colored man and woman who had been shot by another negro, was speeding to the hospital, it was struck by a street car and overturned.

William Vanz, who already was in a serious condition from his wound, received serious accidental injuries and died on the way to the hospital. The other patient, Mrs. Louise Page, also was badly hurt, and Dr. Ketchum, the ambulance surgeon, was rendered unconscious.

Last train from New York is via Grand Trunk and Lehigh Valley, leaving Toronto 6:30 p.m., daily, with a through sleeper for New York. A parlor car to Buffalo, serving meals a la carte. Secure tickets and make reservations at City Office, northwest corner King and Yonge-streets.

## The Gilpin Cobalt &amp; Silver Mining Company

Capitalization \$500,000. - Shares \$1. - In Treasury \$190,000.

This Company owns 120 acres in the best section of the mineralized area.

A small block of the stock will be put on the market for the first time on Wednesday, Nov. 7, at \$1 a share.

The formation of this property is ideal for the existence of pay ore, as it is identical with the Cobalt district, having diabase, slate and conglomerate. The territory is crossed by a great network of fissure veins, many of which show calcite and cobalt bloom in abundance. In the rich paying mines the calcite and cobalt are present in almost every instance, in a great many cases the calcite being replaced by native silver. Over 17 of these veins cross the property which the company is diligently prospecting, with every prospect of opening a pay mine.

With the present development work a short time should see this Company among the foremost of the New Ontario mining propositions.

The shares will have a wide market, as arrangements have been made to call the stock on the New York and Boston curb within ten days.

Send all subscriptions to the Company's only office,  
**Rooms 701, 702, 703, New Traders Bank Bldg., YONGE ST., TORONTO.**

The Company reserves the right to allot all or only part of the applications for stock.

**BUY AND SELL ALL COBALT MINING STOCKS**

On his first visit to Cobalt, in August, 1905, our S. R. Clarke secured an

interest in the well known Lawson mine. Since then he has made monthly

visits to the camp and examined the producing and non-producing mines in all

stages of development.

The matured result of all these investigations, aided by many years' patient

study of ore deposits, is being embodied in a circular which will be forwarded

to investors on request.

We have for sale a prospect in the typical Cobalt agglomerate with a good

surface show.

We are charging \$25 for special opinions on any particular issue.
