100 LOADS AT CITY YARDS TRADE GOOD FOR THE BEST

Prices for Prime Butchers Firm—Sheep and Lambs Also Steadier—Calves and Hogs Easy.

Receipts of live stock were large, over 100 car loads about Tuesday last. The quality of fat cattle was fairly good, much better than for some time.

There was a fair trade all round, the best butchers' cattle being picked up quite readily at as good prices as have hitherto been reported.

Exporters—Few were offered and few wanted. One driver who had exported for sale stated that Tuesday's list was what they had, as he had not had a bid up to 10 a.m. Prices were reported as high as 55-50 for fat cattle, but the bulk ranged from \$3.15 to \$3.30.

Butchers.

There was a fair demand for well-detailed cattle and these were, if anything, sold at higher prices than at any time this season, but of course there were few of them.

Choice to prime picked lots of butchers' beefers, good enough for export and of export quality, were offered at 47 1/2 to 47 3/4 cwt.; loads of good, at \$4.00 to \$5.10; dum to fair, \$4.50 to \$4.80; good cows, \$3.75 to \$4.15; steers, \$3.00 to \$3.45; canners, \$1.25 to \$2.50 per cwt.

Feeders and Stockers.

Harry Murby reports the stocker and feeder trade as being good for cows and grades. There is, he says, Mr. Murby, more call for steers, 800 to 1100 lbs., than for calves. A large quantity of light weight, handled 300 cattle this week, as follows: Short keeps, 100 lbs. each, at \$4.00 to \$4.25 per cwt.; steers, 900 to 1000 lbs., \$4 to \$4.50; steers, 500 to 900 lbs., \$3.00 to \$4.15; steers, \$3.00 to \$3.50 to \$4; good yearlings, \$3.50 to \$3.75; medium light, \$3 to \$3.25.

Milch Cows.

About 50 cows were on sale during Wednesday and Thursday as prices ranging from \$30 to \$40, with an odd one or two at \$50. The demand was somewhat better than on Tuesday.

Veal Calves.

Prices for the bulk of veal offered were easy at \$3 to \$8 per cwt. Prime new milk fed calves are worth \$7 per cwt., but few are being offered.

Sheep and Lambs.

Trade for good quality sheep and lambs was strong, prices ranging from \$5.50 to \$6 per cwt.; but few are being offered.

Hogs.

Mr. Harris reports prices unchanged at \$6.95 for select, and \$6.75 for lights and fat, with prospects for lower prices in the near future.

Chicago Cattle.

Marshall, Spader & Co. J. G. Beal.

Market was rather nervous today and closed practically unchanged. Trading has been heavy with commission houses on both sides of the market, and a disposition on the part of the local crowd to take profits on the high side, which has met the good buying by northwest and other outside interests.

Early buying was influenced by the strength in Liverpool and continuation of the drought in the northwest.

We are convinced, however, that the seriousness of the damage news will soon be realized by speculators here and elsewhere and we look for a material advance in prices in consequence.

Our advice is to buy wheat.

Emis & Stoppard wired to J. L. Mitchell at the close of the market.

Wheat.—The action of wheat to-day proved disappointing to its friends in that it failed to ascend to the heights anticipated, even though there were rumors of damage reports in circulation and a continuation of dry weather through the southwest. The early trading was rather heavy, the largest of a professional character, with some class of buyers and the market, in general, appeared for a time, with the ten-ner liberal and out on the advance sales, but at influential outside sources. Early buyers were not so ready to realize, which caused a slight change in the market, tendency. The close was a shade lower than last night.

Northwestern receipts were liberal and the price current was liberal in its tone. Allow for a local loss in Oklahoma and Texas and a condition of the market, the indicated crop would still be within 25,000,000 bushels of last year, which, with the position of the old crop option, does not provide a very firm foundation for a permanent bull movement.

Corn and Oats.—Were firm all day. Despite the liberal profit-taking continuing in movements of corn while the demand continued good and from present indications of a slight advance in price.

Meat and Poultry.—Were firm at the close of the market.

Beef.—The official forecast for receipts reports that liberal rains had fallen in Nebraska and Kansas, and that other primary points were large, but cash prices were firm here. During the afternoon a slight break occurred, owing to estimated Argentine shipments. The weather will cover the course of prices to-morrow. Should no rain fall in Kansas to-morrow, look for higher prices to-morrow.

Corn.—Receipts small and demand for shipment very satisfactory. Corn has and a considerable recovery from the recent heavy loss, and a reaction seems natural. On further reports to-morrow, think corn will be only a matter of time when the market will be forced higher.

Oats.—Crop reports were again bad and caused a further advance in July, which was done through strong houses. Bugs are doing much damage to oats and it appears to be only a matter of time when the market will be forced higher.
