## THE GOVERNMENT TAKE OFF

**How Much Must the Alex. Cameron Estate Pay for the Property?**

The estate of the late Alexander Cameron is valued at \$500,000, and the question of what amount the property owes the province is in dispute. The case, which was to have been argued before Mr. Justice Street yesterday, was adjourned for a week. The executor claims that only \$5000 is yet due to the Government, and that the balance is not to be divided for some years. A test case will be made out of the matter.

At the instance of Hugh Faulkner, the motion to prevent the registration of J. B. Davis as owner of property on Dufferin-street, purchased from the late J. B. Davis, has been postponed a week.

The Master in Ordinary is looking into the assignment of the late William Bell to Assignee Campbell.

An effort is being made to unseat Ald. Bergoyne of St. Catharines for having a contract with the council. The Single Court dismissed the application for a writ of habeas corpus in the case of L. J. Lawrence.

Alexander McGregor is now clerk of the Master in Chambers, vice A. T. Blair, promoted.

Robert Christie, Inspector of Prisons, is seeking to recover from James Walker of Orillia certain overcharges alleged to have been made for some months by Walker. A. McDonald of Orillia, said to be the defendant.

A commission will go to Winnipeg to examine Mrs. Bannister, daughter of Mrs. Cline, who claims to have been injured by a fall from a horse. The claim is for \$2500 damages for alleged injuries to her household goods.

Mrs. Jane Longbottom claims that Dr. W. M. Britton, who examined her in her suit for \$5000, has failed to pay for the services. She sues the doctor for \$3000 damages for alleged trespass.

Ad. Bennett, who in the London City Council chamber has been declared sane.

**A Refugee in Trouble.**—The monthly meeting of the Children's Aid Society was held yesterday and showed great work done for the helpless, neglected little ones.

The agent's monthly reports covered January and indicated that the officers of the society could not have had much time to go skating, sleighing and enjoying the recreation many others do this winter weather. In other words that they had been very busy all the winter helping the children. Ninety-five cases were recorded, covering 117 children; 53 were cases of the Children's Aid Society.

Today's address will be on "Three Impenitents."

**WALLER WON'T DO TWENTY YEARS.**—Vocle Sam Had a String on the Frenchman and his Pardon is in Sight.

New York, Feb. 20.—A Paris despatch says that the pardon of John Waller, convicted by a court-martial in the island of Madagascar of illegally communicating with the Hovas and sentenced to 20 years' imprisonment, has been sent to President Faure by the latter's agent.

Mr. Waller was formerly United States consul at Tamatave, that island, and the present action is due to the representations made by the United States Government in the prisoner's behalf.

**Another Explosion.**—South McAllister, L.T., Feb. 20.—Gas exploded in the Oswego Coal Mine. Company's shaft at Krebs yesterday. Five miners were severely burned and two of them died.

Dyspepsia and Indigestion.—C. W. Snow & Co., Syracuse, N. Y., writes: "Please send me your medicine for dyspepsia and indigestion. My wife has been troubled with it for some time, and I have tried many remedies but have not been cured yet."

Macnamon & Pelkey, grocers, Trenton, met their creditors in Assignee Clarkson's office yesterday, when a statement was presented, showing assets of \$900 and liabilities about \$400 above this amount.

R. Gamble & Co., drygoods, Ottawa, are asking an extension of time. The counter of Switzer Bros., drygoods merchants, of the same place, 65 cents on the dollar, has been refused, and a statement of affairs is being prepared.

Many Toronto wholesalers will lose heavily by the deflation of the market. Caldwell, the Montreal assignee, who absconded on Tuesday, has assigned to the estate of Caldwell Brothers, of Ontario, and who had assets of \$40,000. With the exception of a couple of small preferred claims, no debt was received by the creditors. S. R. Parsons, another estate in which local furniture men were interested, had paid nothing, although the assets were large.

Cumbersome and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. These persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellogg's Dysentery Cordia, a medicine which will give immediate relief, and is a sure cure for all summer complaints.

## TRADE IN CANADA

R. G. Dun & Co. say Business is interrupted by snowstorms.

Montreal reports that the late intense cold and blocked roads have interfered to some extent with the movements of travelers in country parts, and that business has been a quiet one. In the city, too, business between houses has been slack, and brokers report some difficulty in making sales. Collections, as might be expected, show no notable improvement, but failures are reported as being hardly so numerous, and are among the smaller class of traders mainly. There is no relaxation of the stringency in the money market; there is a difficulty in obtaining call money at even 1 1/2 to 2 per cent, and it is said American banks have been unwilling to borrow at 7 per cent, upon undoubted security, but have been unable to obtain the same rate in merchandise values there are a few notable changes. Advice from Porto Rico and Antigua report an advance of 5 to 6 cents in molasses upon last year's opening prices. A further advance in sugar is not improbable.

The trade situation at Toronto is practically unchanged. The movement of merchandise has been small, restricted in a measure by the heavy fall of snow. The stock market of the country roads are almost impassable. Farmers' sales of produce in consequence have been small, and the retail merchant did a small trade, and in many cases has waited longer for the service of the country roads. The whole business has not been particularly good. The markets are pretty well supplied and prices are low. There is a further decline in wheat this week and as compared with the settlement prices are about 5 cents lower. Flour is also a shade lower. The money market is "calling" for loans on stock contracts. The uncertainty of the situation prevents accounts for the precautions of bankers in making loans.
