SUNDAY STREET WATERING

Recommended by the Commissioner-Fixing a Rental for Areas-General City Hall News.
 A joint report, prepared by Engineer Keating and Acting Assessment Commissioner Forman, will be presented to the Board of Works to-day concerning areas of the spaces underneath sidewalks that are used by merchants and others. It is estimated that there are about 200 square yards of such areas, and should the Council decide to charge a rental the report recommends that it should not exceed 50c per square foot per annum in the business part of the city and 25c per square foot in the outlying districts. These rates would produce a revenue of from \$5000 to \$9000 per annum.

Sunday Street Watering.
 Owing to the establishment of a Sunday car service, the Commissioner of Public Works has recommended to the Board of Works that the by-law providing for the watering of streets should be amended so as to include Sundays. On the average, the streets are watered four times per day, the macadam roads four times per day, the cedar block pavements three times per day, and the concrete sidewalks three times per day. Mr. Forman says that the Board should also have a concern, and Glendon's orchestra played sweetly to a host of torpor-stricken catallans in the Auditorium Hall.

New Pavements.
 The Engineer has recommended the construction of the following pavements at walks: Macadam pavement, Carlton-street, Parkville to Sunnyside, cost \$4250; city's share \$1500. Paved pavement, Bellevue-avenue, Bellevue-place to Oxford-street, cost \$3750; city's share \$1400. Paved pavement, Bernard-avenue, Avenue to Bedford-road, cost \$3500; city's share \$1300. Asphalt pavement, Berkeley-street, Georgia to Clifton-street, cost \$2500; city's share \$1200. Asphalt pavement, Berkeley-street, Georgia to Clifton-street, cost \$2500; city's share \$1200. Asphalt pavement, Berkeley-street, Georgia to Clifton-street, cost \$2500; city's share \$1200.

A Dangerous Bridge.
 The City Engineer reports that the bridge across the lower portion of the Queen-street and Turner's basins is in a dangerous condition. He says a new bridge is required and that pedestrians must be warned of the present structure.

\$50,000 Fund for Sanatorium.
 E. W. Armstrong, 1245 West-avenue, Buffalo, has requested the Mayor to furnish information for the purpose of forming a fund of \$50,000 to be divided among his relatives. Mr. Armstrong is the son of a grandfather named Quantz. According to the records of the City of Toronto, the name of Quantz is recorded in the name of Quantz in Toronto, and in the name of Quantz in Buffalo. Mr. Armstrong is a resident of Buffalo, and is a member of the Buffalo Club.

Permits have been issued for the erection of the following buildings:
 Confederation Life, a pair of semi-detached two-story dwellings, 371 and 373 Dovercourt-crescent, cost \$2200.
 William Foster, a three-story, three flats, from 20 to 24 Sydney-street, cost \$4200.
 R. M. Millicott alterations to dwelling, 67 McGill-street, cost \$100.
 Gooderhouse alterations to mill stable at 842 King-street west, cost \$150.

American Visitors.
 Among the visitors to the City Hall on Saturday were Edward A. Roberts, private secretary to Mayor McKim of Cleveland, Ohio; Floyd D. Jones, secretary of the Plattburgh, Mo. The latter was seeking information concerning the water works system and electric light plants.

City Hall Notes.
 Property owners of Joseph-street, near Queen's Park, have petitioned for a brick pavement.
 The City Engineer has reported in favor of cheapening the cost of the foundation of a building.
 The Engineer recommends that the pavement at the intersection of Spadina-avenue and College-street be paved with brick.
 The foundation under No. 4 engine at the pumping station has been repaired, and will be rebuilt at a cost of \$2500.
 White, acting for E. Farquhar, has withdrawn all his appeals against the decision of the Council in relation to the proposals to have been heard on Friday night.

THEIR ANNUAL EXCURSION.
 Canadian Pacific Railway Employees Have a Great Time at Shelburne.
 Toronto Junction, July 17.—(Special.)—Two engines, gallily decorated with flags, fireworks and ribbons, and manned by Drivers Johnson and Wilson, drew out the 17 coaches and 2000 people which were to make the annual excursion of the C.P.R. employees, leaving here this morning. The train was composed of 17 coaches, and was led by 1300, where they fraternized with the railway men, from Owen Sound to the end of the excursion. The train was headed by the 38th Battalion band, under the direction of Mr. Williams, they were escorted to Jell's Park, where the tables were spread and the picnic commenced. The excursionists were entertained at the hotels and restaurants to their utmost capacity, and over 200 partook of the meals provided by ladies of the town in the basement of the Methodist Church.

A Great Welcome.
 The village Council acted in a very liberal spirit towards the visitors and had erected a triumphal arch of evergreens on the line of march, which bore the railway motto, "Let Her Go, Boys, the Track is Clear." Other mottoes of welcome were strung across the streets in various places, but perhaps none were more appropriate than the one which wished "Good Luck to the C. P. R. Wherever She Shows a Roadlight." The excursionists were entertained at the hotels and restaurants to their utmost capacity, and over 200 partook of the meals provided by ladies of the town in the basement of the Methodist Church.

Death of C. Crocker.
 San Mateo, California, July 17.—C. Crocker, vice-president of the Southern Pacific Railway Company, died at his home here to-day.
 Dr. J. H. Duggan and Investigator C. W. Snow of Syracuse, N.Y., write: "Please send us ten gross of Pills. We are selling them in the city of Syracuse. They are all we keep. They have a great reputation for curing the various forms of dysentery, cholera, and a medicine that will give immediate relief, and is a sure cure for all summer complaints."

Baptists at Buffalo Next Year.
 Chattanooga, Tenn., July 17.—At a meeting of the Board of Managers of the Baptist Young People's Union of America, held to-day at Chattanooga, N.Y., was selected as the next place of meeting.

Notes from Kingston.
 Sudden Death of Dr. Higgins—Sunday Car Question to Be Tested.
 Kingston, Ont., July 18.—Dr. E. M. Higgins of Hot Springs, Arkansas, summing with his father, died early this morning from apoplexy. He was 42 years of age and a graduate of Queen's University. He was survived by a wife, a daughter of the late Mr. Crookall of Berlin, Ont., and a son. The Lord's Day Alliance will be ready to contest the right of the Kingston Street Car Company to run on Sunday, as soon as the company attempts to carry passengers on that day. A meeting was held yesterday and \$250 subscribed to test the rights of the Kingston charter. This amount will be increased to \$400, the amount required, before the Government will issue a fiat. Cucumbers and melons are "forbidden fruit" to many persons, constituting the least indigestible of foods. They are subject to their heart's content if they have dysentery, cholera, or a medicine that will give immediate relief, and is a sure cure for all summer complaints.

A SATURDAY EXCURSION.

The Saturday afternoon excursion boat is like the street tram, a great social leveler; all sorts and conditions of people meet here on a fifty-cent basis, no man better than the other, so far as price of conveyance is concerned. There is quite properly, in these democratic times, no first class or second-class seats, or first or second-class decks are free alike to all—to mistress and maid, to master and man, to colored and white. Thus a curious and interesting gathering of people enjoy sun and breeze and dipping lake, the exclusive aristocrat of travel seemingly no more than the "horny-handed son of toil," or the somewhat odd man who had been proselytized by the individual who loves not his kind out of his own set, and who cares not to brush his aristocratic shoulders with the "great unwashed," and who, therefore, carefully avoids all such opportunities of seeing a happy-go-lucky mingling of all classes and characters, such as is afforded by cheap excursion, unless much that is interesting and instructive, and much that is amusing, is to be had. It is not that the individual who loves not his kind out of his own set, and who cares not to brush his aristocratic shoulders with the "great unwashed," and who, therefore, carefully avoids all such opportunities of seeing a happy-go-lucky mingling of all classes and characters, such as is afforded by cheap excursion, unless much that is interesting and instructive, and much that is amusing, is to be had. The Toronto Junction Citizens' Band.
 which played before the excursion started from the Junction Station on Sunday day, gave an concert at night in the Garden City. The 38th Battalion Band also gave a concert, and Glendon's orchestra played sweetly to a host of torpor-stricken catallans in the Auditorium Hall.

A Upright of Accidents.
 The day was not without its accidents. Miss Edith Finch, while riding across a track after the races, collided with another car, and broke her collar bone, and her leg. She was removed from the scene by Dr. Barr. McLeod and Billy of the Dundas team both had their heads and arms injured, and were taken to the hospital. The Dundas team also had their heads and arms injured, and were taken to the hospital. The Dundas team also had their heads and arms injured, and were taken to the hospital.

The Coal Miners' Strike.
 Five Thousand Men in the Lower Coal Fields of West Virginia Have Thrown Down Their Picks.
 Huntington, W. Va., July 17.—Upwards of 5000 men employed in the lower coal fields on the Norfolk and Western Road threw down their picks to-day and swore fealty to the cause of their Pennsylvania and Ohio brethren. The agitators who have been in that vicinity for a week past will depart tonight for the Great Flat Top Fields, 60 miles further up the Norfolk and Western, where about 7000 men are employed. They speak encouragingly of their work in West Virginia and assert that before Monday noon every miner in the lower coal fields will be on strike. The indications are that the miners who threw down their picks to-day are well-founded, and in addition the Digesters, further down the line, which resumed work only a few days ago, will also have to suspend, as dissatisfaction has developed among the miners employed there. Seven hundred more men went out at the Kanawha to-day and the big break is expected in the New River Fields.

A Complete Failure.
 Fairmont, W. Va., July 17.—The miners' mass meeting so largely advertised for this evening was a complete failure. Only a few of the promised speakers were present, although telegrams of regret from them were read. Today 17 miners were discharged for attending Thursday night's meeting.

Miners Guarded by Winchesters.
 Cincinnati, July 17.—A special to the Commercial Tribune, from Wheeling, W. Va., says: The organizers here, but got only 60 men to attend. Of these nine voted in favor of a strike. A. Winifred, the organizers, and their striking allies voted 100 guards armed with Winchester's property inside of the homes of the miners. They did no business.

MRS. DRYSDALE WAS KILLED.
 And Mrs. Brown Was Badly Hurt as the Result of an Accident on Saturday Evening.
 Arriprior, July 17.—This evening Mrs. Drysdale and her son were out driving in the country, when the horse took fright at a passing train and bolted. Mrs. Drysdale was thrown out and killed.

Mrs. Brown Badly Hurt.
 Colborne, Ont., July 17.—A serious runaway accident happened here this evening. While Capt. W. W. Brown and wife were driving from town to their home on a bolt in the whitest of the street, coming in contact with the telegraph pole, they were both thrown. Mrs. Brown was seriously injured, but the Captain came off with only a bad shaking up.

A PIONEER'S STORY.

Following an Attack of LaGrippe He Suffered Day and Night for Four Years—A Well Known Cityman Endorses His Statements.
 From The Record, Windsor.
 Among the residents of Kingsville, Ont., none is held in higher esteem than Mr. James Lovelace, who is known not only in town, but to many throughout Essex county. When a correspondent of The Record called upon him and asked him to verify certain statements as to his cure from a painful malady after several years of suffering, he cheerfully did so. Mr. Lovelace said: Four years ago I had a bad attack of la grippe, which left me with a severe pain in the pit of the stomach. After trying household remedies and getting no relief I consulted a doctor, but after a long treatment, which did not help me, I became discouraged and concluded there was no relief for me. I had heard of Dr. Williams' Pink Pills for Pale People, and I bought a box. At times it was so bad that I had to give up my work. I bought a box of Dr. Williams' Pink Pills, and perhaps as much out of curiosity as with any hope that I would be helped. I followed the directions carefully, and by the time the box was finished I was surprised to find myself getting better. I could not understand how, after all the medicine I had previously had, I should be helped. Dr. Williams' Pink Pills should help me. I now cheerfully continued their use, and by the time the box had left me and I felt as well as ever I had done in my life. Today I am as well as ever, and I believe there is no man of my age in Essex county who can stand a harder day's work. I am now a member of the Baptist minister at Kingsville, and I have known Mr. James Lovelace for the past thirty years. I have seen him in all the ailments made by him to be strictly true. I might just as well have been greatly benefited myself by the use of Dr. Williams' Pink Pills.

 We will accept neither time nor money to keep our guests waiting. In every respect, our aim is to command a respectable trade in a straightforward, honest, and reliable manner. John Kennedy, late of Orillia, and James Gaudaur, Champion of the World, are in charge.

These Consular Appointments Confirmed.
 Washington, D.C., July 17.—The Senate to-day confirmed these nominations: To be Consul of the United States—E. Ford of Maine, at Yarmouth, N.S.; William W. Henry of Vermont, at Quebec, Canada; H. H. Mitchell, at Hamilton, Ontario; Stephen N. B. Delmar, J. Van of Vermont, at Charlottetown, P.E.I.; James M. Merritt, here late Friday night, at Grenville, Quebec; James W. Prescott, at St. John's, Nfld.; William L. Sewell of Ohio, at Toronto, Ont.

The Avenger Upheld.
 Lexington, Ky., July 17.—City Judge Gray said today in his decision that the Avenger for killing his wife's lover, Thomas H. Merritt, here late Friday night, was not guilty. The court held that the action of the man who avenges domestic violence is not a crime, and his life and his honor are not to be sacrificed to the destroyer, after all, must be determined by the jury. The humane and human nature will excuse the man who so avenges.

Highlanders' Reception.
 The last meeting of the Highlanders' Reception Committee was held at the Queen's Hotel to-night at 8 o'clock. All the members of the committee were present, and all accounts will be presented and the business of the committee wound up.

Up in the bow they were not so hilarious; girls lay with the utmost frankness in their lovers' arms, or rested their heads on his shoulder. The boys were in their best coat sleeve encircled the light dress waist; the moon, which by this time flooded all the lake, being no doubt, responsible for this public exhibition of sentiment and modesty.
