George Fordham and Mr. Bowes. The late Mr. John Bowes was a peculiar personage, and though owning some 'good racehorses he rarely attended a meeting to see his animals run. Indeed, it is related for the 20 odd years that Fordham rode for the Whitewall Stable, where Mh.Bowes' horses were located, he only set eyes on his employer once, and George never for-got the meeting to the day of his death, the circumstances' around it being such as would be likely to impress themselves on the memory of any average mortal. Mr. Bowes was staunch in his support of such a fixture as Ascot, where one sees the cham-plons of every class competing in their va-rious races, and, after naving seen the tip-toppers once perform.
