Of Interest to Women

A Clever Pianiste.

Canadians will be interested in know-
ing that the sole pianist with the mas-
ter violinist, Jan Kubelick, on his Amer-
ican tour, is a French-Canadian, the
daughter of A. P. Roy, formerly organ-
ist at the Church of St. Roch, in
Quebec.
She is only nineteen years old and is
a pupil of the late Marmontel of the
Paris Conservatoire. As a girl of ten,
Miss Roy astonished Paris with her
extraordinary musical intelligence. After
two seasons of concert work, as a
prolifer, she retired for serious study
at the conservatoire, until last winter,
when she appeared at many prominent
recitals in Paris and then in New York
City.

Schools and the Home.

WASHINGTON, D.C., March 15.—At
a meeting of the advisory council and
officers of the national congress of mu-
sicians, held at the White House, at
which President Roosevelt presided, a
letter was read from Commissioner of
Education Brown, endorsing the move-
ment for which the congress had stood
from the beginning, looking for the
use of public school buildings for exten-
sion purposes to accomplish an exten-
sion of the influence of schools in the
community and at the same time to
bring about a more fruitful participa-
tion of the parents in the social life
of their children. The commissioner
said:
"It seems to be one of the ways in
which the school house can be made
a more valuable asset of the com-
munity."
The suggestion received the hearty
approval of the president and council.

A splendid prescription.
An eminent physician states that he
has used the following prescription in
his practice for a number of years and
found it very successful in the treat-
ment of Kidney, Liver, Bladder and
all urinary affections and is unsur-
passed for the cure of rheumatism,
driving the uric acid entirely from
the system. He claims that a very
few doses will relieve the most severe
pains in the back, arising from disor-
dered kidneys and impure blood, and
being harmless may be given to chil-
dren with safety. The prescription is
one ounce of sweet spirits of nitre,
the ounce of compound Vinosa and
four ounces of Symplicum taken in
dessertspoonful doses in water af-
ter meals and at bedtime. These in-
expensive ingredients are obtainable at
any reliable drug store.

Girl's frock—No. 6132.
Dotted challs was used for making
this pretty little dress, but linen, plique
chambray, gingham and mohair are all
serviceable and appropriate. Three
deep tucks are laid in the upper part at
the shoulders, the fullness being gath-
ered at the waist-line. The full straight
skirt is finished by a deep hem and
gathered and attached to the waist.
Velvet was used for trimming the
waist and skirt, and the hands of the
short puff sleeves. The 8-year-old size
will require 2 1/2 yards of 36-inch ma-
terial.

Girl's frock—No. 6132—sizes for 8, 7,
8, 9, 10 and 12 years.

EXPLOSION KILLS EIGHT STARTS A CONFLAGRATION

Natchez, Miss., Scene of Bad Ac-
cident—Militia Called to
Keep Order.

NATCHEZ, Miss., March 15.—Eight
persons were killed, one was severely
injured and property valued at many
thousands of dollars was wrecked Sat-
urday as the result of an explosion of
gas in the basement of a five-story
building occupied by the Natchez Drug
Co., at Main and North Union-streets,
near the business quarter.
One man fell in running from the
building and broke his neck.
The explosion tore away the rear wall
of the building, which in falling, caught
an adjoining tenement building. The
wreckage caught fire and a stiff wind
carried huge sparks to the north and
west, setting fire to 18 residences,
seven of which were destroyed.
All business has been suspended, and
the local companies of militia are on
duty.

A Gaily Case.

NIAGARA FALLS, Ont., March 15.—
There was a flutter of excitement around
the gloomy corridors of the city hall
Saturday morning.
In the magistrate's office there sat a
comely woman of 28 years, whose name
before she married James Edward Car-
penter, aged 30, of Stamford and Thor-
nton, was Mary Regina of Oak Lake,
Manitoba.
Downstairs in a cell was languishing
James Edward, and he is charged by
wife No. 1 with having on Feb. 10, 1908,
at Burlington, Vermont, taken into
himself a second wife, whose name is
Mrs. Anna Margaret Williams of
Stamford Township. Wife No. 2 did
not appear on the scene yesterday, but
had relatives present in her interest.

"GOOD MOTOR" SWINDLE BY TWO OF BIDWELLS

Chicago Jury Finds Men Guilty
After Seven Hours — Had
Organized a Company.

CHICAGO, March 15.—Benson Bid-
well and his son, Charles F., promoters
of the Bidwell Electric Company, a
"good motor" concern, were found guilty
last night of operating a confidence
game, a penitentiary offence.

Benson Bidwell is a brother of George
and Austin Bidwell, who, it is said,
defrauded the Bank of England out of
\$5,000,000. He started the electric com-
pany in 1906. He declared that he had
invented an electric motor that would
not burn out. He also asserted that he
was the inventor of the trolley car and
of the electric fan.

Investors from all parts of the Unit-
ed States answered his advertisements,
sending to the company a total of
\$225,000, according to the books of the
concern. Charles F. Bidwell, the son,
was appointed secretary and general
manager of the company. The son re-
ceived 366,000 shares of the \$2,500,000
stock of the concern.

It was alleged by the prosecution
that the Bidwells sold their private
stock in the company to persons who
thought that they were buying treas-
ury stock. This allegation was sup-
ported at the trial by Miss Ida Pal-
mer, who had been employed as an as-
sistant by Charles Bidwell. In addi-
tion to testifying against her former
employers, she turned over to the state
a secret stock book containing the
names of investors in the concern.

The state also brought forward ex-
pert electricians who declared that the
motor invented by the elder Bidwell
was impracticable.

The case, which was based on a com-
plaint brought by an investor in the
company, was brought to trial on Feb-
ruary 13. It went to the jury shortly
before noon, the verdict of guilty being
found after seven hours of delibera-
tion.

Sentence will be passed later.

TO IMPOSE ON THE PUBLIC.

Justice Anglin's Comment in Dismiss-
ing \$100,000 Suit.

Justice Anglin has dismissed the
action of J. S. Crawford, D. T.
Hughes, W. C. Kilpatrick and George
J. Cooke against Law & Company.

The suit was to recover \$100,000 dam-
ages for breach of contract in connec-
tion with the floating of a \$5,000,000
mining company to develop claims in the
Larder Lake district.

"This action," says Justice Anglin,
"is brought to recover damages from the
defendants, a firm of mining brokers,
for alleged breach by them of an agree-
ment, bearing date the 2nd May,
1907, made with the plaintiffs, a syn-
dicate of mining adventurers, for the
floating of a mining company."

The scheme disclosed by the agree-
ment has many features which indi-
cate an intention on the part of all
the parties to it to impose upon the
confidence of the public—perhaps too
readily disposed on such matters—so
much as to make it impossible for the
defendants to claim that they were acting
in good faith.

"The defendants," says the opinion, fail
because of the plaintiffs' non-com-
pliance with the condition precedent
requiring them to furnish to the de-
fendants a list of names, and must be
dismissed with costs."

FIGHT POOL WITH POOL

How Church Association Will Pro-
tect the Young Men.

OTTAWA, March 15.—The Men's
Association of St. Andrew's Presby-
terian Church, Ottawa, are about to
try an experiment that will be watch-
ed with interest.

When an application for a pool-room
license for Hintonburg was before the
board of council recently, an applica-
tion was made for a license for a pool-
room in the suburb. It was urged that
in the past, privately-run pool-
rooms had become resorts for youthful
gamblers and that their influence on
the young of the community had been
bad.

While the discussion was at its
height, Rev. Mr. Eadie, minister of the
Hintonburg Presbyterian Church,
rose and proposed a resolution to the
effect that the board of council should
insist on the importance of providing
some method of taking the young men
off the streets at Hintonburg, and sug-
gesting that the Men's Association
could devise some means of
meeting the need.

The association proposes to fix up
a hall as a club room for the young
men of Hintonburg. Games and enter-
tainments and magazines will be pro-
vided, and quite a few of these of the
association are in favor of
having a pool table. They take the
position that there is no need of a
pool table in a pool table so long as
as betting is eliminated and the con-
duct of the players properly con-
trolled.
