YONGE STREET TRAFFIC Mr. Eckardt's Suggestion Worthy of Consideration.

It is encouraging at least to find a man like Mr. A. J. H. Eekardt taking sufficient interest in the affairs a man like Mr. A. J. H. Eckardt taking sufficient interest in the affairs of the city to risk the jeers of the profane and to offer a suggestion for the common advantage. Whether the idea of reserving Yonge-street altogether for street car traffic be approved or not--and we venture to think that the creation of a promenade business street would be a much greater success than many might imagine-the fact that a man of weight and worth in the community is willing to pay a little attention to public affairs a mass thopeful indication. The blood is alkaline in chemical remany germs. Then, the blood also forms antitoxins which neutralize the poisons formed by the bacteria. A considerable amount of the said bacteria is burned up by the oxygen in the blood. Next are the alexins, which hinder the growth and development of germs, and, finally, it is one of the functions of the white corpuscies to

attack and kill the microbes, which they do by millions, and carry them away to the filters—the lymph glands. But in spite of all these powerful precautions taken by Nature to keep stroy and eliminate all blood poisons, impurities and germs, and thus pro-tect the system from invasion by itsease, it very often happens that the blood becomes so overloaded with va-

First Public Offering of Taxicab stock

E have secured and are now offering \$100,000 of the Capital Stock of Berna Motors & Taxicabs, Limited,

At \$6.00 Per Share

Capital Authorized \$500,000

Issued \$388,150

This is the first opportunity the public have had of participating in Toronto's Taxicabs, which have been operating since April, 1909, with such good results that their success is now assured.

Popularity of Taxicabs

The introduction of the Taxicab with its promptness of action, neatness of appearance and moderation in charge, considering speed, time saved, distance covered, and number of passengers carried, has been accepted so readily by the Toronto public that a steady increase of equipment has been necessary, and more cabs are yet needed to supply the

and Privacy

The discomforts caused by the incessant crowding of the street cars, and the delays and annoyances of waiting and changing cars, as contrasted with the comforts of a private conveyance with no waiting and no crowding as provided by the Taxicabs give another reason for its popularity.

In Other Cities

This also explains the large number of Taxicabs now in use in London Eng., New York, Paris and all the cities of civilization, until now there is not a city of any importance that has not installed or is not about to instal a Taxicab service, and gives a tangible reason why Toronto, which is growing rapidly, will have an increased demand for the Taxicab which will compare with that of other live
