SEAMEN RECOUNT ENEMY ATROCITIES

Why British Sailors Cannot Associate With Germans at Stockholm.

CITES HUN MURDERS

Havelock Wilson Issues Document on Some Recent Piratical Doings.

London, Aug. 14.—Havelock Wilson, ex-prince of the National Seamen's Union, in a statement prepared for the Associated Press today, gave the reasons why British seamen cannot fraternize with Germans at Stockholm, or anywhere else.
The document is an account of recent sinkings of British vessels in which German submarines fired upon open boats or otherwise savagely mistreated the hapless crews.
It was explained that no attempt had been made to make a complete list, but that examples had been selected more or less haphazardly, to illustrate the reasons for the attitude of the seamen's and firemen's union towards parleys with the enemy. The first instance picked out was the already familiar case of the British

ship Belgian Prince. The statement says: "The Belgian Prince was sunk by a submarine July 21. The lifeboats were broken up by the Germans and the survivors were thrown into the sea after being deprived of their lifebelts. Forty men were drowned."
"The British steamship Westminister was sunk December 14. The boats were severely shelled by the submarine, the captain and mate being killed."
"The British steamship Evestone was sunk February 3. The submarine's guns were turned on the boats, firing shrapnel shells, fragments of which swept both boats, killing the master, steward and three others, and seriously injuring the second officer."
"The British steamship Addah was sunk June 15. The submarine fired on the master's boat, killing eight men. After the boat had been sunk and the men were swimming about in the water, the submarine again fired shrapnel shells at them."

QUEBEC AGITATORS FILLING WAR CHEST

Anti-Conscriptionists Expect to Be Jailed, So Take Up Collection.

Montreal, Aug. 14.—"The Federation of Labor Clubs," in anticipation of some of its members being sent to prison for refusing to be conscripted into the army, took up a collection at last night's anti-conscription meeting at the corner of Atwater avenue and Alber, street.
"We are not afraid of prison," said Gideon Martel, the president. He said that because of the agitation in Quebec there has been delay in putting the conscription bill into force.
Cleo Thibault said that it will take more than two regiments to crush the French-Canadians and the French-Canadian police would not lay their hands on the French-Canadians.
"One French-Canadian is as good as fifteen blokes," he said.

CLINTON SCHOOL YARD FENCED.

STATES MUST RAISE THIRTEEN BILLIONS

Conscription of Wealth and Exemption of Workmen's Earnings Urged on Senate.

Washington, Aug. 14.—Conscription of wealth to pay for the war and the exemption of the earnings of the nation's workers are urged in a report to the senate today by three members of the finance committee, who disagree with the revenue raising methods proposed in the pending \$2,000,000,000 war tax bill.
The report, signed by Senators La Follette, Gore and Thomas of Colorado, asserts that the sum the committee bill proposes to raise is only half enough to meet governmental needs for the present fiscal year. The report says that to take care of loans to the allies and interest on bond issues this country must raise more than \$12,000,000,000 this year.
