# How best to Serve

# Every Canadian can help in the successful application of the Military Service Act

HE Military Service Act is the law of the land. It will be enforced sincerely and with firmness, but fairly. Reinforcements to be raised are limited to 100,000 men, who are being selected by the country, not by the military authority. Military control does not start until these men are chosen.

### The Men Called Can Help

The first call is for men between the ages of 20 and 34 inclusive, who were unmarried or widowers without children on July 6, 1917. All these men should go immediately before a Medical Board in this district for examination as to physical fitness. If they are not placed in the Medical Category A., their present obligation ceases. If found physically fit and placed in Category A., they should immediately after the issue of the proclamation calling out the first class, visit the nearest post office and report for service on a printed form supplied. If reasonable ground for claiming exemption exists, an exemption form may be obtained from the Postmaster and filled out. The Postmaster will forward this form to the Registrar appointed for the district, and the man seeking exemption will then be advised by mail when and where he should appear before an Exemption Board to have his case taken up.

#### The Employer's Part

Employers will find it to their advantage to see that all the men in their employ who are in the first class under the Military Service Act appear as soon as possible before a Medical Board for examination. Should an employer desire exemption for any one of his men who is found physically fit, he may seek it on the following grounds:

- (1) that the national interest demands that a man be left at his work rather than placed in military service.
- (2) that, instead of doing military service, a man should be used in work for which he has special qualifications.
- (3) that it is expedient in the national interest that instead of being employed in Military Service, he should continue to be educated or trained for any work for which he is then being educated or trained.

### Duty of Parent or Near Relative

Parents or near relatives of men in the class called may apply for their exemption on the above grounds or because of some special domestic reasons. In this, as in other cases, delay is a grave mistake.

Issued by The Military Service Counci
