HEROINE OF SEVENTEEN.

Three Enters Burning House to Rescue Children.

London, Jan. 9.—Blyth, on the Northumberland coast, has produced a heroine of 17 whose name is worthy to go down to history side by side with that of other Northumberland girls...

In the early hours of yesterday morning a fierce fire broke out in a long wooden building on the Blyth Lincs, which is known as "Happy Jocks"...

The occupant of "Happy Jocks" was John Chandler, a bathing-machine keeper in the summer, and an employee at the Hurtle Colliery during the rest of the year...

At 6 o'clock on Wednesday evening Chandler left "Happy Jocks" to go to his night-spell at the pit, and his eldest daughter, Dora, aged 17, locked up the house at 11 o'clock...

The violent barking of Chandler's dog woke Mrs. Chandler at 2 o'clock yesterday morning, and she went to see what was the matter...

Mrs. Chandler roused the other inmates, and then, with her daughter, Maggie, aged 13, and Mrs. Macgregor, fled from the home blazing house and took refuge in a bathing machine...

Dora then came running out to join her mother, and found that her seven-year-old brother, Willie, and her cousin, James Macgregor, aged nine, were not with the party...

Barfoot and clad only in her night-dress, Dora sped back to the house, now almost wrapped in flames, made her way thru the heat and blinding smoke to the little bedroom where the two children were still sleeping...

By this time the crazy wooden structure, full as it was of inflammable material, was burning furiously, but for the third time the darling girl made her way into it...

She suddenly remembered, even in that exciting moment, and almost exhausted by her previous efforts, that there was a bag of gunpowder in the burning house...

She dashed back thru the dense smoke, found the bag of gunpowder, and, still in her night-dress, ran thru the bitterly cold night to the shore and threw the powder into the sea...

A few minutes later the Blyth fire brigade arrived, but "Happy Jocks" was by that time a blazing furnace, and they could do nothing to save it.

YORK COUNTY AND SUBURBS EAST YORK CONSERVATIVES

Splendid Gathering at Annual Meeting, But Election Postponed Until Jan. 30.

Toronto Junction, Jan. 10.—The final meeting of the public school board for the year was held to-night, the following members being present: Trustees Wright, Kipping, Goeldie, McKim, Dalton and Ferguson.

The result of the recent promotion examinations was reported as follows: Reg. Tried, Passed, Annette, 238 232 233; Weston, 215 119 94; Carlton, 213 165 145; St. Clair, 88 68 51.

The treasurer presented his annual statement, showing total receipts of \$24,294.23, and disbursements of \$27,848.33, with a balance of \$27,848.33.

The Peacock Hotel, owned by Frank Watts, has been leased to Mrs. Marshall, who took possession to-day. Mr. Watts will remove to the city.

Dr. G. W. Cleland and John Paterson have been re-appointed members of the collegiate institute board by the town council.

The father of License Inspector Frank Smith died at his home in Vaughan Township yesterday.

A well-attended and interesting meeting of the Sheikhan Royal Arch Chapter, U.D., G.R.C., was held in the Masonic Hall yesterday.

The young people of St. Mark's Church presented Rev. and Mrs. R. Scarborough with silver, glass, jar and salt and pepper set last night.

The newly-elected officers of Pacific Lodge, A.O.U.W., No. 292, were installed last night by Bro. Kelly, D.D., G.M.W.

The membership of this lodge is steadily creeping up to the 200 mark, and financially as well as otherwise is in a very flourishing condition.

East Toronto.—The annual meeting of the East York Conservative Association was held to-night in Society Hall, East York.

The meeting was attended by over 100 delegates from every part of the riding, except Stouffville, and lasted from 2.30 to 5. Alfred Wood, president of the association, occupied the chair in his usual acceptable manner.

The election of officers was not proceeded with, as the opinion that every effort should be made for the successful prosecution of the campaign, it was decided to elect officers on Jan. 30.

Several interesting reports were made by John McGregor, ex-Reeve Henry Duncan, Alex. McCowan, the popular candidate, W. H. Rydal, county councillor, C. P. Lyon, vice-president of the association, Dr. Hall, V.C.; Thos. Humberstone, Newtonbrook; Capt. Burke, the attorney at the ridge; Alex. Baird, Scarborough; Robert Hazelton, Todmorden; Alex. Pringle, county councillor; and others.

Present were: John Burke, Deer Park; H. A. Nichols, Richmond Hill; William Burton, Kingswood; Stewart Smith, Thornhill; County Councillor Mitchell; William Latham, Scarborough; George Chester, Scarborough; Charles Deerpark and others.

The meeting was most harmonious. Great enthusiasm was shown. The membership was added to the extent of 25. A splendid balance was shown to be on hand. Organization work was discussed. Opinions were written large over the whole gathering.

At the public meeting in the Y.M.C.A. hall to-night the speakers were John McGregor, Alex. McCowan, C. P. Lyon, A. McMillan, Arthur Laxton and W. H. Hall. Considerable disappointment was felt at the non-appearance of G. F. Blackstock. There was a large attendance.

North Toronto.—The anniversary entertainment of the Methodist Church Sunday School was held on Monday evening, and in spite of the storm was most successful. The program was very good, and the choruses especially good.

Port Credit.—G. W. Gordon of Port Credit was a caller at the World office yesterday. He reports that on Monday three robbers—genuine red-breasts—were fluttering about him as he was cutting trees in the bush, and eating the bark from the bark. After his many years of bush life he says it is a most unusual occurrence.

NON-RESIDENTS OF TORONTO ASKS YORK'S CANDIDATE

Conservatives Give Him Unanimous Nomination and "Better Luck This Time" is Slogan.

Newmarket, Jan. 10.—(Special.)—T. Herbert Lennox, in a largely attended meeting of the Liberal-Conservatives of North York, was this afternoon unanimously nominated to contest the riding in the approaching election.

Another name was suggested, J. W. St. John, but the present candidate was extended his candid candidature for the north. The meeting was not overcharged with enthusiasm, the conditions were not such as to engender a superabundance of fervor, the town hall being almost full of artificial heat, and wearers of coon coats were much envied.

The rally was graced by the presence of many ladies. Major J. A. Allan of Newmarket proposed and Councillor J. McCollum of King Township seconded the nomination of T. Herbert Lennox, barrister, of Aurora.

In a brief address the present candidate accepted the honor, and the burden attached thereto. Twice he had essayed to carry the banner to victory, but had been unable to accomplish the desired end.

Mr. Lennox, who was not as between Mr. Widdifield, the Liberal nominee, and himself, a man of high ideals and progressive views, Hon. E. J. Davis had been driven from public life.

J. W. St. John scored the government for their failure to redress the pledges given less than two years ago. He charged the premier with being equally guilty with the wrongdoers by which conspiciencies were debauched and stolen, inasmuch as the receiver of the forests of Ontario, and by judicious methods, as in use in Germany, to restore the land.

Mr. Lennox, the candidate, is personally one of the most popular men in North York. He has been in the firm of Lennox, Lennox & Button, with offices at Aurora and Stouffville, and his legal practice is widely known.

North York has from time immemorial returned a supporter of the Liberal party to Toronto and Ontario, and the Liberal nominee, Hon. E. J. Davis carried the riding by a majority of over 400.

Mr. Lennox, a member of the legal profession, is comparatively a stranger beyond the boundaries of the town, the name of his father, the late Mr. J. W. St. John, is well known in the rural constituencies in something of an unknown factor.

AGAINST AMERICAN MONEY.—Rochester (N.Y.) Herald.—Some Canadian historians of the St. Louis position having experienced the annoyance of having their money discounted in the United States, the Canadian feels moved to introduce at the next session of the Dominion parliament a bill making it compulsory on Ottawa to pass or accept United States money.

Our skepticism as to the common sense of Washington or Ottawa does not prevent us from sympathizing with the sense of exasperation which prompts the Canadian to insist on both sides of the border in regard to the use of the respective currency.

The local option bylaw which it had been expected would be introduced, did not materialize, those seeking the bylaw being present. The striking committee made this session, which was accepted: Finance committee, Brown (chairman), Douglas, Mironow; works, Armstrong (chairman), Munton, Anderson. A bylaw was passed appointing R. Rae and H. H. Ball auditors. J. W. Whaley was re-appointed assessor at a salary of \$10 per year. Rae was appointed to the vacancy on the local board of health.

The clerk reported that the number of water-takers was 23, and he thought the additions this year would make the number 40. Councillor Brownlow said he had received complaints regarding the poor service of electric lights, and of bad snow clearing. The commissioner promised to remedy the matter.

The mayor brought up the question of the salaries of the clerk and treasurer, which were too low in comparison with the salaries of other town officials. The finance committee will report at the next meeting.

Port Credit.—G. W. Gordon of Port Credit was a caller at the World office yesterday. He reports that on Monday three robbers—genuine red-breasts—were fluttering about him as he was cutting trees in the bush, and eating the bark from the bark. After his many years of bush life he says it is a most unusual occurrence.

Committee Meeting.—A committee meeting of the Conservatives of division No. 3, Township of Markham, will be held in the Orange Hall at Brown's Corners on Friday evening, Jan. 13, 1905. Frank Bliss, chairman.

Russell is Heard From.—Montreal, Jan. 10.—David Russell was last seen by some one in the city many years ago. He was seen by Le Nationaliste that he showed a picture of Lord Strathcona for \$40,000. Mr. Russell branded the statement as a malicious lie, it is said.

"Lay on, Macduff!" cried the poulterer to the obstinate hen. "Excuse me," replied the execrable fowl. "Just now I am laying off."—Cleveland Plain Dealer.

Quite naturally retaliated. Yet no American really believes that four silver cents make less than a dollar and twelve of them happen to be Canadian.

The despatch from Montreal states that American money has always passed on this side of the boundary as freely as Canadian money, and that it is a great deal of Canadian silver in circulation to such an extent that it is no uncommon thing in changing a small bill, to receive more Canadian than American silver in change.

This condition ought to prevail throughout the country. Canada and the United States are close neighbors, having friendly trade relations, speaking the same tongue and each possessing a currency based on the decimal system.

United States money, assuredly, ought to pass current at par throughout Canada, and, claiming that recognition of our national financial soundness for our part, we ought to be willing to concede as much to our northern neighbor.

We don't believe the Montreal statement is a statement of fact, but we are not inclined to secure him if wholly unwarranted spitefulness in writing to "get back at us" in our own coin.

He will need it.—New York Commercial Advertiser.—The Marquis of Anglesby has gone to Monte Carlo and tackled the bank with a new system. We hope the marquis has plenty of money and a return ticket.

"I tell you what, George! I never before saw such a shoe polish as this 2 in 1"

ARRANGING WITH UNIVERSITY TO POPULARIZE ASTRONOMY

Royal Astronomical Society to Receive Accommodation in Return for Library and Instruments

A proposition to extend and popularize the study of astronomy at the university was announced last night by Prof. Chant in his presidential address at the annual meeting of the Royal Astronomical Society of Canada in the Canadian Institute.

"It is hoped," he said, "that an arrangement between the university and the society will be reached by which the society will be given accommodation for our meetings and our library, and the university to receive in return the use of the library and of our instruments."

Everyone I have spoken to about the matter has expressed hearty approval of the proposal. At present, details cannot be given, but I believe that an arrangement will be made which will be of great advantage to the society and to the university and to the people generally.

The society has books and instruments valued at over \$10,000. Prof. Chant, in reviewing the year of 1904 from its astronomical importance, details among its achievements the spectroscopic work of Hales, photographing layers of the sun's atmosphere below what appear to be the "Eddinger's" discoveries on the moon's changes and the ninth satellite of Saturn.
