### LARGE SHIPMENTS FROM CANADIAN OCEAN PORTS

The grain question still appears to be making in its mind of these connected with United States ports. "Syren and Shipping," in its last issue has the following comment:

"The steady increase in grain shipments from Montreal at the expense of New York and the other American ports on the Atlantic seaboard has been causing considerable alarm in business circles in these ports, and matters have come to a head, a conference having recently taken place in New York between a committee representing 25 steamship companies and the Trunk Line association. On behalf of the former, it was pointed out that while, since June 1, Montreal has sent to London alone 2,122 million bushels of wheat, not a single bushel has been shipped from New York; and the amount of wheat shipped from Montreal to Boston, Philadelphia and Baltimore was a mere 100,000 bushels all told, out of a total of 8,457,034 bushels. This state of things has arisen owing to the action of the railways serving Montreal in lowering their rates to 3.12 cents per bushel in order to compete with the water traffic from lake ports thence. The rate from these ports to American centres, on the other hand, is 4.12 cents per bushel, which accounts for all the trouble. The remedy proposed by the steamship companies is the prohibition of the carriage of wheat by rail into Montreal, but whether this drastic proposal is likely to come to anything remains to be seen. Probably the railroad companies will have something crisp to say on the subject."

### WEDDINGS

Perry, was witnessed by a number of the immediate friends of the bride and groom. The happy couple left on the 9 o'clock train for a wedding trip which they will reside at Westfield.

#### REQUESTED NOT TO SING

(Brooklyn Life.)—Recently the manager of a fashionable summer hotel received complaints from several of his best patrons that the occupant of a certain room on their floor kept them awake at nights with his incessant and night-piercing snoring. The next day the manager sought out the objectionable snorer, who happened to be a doctor of foreign renown, and acquainted with the situation.

"What I snore night!" exclaimed the doctor, bristling at this accusation. "Do you know who I am? I am Spitzler, the great German basso!"

"Well, then," rejoined the hotel manager, "kindly refrain from singing tonight."
