TOKIO (USHIGOME).

The report of Ushigome church. During this year our church in Ushigome has lost many people by their removal to other circuits. For this reason our members decreased, though we have received 13 souls. Now we have 41—men, 21 ; women, 17 ; children, 3—and many among them are not present, for they have gone to their native countries. We are earnestly praying the Lord that He will raise many good fruits in this Gospel field.

During this ecclesiastical year this mission presents no special feature. We have baptized seventeen persons, but there have been several removals and other losses, so that we are compelled to report a decrease of two. Present membership is, adults, 43 ; children, 16 ; on trial, 3 ; total, 62.

We are very thankful that, by the blessing of God upon our labors, we are able to report some degree of prosperity for the past year. Some of the lambs of the flock have grown considerably, and a number have been brought in from the desert of sin. Hence the Church is stronger in numbers, financially and spiritually. Peace and harmony prevail. All the means of grace have been well attended. The Sunday-school is flourishing. The future of this charge is very promising. The present situation of this chapel is unsuitable, because it is too secluded, and it has already become too narrow. Therefore we are preparing plans for a new building, and are seeking a more favorable site, in a more thickly populated part of Tokio. Present membership, 69 ; increase, 17.
