HAROLD SHAW A SOLDIER

Mrs. Erskine, "Edison Mether," Meets With Accident—Viol Allen With Essany Company—Gene Gauntier With Universal

Geraldine Farrar, whose differences with the management of the Metropolitan Opera House are of recent report, has had a new field of endeavor opened to her.

Harold Shaw, a popular American director who met with such success in England, has joined the cause of the alien by becoming a private in the "Wickham Volunteers" according to word received by Marc McDermott, of the Edison players.

Mrs. Wallace Erskine, the "Edison Mother" fell down the full length of the 11th stairway at Twenty-third street and third Avenue last Tuesday, sustaining painful injuries to her ankle.

Ralph Rice and his company of Vitaphone players, including Anita Stewart, 'aul Scarpion, Earle Williams and twelve others, who journeyed to Bat Cave, N. C. to take special scenes for the Vitaphone serial, "The Goddess," returned to the Brooklyn studio last week.

The Maurice Costello, Van Dyke brooks combination is again at work, Mr. Costello having given up directing to devote more attention to his characteristics. Estelle Mardo is playing the leads opposite him.

Alexander Garden, late Universal star, has been engaged by the Edison players to appear with Mary Nash in "The Broken Road" which will be staged this picture, and William H. Foster is also in the cast.

Viola Allen has been engaged by the Essany Film Company to make her initial screen appearance in "The White Sister" from the novel by F. Marion Crawford, Miss Allen met with one of her most successful receptions in the stage presentation of "The White Sister."

"The White Sister" will be one of the many series of multiple-reel features concerning which will probably be heard soon. Production of "The White Sister" will be started soon at the Essany Chicago studios.

George A. Wright went up to the studio recently with the prospect of securing a director. He was drafted to play in a picture, however, and scored so strongly that all hands declined against taking so good an actor from the ranks. Now he is playing regularly. Mr. Wright does not know whether to be latter or disappointed.

Real French tactics are being used in the World Film production of "Woman and Wife," which is being made at the Fort Lee studios.

Miss Gene Gauntier, and her director, read Jack Clark, have joined the Universal forces at the recently dedicated Universal City, near Los Angeles, Cal., and have already started on the first of their productions with that company.

Soon after the start was made on the film Miss Gauntier was taken ill, and the production was suspended until her recovery. The tale, as told in the two reels of celluloid, is one of exceptional plot, dealing with the rough-rough life of the Canadian Northwest.

The Best Remedy For Weak Backs

THAT IS WHAT JAMES FAIR SAYS OF DODD'S KIDNEY PILLS

Manitoba Man Tells Why Dodd's Kidney Pills Have Become a Household Name All Over the Western Prairies.

Melton, Man., April 9.—(Special)—Just why Dodd's Kidney Pills are so popular on the prairies is shown by the statement of Mr. James Fair, a well-known farmer, living near here.

"I was out in the field harrowing, and when I came in to get my dinner I found the fire out and everything cold for I am batching. I had a distressing pain across my kidneys at the time, and I was so discouraged I just went and threw myself on the bed.

"Then I thought of Dodd's Kidney Pills, and took some, and I felt better at once.

"Now, when I am tired out and have a pain in my back, I always look for Dodd's Kidney Pills. I must say to all who suffer from weak backs that Dodd's Kidney Pills are the best remedy in the world for them."

"Dodd's Kidney Pills are a household remedy all over the Western prairies. They not only cure sick kidneys, but many diseases that come from them, such as Rheumatism, Sciatica, Dropsy, Bright's Disease and kindred diseases.

A TRULY WONDERFUL PRODUCTION "My Official Wife," the five part Vitaphone feature at the Imperial Monday is another of that class of pictures like "Million Bids," "The Vengeance of Durand," "Shadows of the Past," etc. It is the supreme excellence of the motion picture art and the very abject of the Vitaphone-players have been selected to produce it, including Earl Williams, Harry T. Morey, Rogers Lytton, Ross Tapley, Clara Kimball Young, Mary Anderson, Louise Beaudet, and others. The story is that of a Russian ambassador and his "official" wife, a spy. The scenes are laid chiefly in Petrograd and the secret workings of the Nihilists are exposed with merciless truth. Every critic writes about this play credits it with being the most stupendous and highly dramatic production of late years, culminating with the explosion of a real yacht and the death of the chief character.

"RUNAWAY JUNE" MONDAY Empire Theatre Starts the Splendid New Serial

The splendid serial story "Runaway June" by George Randolph Chester, which is creating a furore of interest in the larger cities, will receive its initial impetus in the Empire Theatre, City Hall West Side, on Monday. The opening chapter is in two parts, as are also the succeeding chapters lasting a period of fifteen weeks. It is one of the most unique fictions ever conceived, a dramatic and exciting exposition of the stern question between husband and wife—the money question.

"Runaway June" gets her name from the fact that immediately after her wedding she disappears. It is the search for this missing bride—a paragon of fashion—that electrifies the intense interest. Numerous cities are visited, all sorts of transportation means are employed and thousands of dollars are spent in trying to locate her. A tall, handsome but rather mysterious and sinister-looking Frenchman is closest upon June's trail, but he in turn is being hounded down by the police of four nations.

The new serial will be introduced at the Empire Monday, at the Star in North End on Wednesday and at the Gaiety Theatre, Fairville, on Friday, a whole week split up among those three co-operating houses so that all may enjoy the story from the first and each succeeding week. "Runaway June" makes her bow to Bayview Canada through these enterprising little houses.

PERSONALS Alex. W. Baird, barrister, returned home last evening from Richmond, Va. He has spent the last three months in the Southern States and Bermuda and is in excellent health. He went up river this morning.

GAME TROPHIES SELL FOR LITTLE IN CAPITAL

Fredrickton, N. B., April 10.—That mounted game trophies are not so popular as some "wags" ago was evidenced today when E. H. Allen sold a large collection at auction. Moose and deer heads brought from forty cents to \$1.20, and even at this low price demand was none too keen. A Queen Anne musket sold for \$110.

A delegation of guides wanted upon Premier Clarke last evening and urged that no change be made in the date of opening and closing the game season, also that there be separate license for moose and deer for both residents and non-residents, and that it be made unlawful to shoot a moose with less than ten points. The premier promised consideration.

The guides also met F. W. Sumner, agent-general, and made some suggestions in regard to advertising New Brunswick's game resources in the old country.

GALLET AND SULLIVAN According to the account of the boat on Thursday evening between Saul Gallet of this city, and James Sullivan of Halifax, published in the Amherst Daily News, the St. John boy gave a good account of himself. It was declared a throw at the end of the twelfth round by Referee Beth McLeod. Two knock-downs were scored, one by each man. Twice Gallet had his opponent groggy and twice he himself was hard pressed. Considering that he was twenty pounds lighter than his opponent he made an excellent showing.

FOUR MARKET There was a scarcity of staple commodities in the country market this morning. Few farmers had come to the city and there was not such country produce offered. Eggs were a shade firmer bringing from twenty-two to twenty-five cents. Butter was higher ranging from thirty to thirty-four. Poultry was very scarce while meats were in good supply at fair prices.

Great business meetings are to be held throughout Italy tomorrow by members of different political parties, to urge the entry of the monarchy into the war.

A Way of Escape

Many a business man wonders as to what the outcome would be if his partner were to die. He knows in his heart that the withdrawing of that interest might impair the business permanently.

There is a way out of this difficulty through The Canada Life Partnership Protection Policy.

Under it the money to take care of the deceased partner's interest is automatically provided at the very time when it is needed. There is no other possible way in which payment at the psychological moment can be arranged.

The Canada Life has made a special study of this very important form of protection, and will gladly advise as to the best course in your case. Interesting leaflets will be mailed you on application.

POLAND IS GIVEN

FIRST INSTALMENT OF EMANCIPATION

Towns Granted Same Measure of Self-Government as Russian Municipalities—Language is Recognized

Petrograd, April 10.—A law just promulgated gives local municipal self-government to all towns in Poland, a substantial earnest of the promised emancipation.

The language question is settled on common sense lines. Correspondence with state departments, as also with public bodies, for private persons outside Poland, must be in the common language of the state, namely, Russian. Replies to letters addressed to Polish municipal departments in Russia must be in Russian.

Municipal placards and similar notifications must be in both languages in parallel. Debate in either language may be at the speaker's discretion, but the president is obliged to explain the substance of a speech if any member present announces inability to follow it. Minutes of meetings and other official proceedings must be recorded in both languages. It is provided that any case of disputed interpretation, where both languages have been used, shall be decided according to the state language, namely, Russian.

The voivie in Poland is now granted to Poland is equivalent to that enjoyed by Russian towns. Particular care has been taken to give the Jewish population of Poland, which is larger than is to be found anywhere else in the world, some degree of representation. The new law is welcomed alike by Russian and Polish organs of public opinion.
