

PROGRESS REPORT ON DISTRIBUTION

A progress report on the civic distribution system was laid before the City Council yesterday afternoon and after some discussion it was decided to ask that a report on the activities of the Commission, showing particularly how many services had been installed and the class of customers, be furnished the council every month.

The report was as follows:—
In the section of the city south of Union street, all the poles will have been erected by the end of the week, with the exception of about twenty-five poles whose locations have not as yet been definitely decided. Practically all the primary and secondary wires in this section will also be completed by the end of the week.

In the section north of Union street a number of poles have been erected, and that section should be completed about the middle of October.

In West St. John, about 80 per cent. of the poles have been erected, but no wiring has been done, as yet.

On Aug. 15 the commission took over the street lighting in the ornamental section and will be ready to take over the other street lighting in the section south of Union street within two weeks of receipt of street lighting fixtures. These were shipped from South Bend, Ind., on Aug. 9, and have been very seriously delayed in transit, but are now between Hamilton and St. John and should be here by Monday at the latest.

There has been some little delay through shortage of poles and some kinds of wire. Both wire and poles are now on hand and there should be no further delay on account of shortage of these articles. The order for wire was passed by the Civic Commission on Aug. 18, but on account of the absence from the city of some of the members of the Common Council, was not authorized by the Council until Aug. 27. This delay was the reason for the holdup on account of shortage of wire.

Over 350 meters have been installed and a number of stores are being served through the Civic System. Some bills have already been sent out and returns are coming in satisfactorily.

Ariola Face Powder
50c

For Beauty's Sake Use Ariola

Amongst all the powders you can buy, ARIOLA Face Powder stands out for the exquisitely fine texture of it, for its absolute purity, and for the wonderful way in which it remains on for hours longer. It gives a soft, refined finish to the complexion, an effect which is natural yet sophisticated, and with bewitching youthfulness. ARIOLA Face Powder is delicately scented with ARIOLA Perfume, the smart woman's favourite. Despite its superiority, ARIOLA Face Powder sells for only 50c. Every good dealer.

REPORTS ON PLANS OF THE Y. W. C. A.

Optimism was the keynote of reports submitted at a meeting of the directors of the Y. W. C. A. yesterday afternoon. Mrs. J. A. McAvity, honorary president presided.

Miss Jennie A. Fleming, general secretary, said the outlook for the future of a business girls club was bright and of a business girls club was bright

and the other clubs were adding new members. In regard to the tennis court she said many friends had contributed and Commissioner Wigmore had offered play for the surface. It was planned to use the ground as a skating rink in winter.

The report of the Travelers Aid, submitted by Mrs. James F. Robertson, showed that 229 trains and 29 boats had been met; 129 persons taken to the transient home, 123 assisted at the station, and employment found for three.

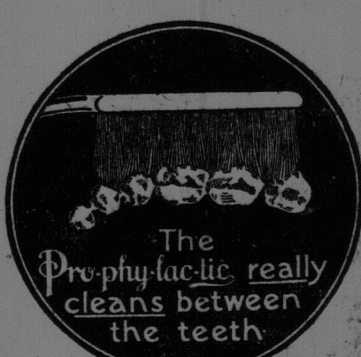

Letters read included one from Miss McKeljohn, telling of the work of the Health Centre and asking support and co-operation for its activities. Mrs. McAvity read a letter which she had received from the former president, Mrs. W. H. Lugsdin, who is now in Montreal. Mrs. Lugsdin told of her continued interest in the association and sent greetings for yesterday's meeting.

Miss McGivern gave her report as treasurer, and Miss Julia Pirie read the report of the finance committee, which had been prepared by Mrs. R. B. Travis. Mrs. A. E. Logie gave the report of the physical committee, telling of the re-opening of the gymnasium classes and referring to Miss Richards' good work as physical director. Enrollment was proceeding steadily.

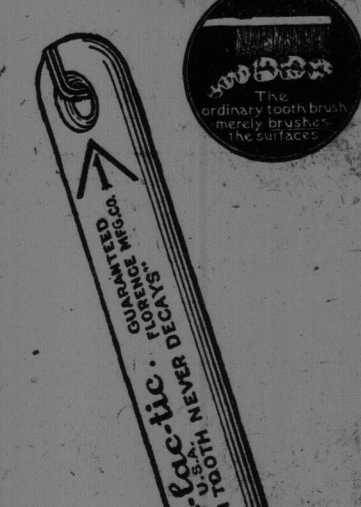

Miss Pauline E. Baird, in her report of the residence and cafeteria, said that 8,719 public meals had been served, an increase of 809 over last year's figure for August.

ELECTRIC ANGLING.

London, Sept. 19.—Electric light as an aid to sea angling is being experimented with at Sandown, Isle of Wight. A London merchant resident there takes an accumulator with him in his boat at night and lowers the light

BOYS COME OVER
TO WORK ON FARMS

Ninety-three sturdy looking youngsters, between the ages of 10 and 18 years, arrived in Ottawa last Saturday morning as the wards of St. George's Home, having come from the Old Country to take up work on farms in Canada. Nearly all the boys are of English parentage, but a number are of Irish birth. They sailed on the S. S. Montcalm, which docked at Quebec, where the young immigrants underwent physical and mental examinations, and from Quebec they went to Ottawa.

Every one of the lads, says the Ottawa Journal, looks the picture of health. They went directly to St. George's Home, Wellington street, where they were lodged over the weekend. Today and tomorrow they will be placed out on farms in Western Ontario and Quebec.

The aim of the institution that has brought them to the country is to give them a thorough training in agriculture, that they may stay on the land.

CITY BAPTIST PASTORS HOME AFTER HOLIDAYS

(Maritime Baptist.)

The pastors of the United Baptist churches of St. John and Fairville have all returned from their vacations and are taking up the work with their churches with renewed vigor because of the holiday respite.

As already mentioned, Dr. Hutchinson of Main street has returned after his European trip, looking as though he had bathed anew in the fountain of perpetual youth.

Dr. Poole of Germain street spent the latter part of his holiday in and around Yarmouth, going from there to Wolfville to attend the convention, and is again at his post.

Rev. C. R. Freeman enjoyed an auto trip through parts of Nova Scotia and also attended the convention.

Rev. W. A. Robbins spent the vacation camping along the St. John river, but returned to his church to preach on Sundays, scarcely a fair vacation. With Mrs. Robbins he was at the convention.

Rev. J. A. Sweetnam made some pilgrimages during August up the St. John river and as far as Lockport, N. S.

Rev. A. L. Tedford was absent from the city only about two weeks and has had his hand well upon the work of his church during the summer.

Rev. C. T. Clark of Fairville spent his holiday partly at Chance Harbor, where his family were for the summer. We think also that the lakes with their speckled beauties had some attractions for him.

Rev. James Dunlop of the Central Church returned from Montreal and Toronto in time to take up his work on Sunday, September 2. He went to Wolfville on Monday of last week to place his daughter in Acadia Seminary for the excellent training given there.

Rev. H. H. Titus, who has been acting-pastor of the Victoria Street Church during the summer, has concluded his work there and returned to Rochester Theological Seminary for post-graduate work during the coming year.

Meantime Lic. C. F. Allaby is supplying Victoria Street Church until the coming of the new pastor, Rev. G. B. MacDonald, who is expected about October 1.

All these pastors, except Dr. Hutchinson and Mr. Dunlop were at convention. The churches of St. John and Fairville are thus all supplied with efficient pastors and with the hearty support of the churches the work should be carried vigorously forward. The work at Germain street and at the Central Church will be handicapped for some weeks yet on account of extensive improvements being made to both auditoriums which are not yet complete at either church.

Rev. J. H. MacDonald, D. D., professor of church history and biblical English in Acadia University, was the preacher at Germain Street Church on last Sunday in the absence of Dr. S. S. Poole, who was rendering service at Queenstown, N. B. Dr. MacDonald is a welcome visitor and a favorite preacher at Germain street. His services were highly appreciated on this occasion.

Miss Rosamond Archibald, M. A., of the department of English in Acadia Seminary, has been granted leave of absence for the first term in order to give her an opportunity to promulgate and establish her new method of teaching correct grammatical forms. The third edition of her textbook, "The King's English Drill," will soon go to press. Miss Archibald has had enquiries from every part of the English speaking world about the 1923 Better English Week, which she put on in Nova Scotia, and she now has plans for an all-Canada 1924 drive. During the fall Miss Archibald will lecture in various towns and villages in the Maritime Provinces in her effort to popularize her method of teaching. When educators in the United States, Ontario and Western Canada are interested themselves in this educational reform, the people of our provinces will do well to test its worth.

Mother knows by the Feel

PUT a knitted garment of any kind in front of mother and she can tell you the quality of it with her eyes shut.

She has known Dods-Knit Underwear for fifty years.

Dods-Knit White Fleece, Ribbed or Plain, for ladies, she says, is the softest and fleeciest and most washable fleece-lined underwear on the market.

When she wants something extra soft and warm for the "boys" working outdoors she gets Dods' double-knit fleece—"Number 65," the dealers call it.

Dods-Knit 100% Pure Wool Underwear—Scotch Knit for men and boys, and Dods' Elastic Knit, the heavy weight, for outdoor men—she knows of old. If there's anything mother likes it's good wool.

Dods-Knit Natural Wool is a fine, smooth weave of light weight, very suitable for indoor workers.

Men, youths and boys, whose skin is supersensitive to wool, will find Dods-Knit Random Fleece very comfortable and quite reliable, mother says. If it is washed properly, without rubbing, the fleece will stay soft and fleecy as long as the garment lasts.

Ask your dealer for Dods-Knit Underwear by name in the quality you prefer. The "D.-K." trade-mark on every garment identifies it as genuine Dods-Knit. Look for it.

C. C. BAND FAIR

A large number of people attended the City Cornet Band's "around the world" fair in St. Andrews rink last evening. All the games were well patronized, especially "house-house," which is making a big hit. Some additional decorative features attracted attention. The painting and the "spat-

ter" design on the large arch was the work of Edward Beck and he is receiving congratulations. Another pleasing musical programme was rendered by the members of the band.

You're not beaten if your heart still beats bravely.—Forbes Magazine (N. Y.)

Women of Middle Age

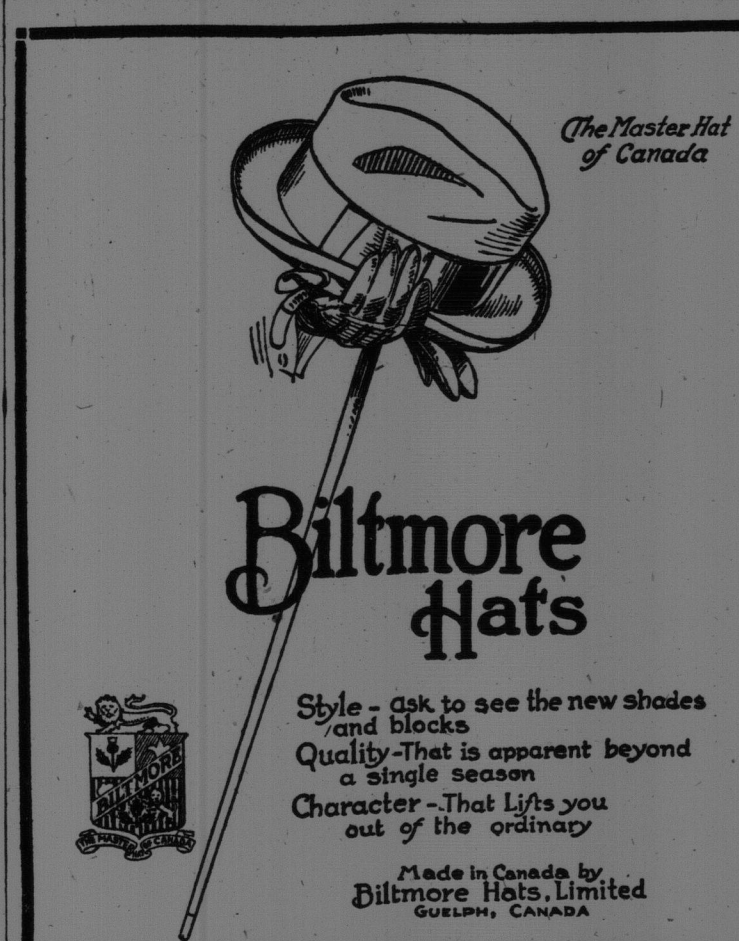

THE critical stage of a woman's life usually comes between the years of 45 and 55, and is often beset with annoying symptoms such as nervousness, irritability, melancholia, heat flashes which produce headache and dizziness, and a sense of suffocation. Guard your health carefully, for if this period be passed over safely, many years of perfect health may be enjoyed.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women through this crisis. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. It is prepared from medicinal roots and herbs, and contains no harmful drugs or narcotics. Its value is proven by many such letters as these:

Vancouver, B. C.—"Before I took your wonderful medicine I was sick and ailing all the time. I happened to be speaking to a friend and she said, 'Why don't you try Pinkham's?' I am on my fourth bottle and can truthfully say I never felt better. I had tried all kinds of medicines but none seemed to do me much good. I urgently plead with those who are sick to try it. I was always cranky and had headaches but now life is altogether different. What the Vegetable Compound has done for me it will do for others."—Mrs. T. W. PLETO, 557 Richard St., Vancouver, B.C.

Brockville, Ontario—"I took Lydia E. Pinkham's Vegetable Compound for weakness and female disorders. I was so weak at times that I could not stand up. I had been this way for nearly three years, and the different medicines I had taken had not done me any good. I found one of your little books at my door one day, and I thought I would give your medicine a trial. I am now on my fifth bottle, and it has helped me. I am feeling much better, have no weak spells and can do all my work now. I am recommending your Vegetable Compound to all I know."—Mrs. CASEY LEMERT, 176 Abbott St., Brockville, Ontario.

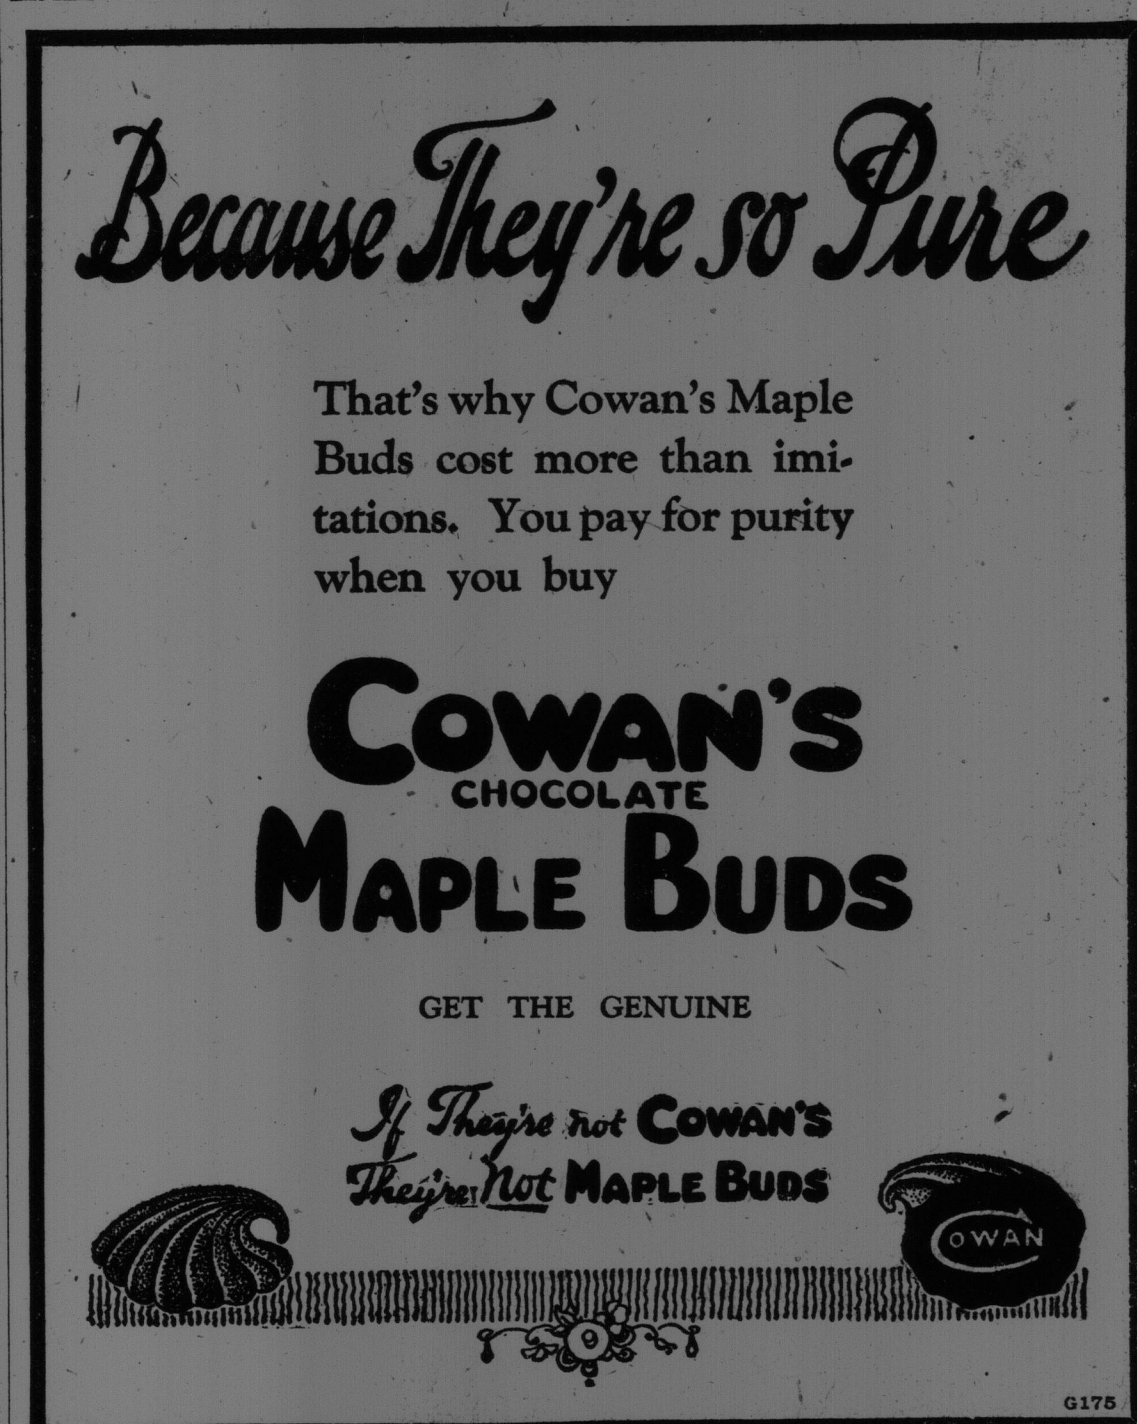

Letters like the above do influence women to try
