Zach Wheat's Hits.

Fourteen years ago Zach Wheat, bought by the Brooklyn Baseball Club from the Mobile Club of the Southern League, made his first major hit at the Polo Grounds off Otis Crandall. At the same grounds in the series with the Giants which ended Saturday he got his 3,000th safety. In fact Zach reached the 3,000 mark with two hits, one a double and the other a home run off Phil Douglas. The Brooklyn outfielder is the only player in the National League to be credited with a grand total of 3,000 hits. This is due to the lack of veterans in the present major league body. Wheat says he is on the way to surpass the record of 3,432 safe drives made by Honus Wagner in the latter's major league career of twenty-one years. Wagner played in 2,795 games in the National League and was at bat 10,489 times for a life-time batting average of .328. When Wheat made his 3,000th safety his grand average stood at .305. Including yesterday's game Zach has made 3,005 hits, has taken part in 1,790 contests, and has scored at bat 6,578 times. He has scored a total of 836 runs and stolen 183 bases.

Big Winnings. New York, June 28.—When Grey Lag added \$4,460 to the bank account of the Queens County Handicap the total earnings of the fine race reached the sum of \$78,883, surpassing the amount credited to the late lamented Old Rosebud, Kentucky Derby record holder, which won just short of \$78,000 during his useful life. With the career of Grey Lag barely under way, horsemen think the son of Star Shoot likely to become one of the outstanding money winners of American turf history.

BELGIAN POLICE DOG BACK HOME

Arrived Too Late to be of Assistance in Finding H. G. Marr.

After a day of fruitless search for Henry G. Marr, Rita, the Belgian police dog from Montreal, returned home last evening. Mr. Desgeline, her trainer, expressed regret at the failure of the trip but said that from the first he had had doubts to the dog's ability to pick up the scent. Too long had elapsed since Mr. Marr's disappearance and there had been very heavy rain. The dog is the property of Madame Nicole of Montreal and on two occasions has returned valuable service to the police in catching robbers. She is the champion Belgian police dog of America and has taken first prizes and special prizes at the Montreal Kennel Club show and also at the New York dog show. Much thanks is due Bob Ross, Montreal dog fancier who, at the request of L. McC. Ritchie, was instrumental in having the dog brought here.

BAND OF HOPE.

The annual meeting of the Band of Hope was held at Wallace's Hall, Gardners Creek, on Monday evening, June 26. The weather was favorable and there was a very good attendance of children and adults. Eight new members were enrolled. The Band of Hope is a Temperance organization for the children and is in connection with the Church of England. Members take a temperance pledge. Rev. C. W. Y. W. C. A. GIRLS OUTING.

The girls of the Indoor-Outdoor Club of the Y. W. C. A. had their weekly hike last night and there were twenty-two in the party that walked to the breakwater and picnicked there. Miss C. Littlefield was the leader and the girls had a splendid time on the shore, making a bonfire to cook their supper and sitting around it afterwards to sing songs. Some of the more venturesome went in swimming. Plans were made for a grand outing at the week-end. The girls are to go to Miss Edna Hunt's cottage at Sand Point, leaving on Friday and returning on Monday.

ADMINISTRATION PROBLEM.

Either Forbid Americans Abroad to Drink or Prohibit Travel, Says New York Writer.

To the Editor of The New York Times: An American is an American wherever he goes. He is under the protection of the flag and all that it represents. Moreover, when a passport is issued he is required to take an oath to support the Constitution of the United States, and the Eighteenth Amendment is a part of that constitution. If the constitution is to be respected at home, why not also abroad? If it is wrong for an American to drink intoxicating beverages in

New York or Oshkosh, can it be right

to do so in London or Paris? "The constitution," we are told, "follows the flag" and every American wherever he may be is under moral bonds not to discredit it. It would seem, therefore, that the government by its own action in furnishing facilities to its citizens for the procuring of liquor anywhere is morally culpable. The plea that the liquor will not be drunk on the actual premises, as it were, furnishes no extenuation. That would be to take a purely legalistic view of the matter and is destructive of the lofty idealism of our democracy.

As long as the government continues to issue passports and accepts a fee for the name, it assumes the reprehensible position of inviting its citizens, such of them at least as have the price, to betake themselves to places where they may be freed of all restrictions in the matter of indulging their appetites. This is surely un-American, since it penalizes other citizens less fortunately circumstanced who must remain within the confines of the United States. In other words, and to put the matter colloquially, the government says, "You may not lawfully drink at home, but I will give you a license for \$10 to go elsewhere and you may then, with my blessing, do as you please." The only alternative to this shameful inconsistency would seem to be an absolute refusal on the part of the government to allow any of its citizens to leave the country.

THE INTERMEDIATE LEAGUE DISPUTE

The West End Improvement League baseball team journeyed to the North End grounds last evening and took a game from the St. George's by default in the Intermediate League as the latter team did not put in an appearance. It was announced last night by P. J. Leggo, who represents the St. George's A. C., that unless the St. George's players will agree to play a portion of their games on the North End grounds they will have to disband and turn in their uniforms to the club. He said that the club was determined to stand for square sportsmanship and since the Portlands had played on the west side for several years when they had no grounds of their own the St. George's A. C. considered that they were entitled to a reasonable share of the games on the North End grounds now since they had their own field. He said that he hoped that the members of the St. George's Intermediate team would see the matter in the right light even yet and agree to do the sportsmanlike thing.
