WORK FOR BOYS IN NEW BRUNSWICK IS FLOURISHING

Provincial Advisory Committee Finds Conditions Most Encouraging

The annual meeting of the New Brunswick provincial advisory committee of the Y. M. C. A. on boys' work met yesterday afternoon in the Y. M. C. A. building with the retiring president, Rev. R. Taylor McKim, in the chair, and the largest gathering of members ever known in the history of the committee present.

The report of the executive committee showed the work throughout the province to be in a most flourishing condition. The work is being carried on from eighteen centres and all showed real progress. The financial statement presented showed all bills paid and a small balance carried over.

The officers elected for the coming year were as follows: president, Rev. A. S. Bishop; vice-president, A. R. Crookshank; treasurer, A. M. Gregg; members of the executive, Rev. R. T. McKim, J. E. Angeline, A. H. Chapman; convenors of committees: conferences, Rev. E. P. McKim; summer training camp, Rev. A. S. Bishop; finances, H. Usher Miller; athletics, A. R. Crookshank; special campaign, J. E. Angeline.

Y. M. C. I. BOYS ENTERTAINMENT.

The boys of the Y. M. C. I. gave a very pleasing and successful entertainment last evening at their hall, Cliff street. They started with a floor drill and relay race and, after they had all had showers, the real entertainment started, consisting of an overture by the orchestra, solo by Joseph Moore, recitation by Edmund Wall, piccolo solo by

Thomas Began, solo by Arthur Burns, recitation by John Stevens, piano solo by Phillip Dacey and a solo by Cyril Moore. Judge Ritchie addressed the audience and complimented the boys on their excellent performance. All those taking part in the entertainment, with the exception of the police magistrate, were thirteen years old or under. Mrs. Alexander McMillan was the accompanist and the committee in charge was Gerrit O'Neill, John Mooney, P. Killen, E. A. Wall, W. J. Magee and L. O'Neill. Joseph McNaughton presided. The boys are trying to get Prof. Taylor, the virtuoso, to perform at their meeting next Friday.

Had to Go to Bed Headaches So Bad Milburn's Laxa-Liver Pills Made Her Well

When your liver gets sluggish and inactive, your whole health suffers. Your bowels become constipated, your head aches, your tongue is coated, breath bad, specks float before the eyes, you are bilious, have heartburn, water-brash, pain under right shoulder, muddy and brown spotted complexion, etc.

Help the liver to resume its proper function by removing the bile that is circulating in the blood and poisoning the system.

Mrs. E. Bainbridge, 20 Maple Ave., Amherst, N. S., writes:—I take pleasure in writing you of the good I received by using Milburn's Laxa-Liver Pills for headaches. I was so led I had to go to bed, and could not sit up. A friend told me about your wonderful medicine, and two vials have made me as well as I can be.

Milburn's Laxa-Liver Pills are small and easy to take, do not grip, weaken or sicken and do not leave any bad after-effects. Price 25c, a trial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The Freight Handlers' Union met last evening but nothing of any importance took place, as the men feel they can take no action of any sort until the conciliation board has met and made known its findings. Routine business was transacted by Edmund Wall, piccolo solo by

ST. MONICA'S HONORS TWO OF OFFICERS

St. Monica's Society met last evening at the residence of Mrs. H. C. Groat and highly honored two of its officers in appreciation of their excellent and untiring services. Miss Amelia Haley, the retiring secretary, received a beautiful bouquet of white chrysanthemums tied with pretty ribbons and a handsome gift. Mrs. D. C. Dearden, in a charmingly worded address, spoke of the sorrow of the society that Miss Haley was retiring from office and highly commended her work during her seven years of secretaryship. Mrs. D. P. Chisholm, the president, was also made the recipient of a special gift and also a bouquet of carnations tied with ribbon. Mrs. A. C. D. Wilson read the address which spoke of the society's appreciation of the splendid work of its president. Though arrangements were completed for the distribution of the Christmas baskets the greater part of the evening was devoted to social enjoyment. The guests numbered about 150 and all were delighted with the programme of music which made the evening pass very quickly. Refreshments were served, Mrs. A. J. Mulcahy and Mrs. Joseph Hildebrand poured the tea and coffee and many of the

young ladies assisting with the serving. A hearty vote of thanks was extended to Mrs. Groat for her hospitality, on the motion of Mrs. Richard O'Brien, seconded by Mrs. Bohan.

A very interesting talk was given last night in the Y. M. C. A. to the Trail Rangers Club, by Duncan McIntosh, chief steward of the C. P. O. S. Pre-

Fair dealings, good citizenship, progressive policies are the basic principles of modern telephone management, and in these things the New Brunswick Telephone Company keeps well ahead of the times.

The Great Problems Of Reconstruction

With the return of Canada to Peace the telephone systems of the Dominion are faced with an enormous programme of new construction and delayed maintenance, and in these important matters the New Brunswick Telephone Company has to assume its full share of responsibility.

Reserve equipment normally maintained and necessary to give prompt connection to new subscribers was entirely used up through war conditions, and the accumulated growth of population, together with the after-the-war expansion of business so noticeable on every side, have made telephone demands almost overwhelming.

Only by hitherto unheard of extensions can the existing excess burden of traffic be met and the requirement of the future be provided for. It has taken a large expenditure to enable the Telephone Company to live up to its obligations in the matter of extensions at war prices, and it will take still greater expenditures to meet the growing demand for long distance service which our geographical position and increasing business relations with the rest of the continent necessitate.

Extensions which cared merely for immediate demands would be not only uneconomical but would also call for constant work that would frequently be detrimental to the service. Thus the Telephone Company must plan its work far ahead and its policy must necessarily be founded upon accurately prepared estimates of what the future has in store for each community affected. During the war scarcity of men and materials and the great increase of cost in doing the work necessitated the passing over of a great proportion of the Company's maintenance work. After-war conditions have not reduced costs, so this work can now no longer be delayed because of excessive cost, but must be carried out in the face of this condition. Upon the important task of the preparation of this Company's development policy and the expenditure of large sums of money on delayed maintenance eminent engineering specialists and the Company's executive officers have for some time been engrossed.

Meanwhile construction is being pushed to the limit of men and materials; much has been accomplished this year and every effort is being made to get back to normal pre-war excellence of operation—a task which the whole-hearted co-operation and support of the people of this Province will make easier.
