OBITUARY

Mrs. G. K. Prescott
After a lingering illness, Mrs. G. K. Prescott, daughter of the late John Berryman, of this city, and sister of Dr. D. E. Berryman, passed away at her residence, 19 Coburg street, last evening. Mrs. Prescott is survived by two sisters, Mrs. Reed, wife of Dr. Reed, of Boston, and Mrs. Berryman, of this city, and three brothers, Frederick, of San Francisco; Campbell G., of Honduras; and Dr. D. E. Berryman, of St. John.

Mrs. L. H. Cohoon
Halifax, N. S., Aug. 13.—About ten years ago L. H. Cohoon, of Sydney (N.S.), while in Middleton (N.S.), died of pneumonia. This week Mrs. Cohoon and daughter, Adah, were there to attend the wedding of Miss Hazel Chute. Yesterday morning, while at the house of J. H. Potter, Middleton, Mrs. Cohoon with the least warning dropped dead. A son, Gordon Cohoon, is a commercial traveler of Montreal.

Mrs. John Garrett
Mrs. John Garrett passed away on Saturday at her residence, 105 Erin street, having lost her husband and one daughter, Mrs. R. Talbot. She is also survived by two brothers, William and Richard Hall, of Boston; and three sisters, Mrs. John Pratt, Mrs. Thomas Ambrose, and Mrs. Samuel Ambrose, all of Boston. The funeral will take place this morning from her late residence.

Thomas Shaw
The oldest citizen of St. John passed away on Saturday when Thomas Shaw, a native of England, died in this city in his 106th year. Mr. Shaw was born in Horncastle, Lincolnshire, England, in 1806, and just done." This poor fellow could work and save, but he had not had even a kindergarten education in finance, else his story would have been different. He had never given a thought to interest, and so was absolutely ignorant of growth through compound interest, and, of course, had never heard of that wonderful process of accumulation known as "progressive compound interest."

THAT ACHING BACK

Will Promptly Get Well If You Help It a Little.

Father Morricey's medical researches led him to evolve, out of Nature's laboratory, a Liniment of remarkable curative power. It had the merits of other prescriptions of the kind, without their disadvantages, and contained other ingredients with unique value in bodily ills. The good priest-physician prescribed it for many kinds of aches and pains with most gratifying results, and after his death it continues to relieve and cure suffering.

In cases of backache to kidney trouble it is efficacious as a supplement to Father Morricey's Liniment. It is indispensable in rheumatism, sprains, bruises and many similar afflictions. Taken with the Chung Tonic, it cures all ailments of the chest.

The Liniment is clear, has an agreeable smell, and when rubbed in goes to the seat of the trouble and promptly gives relief. Nothing more widely useful has ever been compounded. Keep it in the house.

Ask your druggist to-day for a 25c. bottle of Father Morricey's Liniment, or get it from Father Morricey Medicine Co., Ltd., Montreal, Que.

COURTENAY BAY HARBOR WORKS TENDERED FOR

Three Great British Firms Make Necessary Deposit of Half Million Dollars—Government Engineers Now Examining The Tenders—Hope to Begin Work This Fall

Ottawa, Aug. 12.—Hon. Dr. Pugsley returned from St. John today for the purpose of giving his immediate attention to the tenders, which have been received for the great Courtenay Bay harbor and dry dock work.

The department of public works, during the summer, prepared comprehensive plans for turning Courtenay Bay into a great modern harbor by dredging out an entrance and basin and what sites and providing for the construction of wharves as well as a breakwater to give shelter and a dry dock with shipbuilding yards.

The plans were approved by the government, on the recommendation of Dr. Pugsley, and the conviction that the completion of the National Transcontinental Railway will so increase the growing business of the port of St. John, that no time should be lost in providing facilities for the trade.

The work will cost millions. The construction firms of the world were invited to tender, and offers have been received from three of the largest concerns in Great Britain. The companies which have made bids for this work are: Sir John Jackson, Ltd.; Sir Westman Pearson, Ltd.; and Norton & Co., Ltd.

Each has carried out great works in many parts of the world and each in this case has deposited with the department \$500,000 as a pledge of good faith.

Tenders have been opened but until the engineers of the public works department have figured them out it is impossible to say which is the lowest and therefore the one to be accepted.

The tenders are now in the hands of the engineers, and they are busy upon them. Their report will be made at the earliest possible moment. As soon as this is done the government will be advised which is the lowest tender, a contract will be signed between the government and the successful firm and the work will then be commenced at once. It will likely be under way this fall.

MANY CONSERVATIVES FAVOR RECIPROCITY

Toronto, Aug. 13.—Hon. George P. Graham, minister of agriculture, came up from Montreal Saturday. Your correspondent was fortunate enough to have a word with him.

"Have you anything of serious import or interesting interest to tell me?" he was asked.

"Everything is going remarkably well," that's all," replied Mr. Graham. "I am surprised at the number of Conservatives we are winning over. I'm not joking. I run across them wherever I go."

"Reciprocity is hard to resist?" was suggested.

"They can't resist it," declared Mr. Graham. "The Conservative campaign is on the loyalty side. They are uneasy. They warn the farmers quietly that though reciprocity may look all right it has a horrible effect on the soil."

Frederick, N. B., Aug. 13.—An election were held in York county tomorrow, with reciprocity the sole issue, there would be no doubt of the result.

Scores of life-long Conservatives have stated that they are in favor of the agreement with the United States. Some of them are ardent enough supporters to have signed the petition for the reciprocity candidate, and there are others who, certain that it will be carried in Canada at large, are uneasy, they do not know how far this reciprocity will go. They see their local leaders hesitating, they hear, with dismay, of the opinions in favor of reciprocity of such powerful supporters, as Ex-Warden John McKenna, New Brunswick, ex-Alderman Walter Boyce, a large exporter of farm produce, who, by the way, is one of the Conservatives.

Then there are Frank Clements, of Kingsclear, one of the well known firm of Clements Bros., potato exporters, who is an ardent reciprocity man; Robert Scott, the lumberman, and formerly a large farmer; ex-Councillor Stanley Dougan, of Stanley parish, lumberman and merchant, who has thirty acres planted with potatoes; Count Taylor, C. Dougan, of Kingsclear, who is perhaps one of the biggest and most successful farmers in York county; Howard Rogers, a large potato grower, who is also among those who are strongly in favor of the new agreement.

Organized farmers arrived in town Saturday evening and had a conference in regard to arrangements and date of the Liberal convention. President Edward Moore, of York County Liberal Association will call the Liberals together in convention next Saturday, August 19, at 2 o'clock in the afternoon, in the Pitts building, when a candidate will be named in opposition to Mr. Crockett and in favor of reciprocity.

FOR SKIN IRRITATION

I Guarantee Relief. Your Money Back if Not Satisfied

I have an ointment possessing extraordinary power to permanently relieve all forms of eczema, skin eruptions, pimples, blotches, ringworm, acne, tetter, scalp scurf, itches, all forms of itching and irritation caused by insect bites. Its power to soothe ulcers, sores and wounds is very pronounced.

I am so positive that Eczeal Eczema Ointment is unequalled for relieving these ailments that I will not only give you anything you want in every way to give satisfaction, I exact no price and in no way obligate the purchaser. You must admit that I could not afford to make such a broad liberal guarantee, except I am certain I could substantiate my claim.

Recall Eczema Ointment is a grayish white, pleasant smelling, antiseptic, cooling healing salve that is strongly germicidal. It destroys the germs that penetrate the skin and cause eczema and other tormenting ailments. A remedy must do this to be effective for any other way can such diseases be overcome.

Recall Eczema Ointment is ideal for the treatment of eczema, ringworm, tetter, itching, for barber's itch, and for sore, children, feet.

It is positively the best remedy I know of, and I urge you to try it at my risk. Two sizes, 50c. and \$1.00.—The Recall Store, Chas. R. Watson, 100 King Street.

STEAM KISSED ORANGES

(Dietetic and Hygienic Gazette)

The final ripening process in the preparation of California oranges for the market is the exposure of the fruit to steam which imparts the golden yellow color described on the labels by "sun kissed" and other appetizing terms. Electric heat is employed to a large extent in producing this steam vapor, electric immersion coils in open tanks of water in the ripening rooms producing the warm humidity required to give the final tint to the orange of commerce.

MINISTER OF PUBLIC WORKS AT CONVENTION IN ST. STEPHEN TODAY

Queens-Sunbury Liberals to Choose Candidate on Thursday—Young Liberals to Meet Tonight

The Liberals of Charlotte county will meet in convention in St. Stephen at 8 o'clock this afternoon to nominate their candidate for the election of September 21. A feature of the day will be an address by Hon. Wm. Pugsley, minister of public works, who is expected to arrive from Ottawa during the day.

On Thursday afternoon at 2 o'clock the Queens-Sunbury Liberals will meet in convention in Gagetown and will choose their standard bearer in the contest. There will be a series of addresses. On that day and at the same place a picnic will be held under the direction of Col. H. H. McLean and will be followed by a series of others as follows:

Friday, August 18, at Shannon.

Saturday, August 19, at C. C. Co.

Sunday, August 20, at Newcastle.

Tuesday, August 22, at Young's Cove.

Wednesday, August 23, at Jernigan.

Thursday, August 24, at Sheffield.

Friday, August 25, at Oromocto.

Saturday, August 26, at Wascott.

From all parts of the constituency come reports of the popularity of the reciprocity agreement and assurances of a decisive Liberal victory.

The Liberals of the parish of Greenwich met on Saturday night in the Foresters hall to organize for the campaign. Captain Bestman occupied the chair. Foresters were made by Harry Gilbert, of Robb's, and E. H. McLaughlin, of St. John, after which committees were appointed.

A meeting of the Young Liberals Club of St. John to elect sixteen representatives on the executive committee, will be held in Spencer's Hall, 74 Germain street, this evening at 7.30 o'clock sharp.

AMUSEMENTS IN ST. JOHN: WHAT THE PLAYHOUSES OFFER

THE OPERA HOUSE.

One of the principal dramatic attractions of the current season will be the appearance of "The Old Crow Road" at the Opera House next Thursday, Friday and Saturday, by Arthur C. Alton's excellent company of players. It is a story of early settlement in the West, and tells of the adventures of a young man who comes to the West to seek his fortune. The play is a splendid opportunity for elaborate toilet display by the feminine portion of the company, which is taken to the advantage of the patrons of St. John Opera House. The able critic of the London Telegraph openly declared that "Baby Mine" was the funniest play ever written, and Alan Dale, in the New York Americans said:—"Not a 'Baby Mine' but an adult mine of fun."

NOVEL VAUDEVILLE ATTRACTION AT LYRIC

Although the vaudeville stage claims a great many novelties, it is seldom that one of the standard of Villa Marguerite, which will be featured at the Lyric Theatre Monday, Tuesday and Wednesday, is announced as a novelty. The three reels of pictures in the Lyric Theatre, which are many. The life-like manipulation of the "actors" is an undisputed stronghold of attraction. The three reels of pictures lay claim to having an abundance of comic and dramatic situations.

SENSATIONAL STORY OF THE SEA AT UNIQUE

A drama of the good old-fashioned type, told in a different and new manner is the latest effort of the Thalhousen Picture Co. entitled, "The Coffin Ship." The story is as always fascinating, and this one is no exception. Thrilling in the extreme, astounding in exciting climax, and cleverly interpreted by a capable cast, this feature which the Unique management takes pleasure in presenting today should prove very interesting. Our friend, Bobby takes a leading part in fast playing comedy. "Bobby and Butterflies" which is a plot being a very different from most photo plays. The weekly budget of World news contains the visit of King George the Fifth to Norwich. Miss Gertrude Mann, who has surely won popular approval, will be heard in a dainty number, entitled "Jamie Dear."

THE GEM

A new singer makes his appearance at the Gem Theatre today. Jack Morrissey, who will be heard in popular song hits, in which he is said to have made a distinct success. The orchestra will have some new pieces. "The Gem" is a story of the west. "The Snake and the Lizard" is a Lubin drama of love and adventure on the boundless prairie. By being able to show a snake bite on the body of his rival a popular western ranchman is able to show himself the charge of murder, and wins for himself a bride. The trials and triumphs of a newspaper reporter are of various descriptions, and sometimes make in-

THE MONTREAL WITNESS HANDS ONE TO MR. AMES

(Montreal Witness).

Mr. Ames has made his political confession to his friends and it has been applauded. Mr. Ames has always represented first and foremost the protected interests, and it is these which always applaud him. He has done this honestly. He was brought up among them, has enjoyed their advantages, and has never been able to think any other way. He, of course, flatters himself that he has patriotic reasons for that attitude of stance. He is alarmed for the British connection. They all are, these protected people who have imported the American system of protection into Canada, and set up a big strong wall against British goods! He is alarmed for the British preference; bless him! He says where you have a free list there can be no preference. Was the preference the work of Mr. Ames and his friends? Did they not determine it? When the measure was inevitable did they not do their best and with some success, to emasculate it? Did not Mr. Ames constitute himself special Canadian ambassador to Great Britain and proclaim in speeches there that Canada had given the English all the preference she was going to give. Now, if Mr. Ames were a British preference, there is still abundant room for it. We can show him where it can be made a much more substantial thing than any of the duties the reciprocity agreement could possibly give it, if these remained towards the United States and were entirely removed towards Great Britain. Mr. Ames knows well enough that the free list under the agreement makes not the slightest difference to Great Britain. It may, however, be fairly claimed that it gives Great Britain a claim for increased preference. That is a claim on which we insist. But when that is proposed we shall find Mr. Ames as stoutly against it as Lord Salisbury has been against the veto bill.

BRITISH FARMING SUPREMACY

(Mark Lane Express)

A glance at a few foreign rivals will show that British supremacy in farming is not confined to the cereals. Our farmers now get over six tons of potatoes to the acre, while the French get only four. The Germans are still behind us, but they are leveling up. Beautiful, well watered France only gets 20 cwt. of hay from her meadows, where England gets 24.

MORNING LOCALS

Seven young ladies from Grand Manan and Campbell left on Saturday night for the province of Alberta where they will engage in the teaching profession.

The Knights of Pythias memorial day observance will be on Thursday, Aug. 17. Flowers will be received at the Queen's Rink all day Wednesday and on Thursday morning.

Captain Deeds, Paul Kuhring and William McLeod, an engineering party who have been working on the Shore Line, left last night for Brownville Junction to work in that section.

The city has advertised twelve building lots for sale in accordance with the recommendations of the Safety Board. The size of the lots is 50x100. The sale will be conducted at Chubb's Corner on the 29th by Auctioneer Potts.

The visiting delegates to the United Baptist Women's Missionary Convention, which opens tomorrow, will be tendered an informal reception in Lennox street Baptist church tomorrow evening by the representatives of the various city Baptist missionary societies. Mrs. D. Hutchinson, president of the United Baptist Women's Missionary Union, will receive, assisted by others.

Captain Bankhouse, of the Canadian government steamer Petrel, has reported that the cruiser Cornwall struck on an uncharted rock. The investigation, conducted by Captain Bankhouse, shows that there was but seventeen feet of water at that place. This part of Nova Scotia has not been surveyed for fifty years, and mariners express the opinion that Captain Lay and his officers should be congratulated.

Two more members of the chain gang escaped Saturday, when the men were at work on the General Public Hospital hill. They were serving a two months' term for drunkenness.

Rev. E. Estabrooks, S. J., assistant superior of the Woodstock College, Maryland, was the speaker at the 11 o'clock Mass in the cathedral yesterday. Taking his subject from the gospel for the day, he preached an eloquent sermon.

An alarm from box 231 brought the firemen to the premises of G. S. Cosman & Co., Paradise Road, Saturday afternoon. The fire caught in the roof of a shed, it is believed from a spark from a passing locomotive, and the roof of the structure and a lot of kindling were destroyed. Messrs. Cosman and Whelpley were up river at the time, and the watchman was away to his dinner. Damage to the extent of about \$400 was done, fully covered by insurance in companies represented by Wm. Thomson & Co.

T. H. Estabrooks and H. B. Schofield left last evening for Montreal in connection with the West India service. They would not say whether or not they were to interest a rival company to Pickford & Black, who had refused St. John anything better than a twenty-two day service. It is expected that there will be an announcement on their return.

HE FELL IN ACTION

They were talking of war, and the young man mentioned that one of his ancestors was killed during the revolution. "He was a brave man," said "and we are all very proud of his record."

The young woman looked pensive. "I had an uncle who was killed in the Civil War, the very first battle he ever went into," she said. "He was only a private, so he hadn't made any record."

"That was hard," said the young man. "to be shot down in his first engagement."

"He wasn't shot down," said the young woman. "He fell and broke his neck when he was running down hill. I think was a awful cruel, don't you?"

Being in society is a good deal like being in jail; it isn't, so bad after you get used to it.
