

LATEST IN LAMP SHADES

The latest craze is to have electric lamp shades designed in the shape of birds and animals, as seen in the photograph. This new fad was originated in England. The girl is seen putting the finishing touches on a beautiful colored duck.

JAPANESE LABOR TO BE REPRESENTED

Samuel Gompers of Japan is to Attend Nations League Meeting.

Tokio, June 4.—Bunji Suzuki, many times president of the Japanese Federation of Labor and known as the "Samuel Gompers of Japan," will represent Japanese labor at the International Labor Conference to be held under the auspices of the League of Nations in Geneva. Japan will send four delegates, two representing the government, one the capitalists, and one, Mr. Suzuki, organized labor. The selection of Mr. Suzuki is considered a triumph for the cause of organized labor in Japan, since he is the first labor delegate the workers themselves have been allowed to name. Hitherto the Government itself has chosen the labor delegate. This arrangement caused intense dissatisfaction in labor circles, which in previous years have refused to sanction the Government's choice in their name. The Government's delegates to the conference will be Tanaka Mayeda, Japan's representative on the labor council of the League of Nations, now at Geneva, and Kikuchi Kawarada, chief of the social affairs bureau of the Home Office. The capitalists will send Tomioka Kadosa, president of the Nagoya Chamber of Commerce.

SUN LIFE OFFICERS CONFERRED After two days' conference with delegates from all over the province, officials of the Sun Life Assurance Company of Canada left last evening. J. B. Mahon, assistant secretary, going to Montreal, and W. S. Penny, inspector of agencies, and George H. Harris, supervisor of field bureau service, both of Montreal, to New York, on business for the company. Frank J. Hodgson, manager of the local company, reported yesterday that the conference had been very successful.

Man is Entirely Surrounded By Keyholes

"My kingdom for my keys" might be the modern cry of some hard pressed monarch. When keys are lost, the average man is in a serious predicament. The house key, the desk key, the safety deposit box key, the locker key are seldom appreciated until they are misplaced. Then man realizes the value of keys, he realizes that he is entirely surrounded by keyholes.

Without the "Lost and Found" advertising in newspapers what chance would a man have of recovering a key ring or any other valuable property which he has lost? But with the Lost and Found ads the recovery of such valuables is usually a very simple proposition. An advertisement is inserted in The Times-Star and the loss is thus "bulletined" to most of the people of St. John. Articles which are lost are usually found by someone. The matter of returning the lost articles to the loser is a simple proposition of a telephone call or a letter.

Remember The Times-Star Lost and Found ads when you lose or find anything.

THINK RUNAWAYS ON ROAD HERE

Halifax, June 3.—Complications were added to the problem of the unwelcome Italian immigrants who have been held at this port for some two weeks pending findings of the Federal Board of Inquiry, by the disappearance this morning of three Italians from the party who escaped from the detention quarters on Pier 2 and are now being sought by the police. The decision of the Board was that all those not qualified to land as bona-fide farmer immigrants, might be admitted on a bond for \$1,500.
