### FRASER VALLEY ELECTRIC LINE

B. C. Company Expects to Have a  
Branch to Chilliwack Com-  
pleted by October

New Westminster, Aug. 13.—By Oc-  
tober 1st officials of the B. C. E. R.  
Co. announce that they expect to see  
their Fraser Valley branch completed  
from New Westminster to Chilliwack  
and ready for operation. The line is  
now graded and "cleared" to Hunt-  
ington and beyond, and the completion  
of sub-power stations at Clover-  
Coughlan, and Clayburn are  
awaited, when the road will be finally  
ready for operation as far as Hunt-  
ington. The work on these sub-sta-  
tions is progressing rapidly and the  
machinery is being installed as expedi-  
tiously as possible. The buildings are  
constructed of cement blocks and only  
the doors and casings will be com-  
pleted.

From Huntington the greater part  
of the grading of the line has been  
completed through the Sumas Prairie  
and the contractors, Rennie, Rennie  
and Campbell, of Vancouver, are rush-  
ing the balance of the work. A part  
of the line has been graded on the  
Coughlan side and now only a short gap of  
a few miles remained ungraded on the  
Sumas Prairie. The work across this  
prairie is heavy as the company is  
making the grade high enough to es-  
cape the danger of floods. Two ditches  
are now at work on this digging a  
deep trench on either side and placing  
the earth in the center. The grading  
is being done by the B. C. E. R. at Hun-  
tington, the workmen commencing here  
as the stations at Abbotsford and  
Clayburn are completed.

Out of Sumas Prairie another large  
sub-station is being erected by the  
company, being the last before Chilliwack  
is reached. Excavations are being  
made for this power house which  
will cost about \$30,000.

When in the next few days work  
will be started on the passenger and freight  
depot for the B. C. E. R. at Hunt-  
ington, the workmen commencing here  
as the stations at Abbotsford and  
Clayburn are completed.

CONTRACTORS MAY PAY  
FOR USE OF STREETS  
Prince Rupert Council Decides to  
Impose Nominal Charge Dur-  
ing Building Time

Prince Rupert, Aug. 12.—The city  
council has decided to charge fees from  
builders for the use of the streets dur-  
ing the time that their operations are  
in progress. On dwellings the cost  
will be \$1 for buildings up to \$1,000 in  
value, and \$2 for dwellings over that  
value. For business places the charge  
will be ten cents a day for each 25 feet  
of frontage. This is to apply only to  
planked streets.

The fees were placed at a low figure  
as to offer no obstruction to con-  
struction work, but the majority of the  
aldermen thought it wise to hold con-  
trol by such a system. There was some  
protest against it. The matter came  
up in a report from the building com-  
mittee.

Ald. McIntyre pointed out that build-  
ings were needed. It was a little con-  
trary to the council's profession not to  
improve the city by imposing this tax.  
In the case of a cement building this  
would amount to quite a sum. He did  
not believe this was the usual practice  
in other places. The streets were given  
freely for building purposes.

Ald. Mobley said that he did not  
think that any builder would be frigh-  
tened by this fee. It was a means of  
controlling the situation.

Mayor Stokes thought this would be  
a good plan. It would tend to prevent  
the obstruction of the streets for any  
long time that was necessary.

Ald. Pattullo pointed out that build-  
ings might under this make use of the  
streets claiming a right to obstruct  
them for considerable time on the  
ground that they were paying for the  
use of them.

Ald. Barrow was of the opinion that  
it would encourage building at once  
before the streets were planked.

The report was adopted.

### A NEW IDEA IN MEDICINE

Which Accounts for the Enormous  
Success of DR. A. W. CHASE'S  
NERVE FOOD.

To tear down the diseased tissues was  
the old principle of medicine. To cure  
by building up new, healthful tissues is  
the new method.

Dr. A. W. Chase's Nerve Food is a  
splendid illustration of the new method.  
It cures by increasing the quantity  
and quality of the blood, by creating  
new nerve force, and by overcoming  
weakness and disease with new vigor,  
new energy and new vitality.

The time to begin using Dr. A. W.  
Chase's Nerve Food is when strength  
leaves you and you find yourself out  
of sorts and losing heart.

It is easy then to get back to nor-  
mal condition by using this great re-  
generative treatment. The blood is en-  
riched, the nerves revitalized, new firm-  
ness and tissue is formed, and you feel  
the snap of new vigor as it is being in-  
jected into your system.

Don't wait for nervous prostration or  
paralysis, but keep the system at high  
water mark. Dr. A. W. Chase's Nerve  
Food, 50 cents a box, all dealers, or  
Zehman, Bates & Co., Toronto.

### SCIENTIST DROWNED

Dr. C. H. Shaw Believed to Have Lost  
His Life in Kinbasket Lake.

Revelstoke, Aug. 13.—News has been  
received of the probable death of Dr.  
Charles Hugh Shaw who, in company  
with two other botanists, left Revelstoke  
July 28th for a trip round the Big Bend  
on a scientific expedition. Dr. Shaw,  
who is well known here, having fre-  
quently passed through on visits north-  
west to obtain botanical specimens and his  
companions, reached Kinbasket lake  
safety. It seems that he had taken the  
other men of the party in a canoe  
across the lake on July 30th, and leav-  
ing them there essayed to return to  
camp. A strong wind got up and it is  
supposed that the canoe was capsized  
and the occupant drowned, for the  
canoe was found shortly afterwards at  
the other end of the lake, bottom up.  
The two other scientists reached Don-  
ald, bringing the news of the accident.  
The provincial police at Revelstoke and  
Golden have been notified and search  
will be made for the missing man.

### KILLED IN MINE

Cumberland, Aug. 13.—Joseph Bar-  
doni was killed by a shot at No. 7  
mine. It appears that two shots were  
being fired at the same time close  
together and now only a short gap of  
a few miles remained ungraded on the  
Sumas Prairie. The work across this  
prairie is heavy as the company is  
making the grade high enough to es-  
cape the danger of floods. Two ditches  
are now at work on this digging a  
deep trench on either side and placing  
the earth in the center. The grading  
is being done by the B. C. E. R. at Hun-  
tington, the workmen commencing here  
as the stations at Abbotsford and  
Clayburn are completed.

### BODY FOUND BY INDIANS

Nelson, Aug. 13.—The body of Martin  
Howard, deck hand on the C. P. R.  
Arrow lake steamer, who was drowned  
in July, has been recovered by Indians  
of Burton City.

### NAKUP SOON TO HAVE HOSPITAL

Steps Already Taken For Its Es-  
tablishment to Serve Arrow  
Lake District

Nelson, Aug. 13.—Nakusp will at an  
early date have a hospital to serve  
the ever-growing population of the Ar-  
row Lakes. Since the arrival of Dr.  
Mossman from the Old Country steps  
have been taken with a view of estab-  
lishing a hospital, under the auspices  
of the board of trade, and the pub-  
lic has taken a live interest. The re-  
sult is that a medical board has been  
elected and auxiliaries are being ar-  
ranged for among the various town-  
sites along the Arrow Lakes and east-  
ward up the valleys to Summit.

It is proposed to rent a suitable  
building in the first instance for a  
period of two years, by which time  
the board will feel its way toward  
the erection of a permanent building  
with a full staff of nurses. Suitable  
arrangements have been temporarily  
made among the four trained nurses  
already settled along the lakes, and a  
fully equipped hospital within three  
months will again mark the progress  
of Nakusp and the Central Arrow  
Lakes which have gone on steadily  
for some time.

### BRAKEMAN KILLED.

Vancouver, Aug. 12.—Leonard Clure,  
a C. P. R. brakeman, was killed at  
Westminster Junction, the exact man-  
ner of his death being unknown to the  
public. The train crew of which he  
was a member. It is suggested, how-  
ever, that Clure was knocked off the  
top of a freight car by the spout of  
water from a tank. The train passed over  
him, and his body was picked up on  
the track. Clure was an Englishman,  
22 years of age, and he had been in this  
country for about three years. He had  
some relatives at Yale.

### SEEKS ASSISTANCE FOR INDIAN SCHOOLS

Synod of Rupertland Will Make  
Representation to Missions-  
ary Society

(Special to the Times).

Prince Albert, Aug. 13.—After two  
days arduous work the general synod  
of Rupertland concluded its business  
yesterday, and delegates have since  
scattered over the huge area whence  
they came. The synod has been re-  
garded by those participating in its  
deliberations as one of the most im-  
portant ever held in this country, on  
account of the legislation which it en-  
acted.

It was decided to send a strong dele-  
gation to Toronto to confer with the  
Missionary Society of the Church in  
Canada regarding grants to Indian  
schools. It is desired that these be  
continued by the M. S. C. C. until such  
time as the government can arrange  
to increase its grants sufficiently to  
enable the church to discontinue its aid  
from the society. At present the  
society is discontinuing its grant,  
throwing much heavy expense on in-  
dividual dioceses.

Another item of business was a de-  
cisive action of Canon Murray and  
Dr. Speerly to start a strong evangeli-  
stic campaign in the west with a view  
to increasing interest in church work.

### REPORT ON IMMIGRATION.

London, Aug. 15.—Hugh Edward Egerton,  
professor of Colonial History in Ox-  
ford, in an introduction to the report of  
the recent immigration conference, criti-  
cises the Canadian government for cease-  
ing its bounties to societies like the Barnardo  
organization at the moment when the  
question of child immigration was be-  
coming more prominent. He maintains  
that the regulation demanding possession  
of a job is against the means of securing  
the best emigrant.

An electric elevator has been installed  
part way up the famous dome of St.  
Peter's in Rome, for the convenience of

### GENERAL CONFERENCE OF METHODIST CHURCH

(Continued from page 1.)

On the platform sat Rev. Dr. Carman,  
general superintendent of the Methodist  
church; Rev. T. E. Holling, pastor of  
the church; Rev. T. Albert Moore, sec-  
retary of the general conference; Rev.  
W. I. Shaw, D. D., principal of Mon-  
treal Methodist College; Rev. Levi  
Curtis, D. D., Newfoundland; Rev. Wm.  
Hearts, D. D., Nova Scotia.

Again the musical portion of the ser-  
vices was notable. The choir rendered  
"Blessed is the Nation Whose  
God is the Lord" in splendid style, and  
W. Galt sang "The Lord is My Light"  
in a magnificent manner. Many of  
the delegates were loud in their praise  
of the choir and organ and declared them  
to be as fine as any in the Dominion.

Rev. Solomon Cleaver, D. D., Metro-  
politan Methodist church, Toronto, and  
formerly of the Metropolitan Methodist  
church, Victoria, was the preacher,  
taking as his text Ezekiel's vision of  
the waters. The sermon was a de-  
scriptive one, beautiful in its diction  
and flowing sentences, and it was re-  
ceived with the utmost delight by the  
many old-time hearers of Dr. Cleaver  
as well as by the delegates. He drew  
a series of pictures of the source, the in-  
fluence, the direction and the destiny  
of the stream. The Christian Church  
was likened to a flowing stream and in  
each of the four respects Dr. Cleaver  
showed how Christianity was develop-  
ing the nations and blessing the world.  
He concluded a masterly sermon in a  
vein of fine optimism, dwelling on the  
increasing and growing power and ex-  
tent and influence of Christianity in  
the world.

"Let us have a part in this flowing  
stream of progress towards righteous-  
ness and God," he said in closing.

A sacramental service was held at  
the close of the service, to which a very  
large number remained.

Many Pulpits Filled.

The services yesterday in churches  
other than the Metropolitan were as  
follows:

Centennial—11 a. m., Rev. W. H.  
Hincks, D. D., of Toronto; 7:30 p. m.,  
Rev. R. P. Bowles, D. D.

Victoria West—11 a. m., Rev. G. W.  
Henderson; 7:30 p. m., Rev. J. A. Ran-  
kin, D. D., Toronto.

D. D., Toronto.

James Bay—11 a. m., Rev. J. M. Har-  
rison; 7:30 p. m., Rev. W. E. Creighton,  
D. D.

Esquimalt—11 a. m., Rev. J. C. Swit-  
zer, B. A.; 7:30 p. m., Rev. S. J. Shorey,  
D. D., Presbyterian.

First Church—11 a. m., Rev. S. G.  
Bland, D. D.; 7:30 p. m., Rev. Wm. A.  
Bracken, Irish Methodist Conference.

St. Andrew—11 a. m., Rev. S. A.  
Rose, D. D.; 7:30 p. m., Rev. A. K.  
Birks, LL. B.

St. Paul's—11 a. m., Rev. G. F. Mc-  
Cullagh; 7:30 p. m., Rev. C. W. Watch.  
Knox—11 a. m., Rev. C. L. McIrvine;  
7:30 p. m., Rev. C. S. Desrosiers.

St. Columbus—11 a. m., Rev. G. P.  
McHaffee; 7:30 p. m., Rev. Geo. Palne,  
Congregational.

First Church—11 a. m., Rev. A. C.  
Borden, D. D.; 7:30 p. m., Rev. A. J.  
Irwin, B. A., B. D.

Reformed Episcopal.

Church of Our Lord—11 a. m., Rev.  
John McLean, of Morden, Man., Ph. D.;  
7:30 p. m., Rev. P. W. Warner, of St.  
Thomas, Ont.

Baptist.

Emmanuel—11 a. m., Rev. Jabez A.  
Rogers, D. D.; 7:30 p. m., Rev. C. E.  
Bland, B. A., B. D.

This Morning's Session.

After roll-call this morning Rev. T.  
Albert Moore, D. D., was elected, as re-  
tary of the conference on the first  
ballot.

The hours of meeting were fixed at 9  
to 12:30 for the morning and 2:30 to  
5:30 for the afternoon.

The various standing committees con-  
nected with the conference assembled  
at noon for organization.

The conference is publishing a daily  
report of its proceedings, which is be-  
ing issued in connection with Vic-  
toria's Methodist journal, the Western  
Methodist Christianian, and will be edited  
by Rev. J. P. Hicks, editor of the  
Record, and will be mailed to ten each  
morning and will be mailed to those who  
desire it for half a dollar during the  
conference.

A remarkably fine collection of mis-  
sionary literature and information is  
being arranged in the spacious school-  
room of the conference church.

It is quite within the mark to say that this  
is the finest collection of such literature  
ever seen anywhere.

Rev. F. C. Stephenson, Toronto, who  
is at the head of the Young People's  
Forward Movement for Missions, is  
personally superintending the installa-  
tion of the exhibit, a detailed descrip-  
tion of which will appear in to-mor-  
row's paper.

### BRITISH DELEGATE TO GENERAL CONFERENCE

British Methodism has rarely, if ever,  
sent a more distinguished representa-  
tive to the Canadian general confer-  
ence than Rev. Henry Haigh, who is  
the official delegate appointed by the  
Westleyan church to attend the confer-  
ence.

Born in Yorkshire, the son of an  
eloquent and popular local preacher,  
he at an early age came under the in-  
fluence of those eminent Indian mis-  
sionaries, William Arthur and W. O.  
Simpson. It is not surprising, there-  
fore, that when he heard the call to  
preach the Gospel, his offer should  
be for missions, and at the close of  
his training at Richmond college he  
should be designated for India. At the  
early age of 21 he commenced a mis-  
sionary work which has been marked throug-  
out by its high spiritual tone and re-  
markable success.

During the twenty-seven crowded  
years in the East, he not only did the  
ordinary work of a missionary, but he  
established a printing press which to-  
day is one of the most important in  
India; he started a weekly vernacular  
newspaper, the "Vritanta Patrike,"  
which for more than twenty years has  
exercised an ever-growing influence  
upon the life and thought of all  
classes of the population; into a small

### TWO SUSPECTED SMUGGLERS CAUGHT

Exciting Chase in Vancouver—  
One Hundred and Thirty Tins  
of Opium Seized

Vancouver, Aug. 13.—One of the cleverest  
patrolmen on his early morning rounds  
was at the corner of Seymour and Pen-  
der streets when he was attracted by  
the movement of some parties emerg-  
ing from the alleyway that runs from  
Granville street between Danumair and  
Pender streets. Upon closer investiga-  
tion he saw that they were carrying  
two grips, the man Collins walking  
in the lead and the other man, who  
was a Chinaman, who by doubling  
back on the officer of the law, made  
good his escape.

Serjt. Macaulay, after visiting the  
patrolman on his early morning rounds  
was at the corner of Seymour and Pen-  
der streets when he was attracted by  
the movement of some parties emerg-  
ing from the alleyway that runs from  
Granville street between Danumair and  
Pender streets. Upon closer investiga-  
tion he saw that they were carrying  
two grips, the man Collins walking  
in the lead and the other man, who  
was a Chinaman, who by doubling  
back on the officer of the law, made  
good his escape.

Upon the officer's approach the trio  
became alarmed, and took to their heels  
dashing down the lane towards Rich-  
ards street, having first dropped the  
suit cases in the lane. Macaulay gave  
chase, and when he reached Richards  
street the party had broken up, so that  
another officer he fired his revolver.  
The first shot was followed  
by two more. In the meantime the of-  
ficer captured the Jap.

Constable Kindness, in response to  
the firing, arrived on the scene, and  
succeeded in holding Collins just as he  
was ascending a flight of steps in a  
block on Richards street three steps at  
a time.

Taken to the police station and  
searched Collins had on him \$4,570 hid-  
den in his socks. He gave his address  
as 519 Hamilton street. It is believed  
that he was having the opium taken  
from his room when caught.

130 tins of opium in the grips valued  
at about \$1,500.

The Jap was a boy from the Empress  
of India now lying in port.

In the police court this morning they  
were remanded until Monday.

### MUNICIPAL TELEPHONES AT PRINCE RUPERT

By Vote of 174 to 9 Citizens De-  
clare in Favor of Owning  
Own System

Prince Rupert, Aug. 13.—By a vote  
of 174 to 9 the citizens of this town  
declared in favor of municipal own-  
ership of telephones. The business men  
of Prince Rupert organized a local tele-  
phone company, which, with a special  
permit from the government of the  
province, proceeded to install a system  
which was to be offered to the city  
after incorporation. Poles have been  
erected and wires strung. Three hun-  
dred phones have already been in-  
stalled, which will be ready for use  
in the course of a few weeks upon the  
completion of the central switch  
boards. Thus authorized by the prop-  
erty holders of the town, the munic-  
ipal council will proceed immediately  
to take over the system from its pres-  
ent owners. The present system is  
valued at \$22,000, which will be aug-  
mented by an expenditure of several  
thousand dollars for an additional  
switchboard. This will then place a  
complete and up-to-date telephone  
plant at the disposal of the city, and  
will introduce municipal ownership in-  
to Prince Rupert.

### WATER OF OCEAN WAS WHITE AS ANY MILK

Curious Phenomenon Noticed by  
Master of Aurora in South  
Pacific

Port Townsend, Wash., Aug. 15.—Cap-  
tain Samuelson, of the barkentine Aurora,  
on arrival from Callao, Peru, reported to  
the branch hydrographic office that on  
the morning of June 19th, while in latitude 11  
degrees 25 minutes south, longitude 80  
degrees 48 minutes west, the lookout dis-  
covered the vessel was coming into a  
body of water as white as milk. The  
color of the milky water covered miles,  
a day's sail to pass through it. Buckets  
were lowered and the water drawn up.  
After standing an hour its artificial color  
disappeared, but no evidence could be  
found that the phenomena was due to  
submarine disturbances, nor was the  
mystery solved in any way. The affected  
area was sharply defined.

### ACCIDENTAL DEATH.

New Westminster, Aug. 11.—"Acciden-  
tal death" was the verdict returned  
by the jury empanelled by Coroner  
Pittendrig for the Inquest into the  
death of Chung-Nim, the Chinaman  
who was killed by the fall of a roll of  
linoleum at the C. P. R. freight sheds,  
C. P. R. Agent Goulet stated that it  
was not the custom to up-end the rolls  
of linoleum in the freight sheds, and  
that he was amazed when he heard  
that the Chinaman had been doing this  
when he met his death. It was usual,  
he said, to stack them lengthways and  
he did not know why the Chinese  
freight handlers had departed from  
the custom in the case.

### ACCUSED OF STEALING NOTES.

Boston, Aug. 15.—The robbery of 100,000  
roubles (about \$20,000) in government notes  
from the sub-treasury at Pilsa, Russia  
Trans-Caucasia, in 1907, is charged against  
Andrew Ruloff, who was taken before  
United States Commissioner James  
here and led for a hearing. Ruloff has  
been living for some time in Squantum,  
and is a music teacher.

### WILL NOT RESIGN.

Portland, Ore., Aug. 13.—Richard A.  
Ballinger, secretary of the interior, who  
has been tendered a resignation by the  
senate, has refused to accept it.

### Exciting Chase in Vancouver— One Hundred and Thirty Tins of Opium Seized

Vancouver, Aug. 13.—One of the cleverest  
patrolmen on his early morning rounds  
was at the corner of Seymour and Pen-  
der streets when he was attracted by  
the movement of some parties emerg-  
ing from the alleyway that runs from  
Granville street between Danumair and  
Pender streets. Upon closer investiga-  
tion he saw that they were carrying  
two grips, the man Collins walking  
in the lead and the other man, who  
was a Chinaman, who by doubling  
back on the officer of the law, made  
good his escape.

Serjt. Macaulay, after visiting the  
patrolman on his early morning rounds  
was at the corner of Seymour and Pen-  
der streets when he was attracted by  
the movement of some parties emerg-  
ing from the alleyway that runs from  
Granville street between Danumair and  
Pender streets. Upon closer investiga-  
tion he saw that they were carrying  
two grips, the man Collins walking  
in the lead and the other man, who  
was a Chinaman, who by doubling  
back on the officer of the law, made  
good his escape.

Upon the officer's approach the trio  
became alarmed, and took to their heels  
dashing down the lane towards Rich-  
ards street, having first dropped the  
suit cases in the lane. Macaulay gave  
chase, and when he reached Richards  
street the party had broken up, so that  
another officer he fired his revolver.  
The first shot was followed  
by two more. In the meantime the of-  
ficer captured the Jap.

Constable Kindness, in response to  
the firing, arrived on the scene, and  
succeeded in holding Collins just as he  
was ascending a flight of steps in a  
block on Richards street three steps at  
a time.

Taken to the police station and  
searched Collins had on him \$4,570 hid-  
den in his socks. He gave his address  
as 519 Hamilton street. It is believed  
that he was having the opium taken  
from his room when caught.

130 tins of opium in the grips valued  
at about \$1,500.

The Jap was a boy from the Empress  
of India now lying in port.

In the police court this morning they  
were remanded until Monday.

### MUNICIPAL TELEPHONES AT PRINCE RUPERT

By Vote of 174 to 9 Citizens De-  
clare in Favor of Owning  
Own System

Prince Rupert, Aug. 13.—By a vote  
of 174 to 9 the citizens of this town  
declared in favor of municipal own-  
ership of telephones. The business men  
of Prince Rupert organized a local tele-  
phone company, which, with a special  
permit from the government of the  
province, proceeded to install a system  
which was to be offered to the city  
after incorporation. Poles have been  
erected and wires strung. Three hun-  
dred phones have already been in-  
stalled, which will be ready for use  
in the course of a few weeks upon the  
completion of the central switch  
boards. Thus authorized by the prop-  
erty holders of the town, the munic-  
ipal council will proceed immediately  
to take over the system from its pres-  
ent owners. The present system is  
valued at \$22,000, which will be aug-  
mented by an expenditure of several  
thousand dollars for an additional  
switchboard. This will then place a  
complete and up-to-date telephone  
plant at the disposal of the city, and  
will introduce municipal ownership in-  
to Prince Rupert.

### WATER OF OCEAN WAS WHITE AS ANY MILK

Curious Phenomenon Noticed by  
Master of Aurora in South  
Pacific

Port Townsend, Wash., Aug. 15.—Cap-  
tain Samuelson, of the barkentine Aurora,  
on arrival from Callao, Peru, reported to  
the branch hydrographic office that on  
the morning of June 19th, while in latitude 11  
degrees 25 minutes south, longitude 80  
degrees 48 minutes west, the lookout dis-  
covered the vessel was coming into a  
body of water as white as milk. The  
color of the milky water covered miles,  
a day's sail to pass through it. Buckets  
were lowered and the water drawn up.  
After standing an hour its artificial color  
disappeared, but no evidence could be  
found that the phenomena was due to  
submarine disturbances, nor was the  
mystery solved in any way. The affected  
area was sharply defined.

### ACCIDENTAL DEATH.

New Westminster, Aug. 11.—"Acciden-  
tal death" was the verdict returned  
by the jury empanelled by Coroner  
Pittendrig for the Inquest into the  
death of Chung-Nim, the Chinaman  
who was killed by the fall of a roll of  
linoleum at the C. P. R. freight sheds,  
C. P. R. Agent Goulet stated that it  
was not the custom to up-end the rolls  
of linoleum in the freight sheds, and  
that he was amazed when he heard  
that the Chinaman had been doing this  
when he met his death. It was usual,  
he said, to stack them lengthways and  
he did not know why the Chinese  
freight handlers had departed from  
the custom in the case.

### ACCUSED OF STEALING NOTES.

Boston, Aug. 15.—The robbery of 100,000  
roubles (about \$20,000) in government notes  
from the sub-treasury at Pilsa, Russia  
Trans-Caucasia, in 1907, is charged against  
Andrew Ruloff, who was taken before  
United States Commissioner James  
here and led for a hearing. Ruloff has  
been living for some time in Squantum,  
and is a music teacher.

### WILL NOT RESIGN.

Portland, Ore., Aug. 13.—Richard A.  
Ballinger, secretary of the interior, who  
has been tendered a resignation by the  
senate, has refused to accept it.

## Your Household Needs

A glance over the Tables which we have prepared with  
Kitchen Requisites will surprise you, both as to quantity and  
price. Better drop in and save money.

PHONE 82. Cor. Broad and Yates Streets.

## "EAT OLIVES EVERY DAY"

Chevasse was a great authority upon things healthful and conducive  
to longevity; he was a great advocate for Olives. If you want a  
healthy household eat lots yourself and make the kiddies eat them, too.  
Here are some unvarnished brands.

BOHEMIAN CLUB RIPE OLIVES, per glass \$1.85 or 50¢; per tin, 75¢  
or 40¢; per gallon .....\$2.00  
C. & B. MAMMOTH QUEEN OLIVES, bottle, \$1.00 or .....50¢  
KING OLIVES, bottle, \$1.50, \$1.00 or .....75¢  
OLIVES ST
