## Veritable A Eldorado

at Wreck Bay.

An Indian's Murderous Assault on the Postmaster at Quatsino-Remarkable Experience.

Keiniar kable Experience. Work on the Wreck Bay placers, which had to be suspended during the winter season because of the stormy weather, has again started up with vigor and bigger results than ever are being obtain-ed. Gold is being abstracted from the black sands at the rate of \$400 a day, and this, too, when only two washing machines are in use. Fine weather is formed to the state leave of William H. Jenkins, who has been associated with the concern for eighteen years. For seven or eight years he has been foreman boiler maker. He leaves to take a similar position with Moran Bros., of Seattle. John Bryden, ex-M. P. P. president of the company, spile in eulogistic terms of Mr. Jenkins and presented him with a handsome gold watch and the following address: "We, the Albion Irons Works Co., Ltd., and their employees, bid farewell machines are in use. Fine weather is favoring the operations carried on, and when the next steamer arrives from when the next steamer arrives from the line weather is West Coast points there will be received his eighteen years' assiduous and careful a very substantial consignment of gold from this near by Eldorado.

The steamer Queen City, which re- the accompanying gold watch in token turned yesterday from along the coast, thereof and of good-will and best wishes reports that one day last week a new for his welfare, success and happiness record was made for the camp, in twelve in the new field upon which he is enterhours there being \$450 cleaned up. The ing. steamer brings an interesting budget of news from farther down the coast.
