ELROSS LAKE
QUEBEC AND NEWFOUNDLAND
23 1/4 EAST HALF
FIRST EDITION

Surveyed by the Topographical Survey in 1949. Compiled by the Topographical Survey in 1950 from air photographs taken in 1948. The "Quebec-Newfoundland" Boundary has not been established at date of publication. Lithographed and printed by the Army Survey Est., R.C.E., Department of National Defence, 1955. Copies may be obtained from the Map Distribution Office, Dept. of Mines and Technical Surveys, Ottawa, www.sir.canada.ca

The boundary between Quebec and Newfoundland in this area is the crest of the watershed of the rivers flowing into the Atlantic Ocean; to date of publication it has not been surveyed nor monumented.

Interim corrections 1966 - may not be as accurate as original detail

Dans cette région, la limite entre les provinces de Québec et de Terre-Neuve est constituée par la ligne de faite du bassin hydrographique des cours d'eau se jetant dans l'Atlantique; à la date de mise sous presse cette limite n'avait pas fait l'objet d'un levé ni d'un bornage.

Corrections provisoires, 1966. Ces corrections ne sont peut-être pas aussi précises que les données originales.
