DEATH OF FORMER ST. JOHN LADY.

The following is copied from a California paper recently received in this city:

Josephine McAlpine, the much beloved wife of J. Burpee McAlpine, of Pasadena, Cal., entered into rest Friday morning, June 10, 1904.

Alpine will be remembered by many in New Brunswick, Canada, her native place, as Josephine Kinnis, where she was engaged in teaching in the public schools. In 1883-4 she attended a medical college in New York city. In 1885 she gave up her medical studies to become the wife of Mr. McAlpine. In 1889 she with her family removed from New Brunswick to Vancouver, B. C., where she lived until two and a half years ago, when failing health, caused by an attack of pneumonia, compelled her to seek a change of climate. A complication of diseases set in, finally developing into consumption. She bore her illness with great patience and Christian fortitude. Her mother, now aged 79, survives her, as do also her brother, husband and five children. A woman of choice intellect and sweet spirit, Mrs. McAlpine will be greatly missed by a wide circle of friends. Her remains were laid beside those of her daughter Queenie, in the Mountain View cemetery. The funeral was conducted by Rev. Dr. Robart, pastor of the First Baptist church of Pasadena.

LOST THREE FINGERS.

Boy Badly Injured in Murray & Gregory's Mill Yesterday.

Robbie Wilson, fourteen years old, had his hands badly torn by a circular saw in Murray & Gregory's mill yesterday afternoon. The lad's fingers were almost torn to a jelly and it was necessary to amputate three of his fingers. The operation was performed by Dr. Roberts. The lad at the time of the accident was running the saw. Mr. Wilson, the father of the injured lad, told the Star this morning that he had visited the mill and looked at the saw which his son operated. He said it was an 18 inch circular saw, projecting about 6 inches above the table. It was not boxed, he said, and was consequently a dangerous one to work with. He considered that it should have been properly boxed and then the accident could not have happened.

A PLEASANT TRIP.

Phil Richford Home From a Trip

West—Saw Many Former St. John Boys.

Philip Richford, for many years clerk in the Victoria Hotel, returned yesterday from an extended trip to St. Louis and the west. Mr. Richford went as far as the coast, and would greatly pleased and in many instances impressed with the many cities he visited, is still of the opinion that St. John is good enough for him.

Mr. Richford went from here to Boston, thence to St. Louis, where he spent some days taking in the numerous attractions at the big fair. From St. Louis he went to Chicago, thence to St. Paul and Minneapolis and on to the coast, where he visited Vancouver, Victoria and Seattle. Returning, Mr. Richford stopped at Butte for several days.

"You know," said Mr. Richford, "it is many years since I had a decent trip and this time I thoroughly enjoyed myself, and no where of the many places I stopped at so well as Butte. The coast cities are splendid, and undoubtedly have great futures. There is a rush and a whirl everywhere that is exciting and must be tremendous and heart-breaking in the end. Butte I found to be an ideal city. Lots of business, plenty of money, and as nice a lot of people as one could wish to meet. Many are New Brunswickers and the most pleasant incident of my whole trip was my meeting with James Barry, formerly city editor of the Sun. It was like old times to meet him. He is now city editor of the Review Mountain, the leading newspaper of Butte, and is enjoying good health. Other St. John, St. Stephen and Fredericton boys I met were all prosperous, many were in business on their own account, while others were occupying responsible positions with the large concerns in Butte or Anaconda."

A DRUNKEN SAILOR.

Made Matters Lively for the Police Yesterday.

Magistrate Ritchie today had only two ordinary police cases to occupy his attention, the other cases before him being civil matters.

The first case was a Scotch sailor, twenty-seven years of age, who has the fault of most sailors, that of getting drunk when on land. Souter, when sober, is an orderly chap, but when intoxicated he goes in to demolish everything in sight. He received his discharge, at his own request a few days ago from his ship, the Cara May, lying at Starr's wharf, discharging coal, but returned yesterday for his clothes while in a drunken state. He chased Capt. David Christopher around the deck and made it pretty lively for everybody until the police arrived. The police found it no snap to take their man, and only landed him after a severe tussle. All the charges against him, if enforced, would bring his fines up to \$92, while others were lenient and fined him \$8.

Edward Corbet, an old offender, went to jail for ten days for drunkenness. He begged the magistrate to be easy with him, as he had a return ticket for a certain place up the line, which if he did not use he could not use at all. He went to jail.

KILLED ON THE RAILS.

Frederick Manning, a North End Boy the Victim.

Word reached the C. P. R. officials today of the finding last night of the body of a man lying by the railway track at Prince William station, about 70 miles from this city. From papers found on the man's person, it was believed that his name was Frederick Manning and that he belonged to St. John.

There are different theories as to the way in which the unfortunate man lost his life. The railway officials are of the opinion that he fell from the train.

It is generally accepted that the deceased was a son of Mrs. James Manning, of 38 Paradise row. The young man has been at Harvey for some weeks past working in a saw-mill, and it is probable that he was returning to Harvey when the fatality occurred. His widowed mother and sister are prostrate over the sad news.

Among the papers found on the body was a letter addressed to Frederick Manning, from Miss Curran, of Rockland, and dated at Harvey.

NEW PUBLIC LIBRARY.

Mayor White Holds a Meeting to Enquire into the Delay.

The library committee of the city council held a meeting at noon today. The mayor was not altogether satisfied with the speed with which the building was being completed and called the meeting to inquire into the delay. Richard O'Brien, chairman of the library commission; Architect G. Ernest Fairweather and James Myles, contractor, were also in attendance. Satisfactory reasons were assigned for the delay in finishing the library, and the council was informed that all would be in readiness within a few days. It is expected that the books from the old building will be removed to Chipman hill and the library once again in operation by September 1st.

POLICE REPORTS.

Denis McGowan, coachman, has been reported for soliciting patronage outside the stand at the Prince Rupert wharf.

Alfred L. Dodge has been reported for piling lumber on the sidewalk on south side of Queen square.

The White Candy Company have also been reported for blocking the sidewalk in front of their place with coal.

Walk the hundreds of dress-makers in this city are at least scores of good ones. A woman who has a poor dressmaker is handicapped even more than the man with bungling tailor. And once again, here we want to add, offer to her full emancipation—for they will find for her the right dress-maker.
