MOTOR BOAT RACING.

PALM BEACH, Fla., Feb. 1.-In the mile trials today in the motor boa races, the Dixie, Commodore E. J Schroeder's racer, drove the mile in 2 minutes 20 seconds, easily winning the Sir Thomas R. Dewar shield trophy and establishing a new world's record, unless the official figures, not yet computed, alter the result.

The second event, a special five mile race for the specdier boats, was won by the Dixie, the scratch boat, though the Camden racer, the Swallow, finished only a length behind the winner. The finish of this event was the best that has marked the regatta.

The third event, a consolation race, open only to boats not winning a first place in previous events, was won by the Gray Wolf, owned and driven by H. L. Willoughby, jr.

SCRIBES AND LAW STUDENTS. This afternoon at half-past four o'clock the best game of the season will be played, the contesting teams being the Newspaper Men and the Law Students. The teams have been practicing steadily, and from the remarks which have passed between several members of the teams, sanguinary encounters are sure to result. FAMOUS RACE RECALLED.

(George Carvill in Montreal Star.) George Carvill, Intercolonial ticket agent at St. John, read with interest the account given by W. A. Henry, of the 220-yard dead heat, at the Wan-

the 220-yard dead heat, at the Wanderers sports at Halifax, in 1885, but regrets that Mr. Henry did not tell of the 100-yard dash. He furnishes the Star with the following story:—

"You have heard how W. A. Henry and I ran a dead heat in the 220-yard dash at Halifax in 1885, but what I like to remember was the previous race on the same day, the 100-yards, in which Henry came out second best. I never ran a 220 in my life, excepting that race with Henry, but had been in training for the 100-yards, and was pretty good on the start. In 1885,

"The race came off on the Marsh road grounds, on the old cinder path, T. Barclay Boyd, now the oldest banking man in St. John, was starter, and Tim Lantalum one of the judges. There Tim Lantalum one of the judges. There was nothing in particular about the race here, excepting that I got the start and won by about a foot. Of course being a St. John man, the sympathy of the people was for me, but they thought I was going to be licked. "Well in the autumn, I went to Halifax to meet Henry as promised. We had to run on grass, a kind of course I had never become accustomed to, I got the start. When we got about 75 yards, I saw Henry come up to my yards, I saw Henry come up to my shoulder, but there was still a spurt left in me,and it came out to such good dvantage, that in the last 25 yards we

kept fairly even, and I crossed the tape perhaps 10 or 12 inches in the lead. "Now I had never run a 220 in my life, and never trained for anything life, and never trained for anything of the kind, but having an idea that I could do it, I entered. Some days before one of my legs had been injured in jumping. It went back on me in this race. Then again, after running about 100 yards I had to get my wind something unusual for me in the training I had done, and while I did this, Henry came up, we ran neck and neck. the 100 yards was the race I looked upon as the most important race, the one for which I had trained, and I only rops are all right.
