Hood's Pills

said: "You never know you have taken a pill till it is all over." 25c. C. I. Hood & Co., Proprietors, Lowell, Mass. The only pills to take with Hood's Sarsaparilla.

You think of Scott's Emulsion as only for those who have consumption or who have inherited a tendency to it. Almost its greatest use is for those whose condition is so impaired as not to be able to get the good they should out of their ordinary food. In nearly every case with these, Scott's Emulsion of Cod-liver Oil brings back appetite, stimulates digestion, restores color and plumpness, and controls the diseases of thinness. Book about it, free,

50 cts. and \$1.00, at all druggists.
SCOTT & BOWNE, Belleville, Ont.

D. POTTINGER,
General Manager.

Railway Office, Moncton, N. B.
10th June, 1897.

Messenger and Visitor

A Baptist Family Journal, will be sent to any address in Canada or the United States for \$1.50, payable in advance.

The Date on the address label shows the time to which the subscription is paid. When no month is stated, January is to be understood. Change of date on label is a receipt for remittance.

All Subscribers are regarded as permanent, and are expected to notify the publishers and pay arrearages if they wish to discontinue the MESSENGER AND VISITOR.

For Change of Address send both old and new address. Expect change within two weeks after request is made.

Remittances should be made by postal, or express, money orders—payable to A. H. CHIPMAN—or registered letters. Send no cheques.

All Correspondence intended for the paper should be addressed to the Editor; concerning advertising, business or subscriptions, the Business Manager.

News Summary.

Edhem Pasha, commander-in-chief of the Turkish forces in Thessaly, was the recipient on Tuesday of an infernal machine, which exploded while it was being opened, severely wounding his arm.

The Salvation Army celebrated its thirty-second anniversary at the Crystal Palace, London, on Tuesday. An enormous gathering assembled, with delegates from all parts of the world.

The negotiations in London between the American bi-metallic commission and the representatives of France and Great Britain have now reached the stage which renders it extremely probable that Great Britain will agree to participate in a conference to be held in Washington next fall.

The post office clerks at the general post office, London, maintain a firm attitude and refuse to comply with the order of the Duke of Norfolk, postmaster general, directing them to sign the agreement consenting to work overtime weekly. The general public is inclined to endorse the refusal, and the question is likely to come up in Parliament.

News received from London by private letter is to the effect that the Canadian high commissioner will not be called Lord Glencoe. That is decided and Sir Donald is thinking about assuming the titles of Lord Montreal or St. Lawrence, combined with a liking on the part of the new peer for the latter name. It is also understood Sir Donald Smith, William McKenzie, James Ross and other wealthy Canadians will join Petersen, Tait & Company in floating the fast Atlantic scheme.

A party of twelve or fifteen men from Bangor, Houlton, Calais and other places in eastern Maine will soon leave Bangor for the gold diggings of Alaska. The party will be headed by Stephen Crane, an old miner, who was in California many years. There are thousands of idle men in Maine, including many who have some knowledge of mining, who are anxious to go to Alaska, and it is likely that in the coming month there will be a repetition of the excitement of 1849.

One hundred and fifty guests attended the banquet of the British Chamber of Commerce in Paris in honor of Sir Wilfrid Laurier Monday night. The affair was a grand success, and Sir Wilfrid's speech in French was applauded to the echo. Especially was the applause loudly and enthusiastically rendered when the Canadian Premier declared that Canada was as free as France, thanks to England. Canada would remain true to the country to which she owed her very existence, and to the country to which she owes her free institutions. Sir Wilfrid Laurier was received Tuesday by M. Hanotaux, the foreign minister.

The tariff conference report was presented to the Senate Tuesday but little progress was made on it beyond the formal reading of about two-thirds of the report. The lumber amendments led to an animated debate. Mr. Teller, and Mr. Vest contended that the \$2 rate on white pine and the retaliatory clause against Canadian logs in effect permitted a double tax. Mr. Teller declared that the whole thing was conceived in the interest of a few men of Michigan, Minnesota and Wisconsin, by which they would be enabled to raise the price of pine \$3 to \$4 per thousand.

That there is an actual shortage of wheat in the Argentine Republic has been demonstrated by the chartering of two big ships to carry wheat to Brazil, one of them, the Comliebank, of 2,170 tons register, being already loaded and ready for sea. The other, the Cressington, 3,200, is ready to begin loading at once. These ships will carry a large invoice of grain to the Brazilian capital, the first time in history that a cargo of that kind has gone from here to that port. Brazil has always depended upon the Argentine for its wheat supply heretofore.

Mr. Fred B. Robb, of Amherst, was drowned on Tuesday afternoon while bathing with the boys of the V. M. C. A. brigade in camp at Fox Creek, near Pugwash. A week ago Mr. Robb went into camp with the boys, and was one of the superintendents. The water he was bathing in was not more than three feet deep, and it is supposed he was overcome by the heat. The boys were unable to render him any assistance and when help came it was too late. Mr. Robb was thirty-eight years old and leaves a wife and three children. He was secretary-treasurer of the Robb Co. (Ltd.), an elder of the Presbyterian church and a very prominent citizen of Amherst. The tidings of his death were a great shock to his many friends. His mother, a sister and four brothers survive him.

Moncton has accepted the plans of J. C. Dumaresq, Halifax, for a school house of seventeen rooms, costing \$28,000, exclusive of furnishings.

The trade returns for the fiscal year ending June 30 show that the total trade on the basis of goods entered for consumption and exported amounted in value to \$244,852,000, compared with \$228,728,000, the corresponding returns in 1896, an increase for 1897 of \$16,124,000. For the month of June the imports amounted to \$8,986,000 against \$9,083,000 in 1896, and the exports to \$16,825,000 against \$11,931,000 in 1896. The duty collected for the month was \$1,501,000, compared with \$1,572,000 in 1896.

The improvements on the Shore line are making good progress. A number of the new bridges have been put in and work on the others is being pushed forward. On Wednesday the bridge over Clarence stream was replaced with a new structure.

Midsummer Danger.

Paine's Celery Compound Surely and Quickly Cures Neurasthenia.

One of the commonest and most dangerous diseases of midsummer is Neurasthenia, or Nervous Prostration. This disease, which respects neither age nor sex, is usually brought on by over work and worry in the shop, office, home and school.

It is maintained by physicians of large experience that nervous diseases are increasing so fast that to-day few people can boast of perfect freedom from nervous ailments.

The symptoms of nervous exhaustion are so well known that it is almost unnecessary to name them. Dizziness, sleeplessness, palpitation of the heart, shooting pains in the limbs, paralytic symptoms, constipation and headache are the commonest feeders of the disease.

One of the first indications of nervous disease is irritability, then ensues despondency, often followed by terrible insanity.

How can nervous exhaustion be cured so that insanity and death may be avoided?

Past experience and medical testimony answer the question fully. Paine's Celery Compound is the only medicine that can surely overcome the troubles of the nervous. This marvellous curing medicine braces up every nerve, gives strength to the muscles and tissues, makes pure, rich blood, gives perfect digestion and sweet, sound sleep.

In this age of overwork, worry and fast living, Paine's Celery Compound is a shield and protector against the ravages of all nervous ailments. Medical men and druggists having a full knowledge of the virtues of Paine's Celery Compound are recommending it every day.

Its cures attest its supererogatory and usefulness; its work in public institutions has given it a popularity never possessed by any other medicine. Try it, nervous one; it will quickly give you that condition of health that you are looking for.

Search the Wardrobes and Closets.

In almost every home half-worn garments and goods are stowed away in wardrobes and closets that can be made as good as new and fitted for months of wear.

The operation of recreating and beautifying is simple, the cost is trifling, and the general results beyond the comprehension of those who are acquainted with the work of home dyeing.

Dresses, jackets, capes, vests, pants, ribbons, silks, feathers, and a score of other things worn and faded can be transformed into things of beauty and fashion at a cost of from ten to twenty cents.

Thousands of Canadian families use Diamond dyes every year and save a great deal of money. All users of Diamond Dyes say it is so easy to use them. The directors are so explicit and simple that a child can do good work.

As there are many imitations and worthless dyes sold, see that your dealer gives you the Diamond Dyes when you ask for them. Common dyes ruin your goods; Diamond Dyes bring success in color and beauty.

Make No Mistake

DO NOT DESPAIR
Until You Have Tried What

SMITH'S... Chamomile Pills Can Do for You!

Do you have pains about the chest and sides, and sometimes in the back? Do you feel dull and sleepy? Does your morning have a bad taste, especially in the morning? Is your appetite poor? Is there a feeling like a heavy lead upon the stomach? Sometimes a faint, all-gone sensation at the pit of the stomach, which food does not satisfy? Are your eyes sunken? Do your hands and feet become cold and clammy? Is there a giddiness, a sort of whirling sensation in the head when rising up suddenly? Are the whites of your eyes tinged with yellow? Is your urine scanty and high colored? Does it deposit a sediment after standing? If you suffer from any of these symptoms Use

Smith's Chamomile Pills

MONT. McDONALD,

BARRISTER, Etc.

Princess St. St. John, N. B.

Five hundred horseless cabs were placed on the streets of Paris this month.

NON-SECTARIAN

Divines All Meet on a Common Level and are of One Accord in Proclaiming the Healing Powers of Dr. Agnew's Catarrhal Powder—it Relieves in Thirty Minutes.

"When I know anything is worthy of a recommendation I consider it my duty to tell it." Rev. Jas. Murdock, of Harrisburg, Pa., says this of Dr. Agnew's Catarrhal Powder after having been cured of a very malignant form of catarrh. He is not the only great divine on this continent who could, and who has preached little sermons on the wonderful cures effected by this famed remedy. What names are more familiar to Canadians than the Rt. Rev. A. Sweetman, Lord Bishop of Toronto, and Dr. Langtry, of the Church of England; the Rev. Mungo Fraser, of Knox Presbyterian church, Hamilton, or the noted Methodist preacher-traveller, Dr. W. H. Withrow, of Toronto. All these men have proven what is claimed for Dr. Agnew's Catarrhal Powder, and have given their written testimony to it.

The original manuscript of Sir Walter Scott's "Lady of the Lake," was sold recently in London for \$5,450.

Dying Man Grasps at a Straw.

"Dr. Agnew's Cure for the Heart has done so much for me that I feel I owe it to suffering humanity to give testimony. For years I had smothering spells, pains in my left side, and swelled ankles. When I took the first dose of Dr. Agnew's Heart Cure, my friends thought I was dying, it gave me almost instant relief, and six bottles entirely cured me."—Mr. F. L. Lumsden, Scranton, Pa.

Sydney, Australia, can now boast the largest town hall and the largest organ in the world.

Dr. Agnew's Ointment Cures

Salt Rheum, Eczema, Tetter, Barber's Itch, and all like skin diseases and eruptions. It gives relief in a day. Its cures are legion; its failures are few. Years of testing, and grows daily in favor of suffering humanity. Good for Baby's Skin, good for young, middle-aged or old folks. 35 cents.

At Acadia Mines, near Truro Monday, Nathaniel Cox and Fred McInnes, under the influence of liquor, fought and McInnes, stabbed Cox, who is reported to be in a critical condition. McInnes was arrested.
