ACIDS IN STOMACH

CAUSE INDIGESTION

Create Gas, Sourness and Pain
How to Treat.
Medical authorities state that nearly
ninety per cent of the cases of stomach
trouble, indigestion, sourness, burning,
gas, bloating, nausea, etc., are due to
an excess of hydrochloric acid in the
stomach and not as some believe to a
lack of digestive juices. The delicate
stomach lining is irritated, digestion is
delayed and food sores, causing the
disagreeable symptoms which every
stomach sufferer knows so well.
Artificial digestants are not needed
in such cases and may not do real
harm. Try laying aside all digestive
aids and instead get from your druggist
a few ounces of Bilestrated Magnesia
and take a teaspoonful in a quarter
glass of water right after eating. This
sweetens the stomach, prevents the
formation of excess acid and there is
no sourness, gas or pain. Bilestrated
Magnesia (in powder or tablet form—
never liquid or milk) is harmless to
the stomach, inexpensive to take and is
the most efficient form of magnesia for
stomach purposes. It is used by thou-
sands of people who enjoy their meals
with no more fear of indigestion.

SOMETHING NEW IN C. P. R. SUB-URBAN SERVICE.

For years the Canadian Pacific
have been operating a noon suburban
train on Wednesday and Saturday be-
tween St. John and Wolfville. The
train left the city at 1.10 p.m., and on
the return reached the city at 4.00 p.
m.

This same service will become ef-
fective this year on May 26th, and will
continue until July 12th, after which
the train will run daily except
Sundays. Instead of Wednesday and
Saturday only. This will continue un-
til further notice.

The Wednesday-Saturday suburban
train has been a very popular service
in the past, and it is felt that sub-
urbanites and others interested in coun-
try travel, especially Sunday school
picnic parties, etc., will greatly appre-
ciate the improved facilities now af-
forded by the railway company.
