## DISTRICT NEWS.

## APPLETON

Special to THE HERALD.

Word has been received by his  
parents that Pte. George James, who  
was wounded somewhere in France, was  
recovering. He is in a hospital in  
Surrey, England.

Miss Nettie Horne, who was in the  
R.M. Hospital suffering with the flu has  
returned home fully recovered from her  
illness.

Mrs. Garvin is making great improve-  
ments on her beautiful home.

There were two very fine sermons  
preached in the church on Sunday on  
peace.

Mr. Lance Paul and Jim Lorimer  
have returned from the deer hunting  
after being away for two weeks. They  
were with a party of friends from  
Poland, seven in all and secured six deer.  
There are no more flu patients, and it  
is hoped the disease has died out.

We have a new mail carrier on, in the  
person of Mr. James Brophy, and are  
sure he will be very attentive to business.  
Mr. Fred Mason is the latest addition  
to Mr. J. A. McGregor's store, being  
employed as clerk.

## LANARK

From the Era.

The Victory Loan canvassers for  
Lanark Village have "gone over the  
top." In other words they have  
succeeded in raising the objective of  
\$35,000 set for this place. Lanark is  
now entitled to one of the beautiful  
silk Honor Flags presented by His  
Excellency the Governor-General.

Mr. T. B. Caldwell was in Peterboro  
last Thursday attending the funeral of  
the late John Kendry.

Mr. Andrew Baird has sold his farm  
adjoining the village, to Mr. Andrew Foy  
of Brightside.

Master Harrison Wright of Carleton  
Place is visiting his grandparents, Mr.  
and Mrs. Alex. Prentice.

Over \$100 has been donated by the  
Sabbath School of St. Andrew's Church  
to the Victory Loan and more is  
expected.

In Knox Church, Manse, Perth, on  
Saturday, Nov. 9th, by Rev. W. Grant,  
a quiet but pretty wedding was  
solemnized, when Mabel Mae, eldest  
daughter of Mr. and Mrs. Robert White  
of this village, was united in marriage  
to Thomas McDonald, son of Mr. and  
Mrs. Alex. McDonald of Almonte.

William Gibson has sold his general  
store business at Harper to John  
Spalding, who takes possession next  
week. Mr. Gibson will take up farming  
on the 8th line Bathurst.

## FRANKTOWN

Special to THE HERALD.

The public school commenced work  
again on Monday, after being closed for  
five weeks.

Mrs. Lucy Houston has returned to  
her home in the village after being  
absent for a few weeks helping to wait  
upon her sister, Mrs. Abbott, in Carle-  
ton Place, who has been seriously ill for  
some time.

Rev. Mr. Osborne, formerly rector of  
the Episcopal church here, visited over  
last Sunday with friends in this vicinity  
and conducted service in the village.

The annual thank-offering meeting of  
the St. Paul's branch of the W.M.S.  
will be held in the church on to-morrow  
(Wednesday) evening, when the pastor  
will deliver the address entitled, "Mis-  
sionary Experiences on the Western  
Prairies."

Miss M. Houston returned to Frank-  
town to take charge of the Cuckoo's  
Nest school, which opened its doors to  
pupils again on Monday morning.

Mrs. Fred Pierce and her sister Miss  
Nelson, went to their parental home at  
Meath on Saturday last, where Mrs.  
Pierce will reside for the present.

"The War after the War" will be  
the subject of the sermon at the service  
in St. Paul's church next Sunday after-  
noon at two o'clock.

The full moon of Monday brought us  
a most terrific day's rain which fell in  
torrents, making the roads very heavy  
and sloppy and preventing all kinds of  
outdoor work.

Mr. J. Osman Hughton, of River-  
hurst, Sask., who accompanied the  
remains of his brother Andrew home  
from the West, has been spending some  
time visiting friends in his native  
locality and will return to the prairies  
within a few days.

Mrs. Peter McEwen, of Carleton Place,  
spent last week-end with Mrs. Lowry  
at the village Manse.

At the Victory and Peace Thanks-  
giving service in the Presbyterian church  
last Friday evening, the minister of the

congregation preached a suitable sermon  
from Psalms 46: 9-10, "He breaketh  
war to cease unto the end of the earth,  
he breaketh the bow, and cutteth the  
spear in sunder, he burneth the chariot  
in the fire. Be still, and know that I  
am God." The psalms and hymns were  
very appropriate and were cheerfully  
sung. Another of the same was preach-  
ed on Sunday afternoon from the words,  
"On earth peace, good will toward  
men."

Mr. Willard Kilfoyle went to Carleton  
Place on business on Monday.

The sick folks in our community are  
recovering their health.

Miss Elsie MacLaren, of Innisville,  
visited over the week-end with friends  
in the village.

Miss Olive Kilfoyle was home from  
Carleton Place over Sunday.

## ALMONTE

From the Gazette.

Mr. J. H. Conn has bought a large  
general stock at Kenmore, in Russell  
County, and will bring a portion of the  
stock to his Almonte store.

Mr. Wm. Thompson died at Hilbert  
on Nov. 1st, aged 31 years. He was a  
former resident of Almonte but left here  
a few years ago. He has been in poor  
health for a long time, but the end came  
suddenly. His mother and one sister,  
Mrs. Hastings, of Carleton Place, sur-  
vive him.

Concurrently with the declaration of  
Peace, Almonte went over the top with  
the Victory Loan. The town allotment  
was \$200,000.00, and on Monday the  
returns made reached the sum of \$210,  
000.00. Messrs. Archie Rosamond and  
W. H. Stafford, two of the town's can-  
vassers, secured loan applications to the  
amount of \$174,000.00 and they are  
generously donating all the commissions  
on the Loan secured by them to the  
Rosamond Memorial Hospital.

A train load of wives of soldiers who  
are overseas passed through here for the  
west on Tuesday afternoon. Only one,  
Mrs. Jas. Cochran, got off to remain  
here, but a woman named Mrs. Margaret  
Armstrong from Stirling, Scotland, was  
so ill that when a doctor was called he  
had her removed to the hospital here  
for treatment. She was suffering from  
influenza, but her condition has im-  
proved. Her destination was British  
Columbia. She was accompanied by a  
little child only a few weeks old. This  
is a case that should call forth practical  
sympathy and assistance.

Miss Hodgson, superintendent of the  
Rosamond Memorial Hospital, was called  
home to Toronto on Wednesday  
owing to the serious illness of her sister,  
and the death of her nephew, Lieut.  
John E. Hodgson, who died in England  
on November 5th, of influenza. The  
late Lieut. Hodgson, M.A., was for some  
years High School Inspector.

Word has been received that Corp.  
Archie McWade, of Almonte, has been  
awarded the D.C.M. Corp. McWade  
enlisted in the 13th Battalion, Royal  
Highlanders, and is now in an English  
hospital suffering from gunshot wounds  
in the abdomen. This is the second  
time he has been wounded since going  
overseas in 1915. Corp. McWade has  
one brother still in France and another  
returned.

## ABOUT YOUR HEATING APPARATUS

The general directions for operating  
warm air furnaces are alike. Particular  
directions for each make will be  
supplied by the manufacturer.

Examination of furnace—Examine  
furnace and pipes; see that they are in  
good repair and clean; that fire, ash-pit,  
and clean-out doors are tight when  
closed; that no other openings are in  
flue; that smoke-pipe fits tight to  
furnace, and is not inserted too far into  
the chimney.

Drafts—Follow general directions for  
use of drafts and checks. By forcing  
the fire and keeping drafts open too  
long you waste fuel.

Humidity—Keep the water retainer  
in the air jacket filled with clean water.  
A shallow jar or evaporation pan  
should be kept near the registers,  
particularly those sending out the most  
heat. Change water frequently, per-  
fectly every day.

Clean Flues Frequently—Remember  
the clean-out door and why it is there.  
Brush off the soot once a week or  
often.

Rapid circulation of air essential—It  
will be found there is a large cold air  
duct on the main floor. In many cases  
this is neglected, covered over in part or  
clogged with dust and dirt, thus inter-  
fering with that free circulation of air  
which is absolutely essential to the  
success of this system of heating. Keep  
this duct free of all obstruction and  
open always to a full supply of fresh  
air.

Covering—All warm air pipes in the  
cellar should be thoroughly and  
completely wrapped with asbestos to  
prevent loss of heat.

Firing—Follow general directions in  
regard to firing, keeping ash-pits clean.  
—Ontario Fuel Administration.

## Must Use Shipping Tags

The Freight Association has issued  
orders to all freight agents that they are  
not to accept any freight for shipment  
that is not properly tagged. Heretofore  
the public has been shipping freight  
tagged with pieces of shoe boxes or any  
other old thing that was handy. This  
has resulted in much loss and incon-  
venience to all parties concerned, as the  
tags invariably came off before the  
destination was reached. This has led  
the Association to issue orders that all  
tags used must be of the regulation  
variety—made of regulation tag manilla,  
with reinforced eyelets.

The peace congress will be held at an  
earlier date than expected. It is likely  
now that President Wilson will attend,  
but not as a delegate. Labor will not  
participate in the congress.

## THE CANADIAN LOSSES IN THE WAR

Canada's losses in the world struggle  
which ended last Monday have been  
heavy both in loss of life and the  
number of wounded. The figures up to  
October 31st, record the total casualties  
among the Canadian forces as follows:

Killed in action ..... 31,887  
Died of wounds or disease ..... 15,467  
Wounded, dead, missing, and  
presumed dead ..... 152,779  
Prisoners of war ..... 8,245

Total ..... 211,358

Casualties in the United States forces  
up to Thursday last totalled only 65,000.  
London, Nov. 11.—The Express  
estimates the casualties of European  
nations during the war as follows:

Germany ..... 6,900,000

Austria ..... 4,500,000

France ..... 4,000,000

Britain ..... 2,900,000

Turkey ..... 750,000

Rumania ..... 200,000

Belgium ..... 250,000

Bulgaria ..... 200,000

With the estimated casualties of  
Russia and of others not included in  
the above list, the Express estimates the  
total casualties of the war at twenty-six  
million men.

## HONOR TO MARSHAL FOCH

Toronto Globe—The whole world  
pays homage to Foch. Even the  
Teutons do it involuntarily. He is  
more than the man of the hour. All  
his life has been a preparation for the  
mighty task thrust upon him. He has  
seemingly been predestined for his role  
as the triumphant leader of the armed  
forces of civilization and liberty against  
the organized savagery and panoplied  
despotism which nearly succeeded in  
drowning the free nations of Europe in  
blood. In the supreme crisis of the war  
Foch came to the front, not by the  
favor of others but through sheer  
military genius. The statesmen who  
made him the Generalissimo of the  
Allied armies merely confirmed the  
choice of events.

Among Foch's great qualities his  
superb patience stands out. It is not a  
characteristic we ascribe to the French  
Temperament, and Foch is a child of  
the Midi, of that Southern France whose  
people are proverbially warm-blooded  
and impulsive. Born in old Gascony,  
was there ever a military hero less  
addicted to gascognading? Nothing in  
his generalship has been more impressive  
than the coolness with which he stayed  
his hand while the Germans advanced  
to within thirty miles of Paris in those  
dread days of June and early July.  
While they spent their strength and  
their reserves, he calmly collected his  
own and awaited his opportunity. At  
the right moment and the right place  
he struck the decisive blow. He has  
given the reeling foe no pause, no rest;  
striking now here, now there, swiftly,  
surprisingly, overwhelmingly. During  
these wonderful "Hundred Days" he  
has spoken only a few sentences to a  
world listening for his every word. His  
official messages have been equally  
laconic.

This simple, modest, almost taciturn  
soldier stands on a pinnacle of fame  
which few men have reached in history.  
It is a safe deduction from what is  
known of him that he will not be  
tempted to exploit his popularity by  
playing a new role, as other successful  
soldiers often have done, when he  
sheathes the sword. He is a type and  
symbol of that France which has  
suffered in silence because of her  
strength of soul, and which shines anew  
with that unconquerable and unquench-  
able spirit which has made her the  
torch-bearer of European liberty.

## Plans for Bringing Canadians Home

Another appeal is made to women and  
children of Canadian soldier dependents  
to return to Canada forthwith. Accom-  
modation is now ample and the Canadian  
military authorities are putting arrange-  
ments for this class of traveller on a  
wider basis, enabling soldiers, now  
awaiting trans-shipment at Buxton, and  
their wives to travel together.

It is too early yet to say much about  
plans for the trans-shipment of the  
Canadian army, but general plans are  
already well advanced. Much naturally  
will depend on the size of the forces  
which the Imperial command will  
require Canada to maintain after hos-  
tilities.

It may be taken as a broad principle  
that those who have served longest will  
have first consideration, much also will  
depend upon information supplied from  
Canada concerning immediate labor  
needs of the Dominion.

Such units as railway troops doubt-  
less will be demobilized as early as pos-  
sible. In any event trans-shipment will  
be spread over a considerable time and  
we are in a position to assert that no-  
body is able yet to count upon their  
return to Canada at any definite date.

Shall we face the sugar shortage in  
Canada honorably and courageously?  
Or are we going on quietly, hoarding  
even if only a little in every home?  
Manufacturers, confectioners and public  
eating places are doing their share well.  
Soldiers and munition workers want  
sugar more than the persons doing  
ordinary work. Let them have it. It  
must come from the private homes;  
there only is there hoarding, however  
slight in every individual case. Don't  
be mean for the sake of a sweet tooth.

A mask through which air can be  
breathed from the reservoir of the air-  
brake system has been invented for the  
use of railroad engineers while running  
through long tunnels or snow sheds,  
where the air often is foul.
