Ottawa, May 26, 1914.

Sir,

When Mr. White visited the Gibson Reserve last month it was brought to his attention that there was considerable dead cedar on the lot of Daniel Commanda which he as the locatee desired to cut and sell and requested that a permit be issued to him for what is understood to be about 15 acres of flooded lands. Please ascertain the Concession and Lot on which the said timber is situated and have a resolution passed by the band requesting that permission be given to the said Daniel Commanda to cut and sell this timber. You should forward this resolution together with the application for a permit in the usual manner.

Your obedient servant,

*Sgt J. A. Michien*  
Assistant Deputy and Secretary.
