Ottawa, 1st December, 1902-

Sir,

Referring to your letter of the 24th ult. and to the claim of \$57.43 for damages to a bridge on a road abutting on the Quarante Arpents Reserve, I have to request you to be good enough to inform me when were the works executed, to which you refer on the line of the Quebec and Lake St. John Railway, which caused the Gauvin Creek to overflow its banks and thus damage said bridge.

That is to say do you refer to the excavations and other works made by the said Railway Co. many years ago, or to some recent work? In this case please specify as well as you can its nature.

Your obedient servant

L. P. L.
Secretary.
