Dear Mr. Logan -

Encl.

We are planning an active campaign in Ontario for greater food production this year and with this object in view a letter has been sent to the agents whose Indians are engaged largely in agricultural pursuits. I realize that the letter as prepared would not be applicable to your agency, but I am sending you a copy for your information; nevertheless there may be something you can do towards having your Indians, especially the Parry Island Band, help to fill the needs of our country at the present time.

I shall be glad to hear from you.

Yours very truly,

James C. Smith
Deputy Superintendent General.
