

**RULE 5.**—All putrid and decaying animal or vegetable matters must be removed from all cellars, buildings, out-buildings and yards on or before the 15th day of May in each year.

**RULE 6.**—Every householder and every hotel and restaurant-keeper, or other person accumulating garbage shall have a proper covered receptacle for swill and house offal, the contents of which shall, between the 15th day of May and the 1st day of November, be regularly removed as often as twice a week.

**RULE 7.**—Between the 15th day of May and the 1st day of November no hog shall be kept within the limits of this Municipality, except in pens seventy feet from any house, with floors kept free from standing water and regularly disinfected.

**RULE 8.**—No animals affected with an infectious or contagious disease shall be brought or kept within this Municipality, except by permission of the Board.

**RULE 9.**—No person shall offer for sale as food within this Municipality any diseased animal, or any meat, fish, fruit, vegetables, milk, or other article of food which, by reason of disease, decay, adulteration, impurity, or any other cause shall be unfit for use.

**RULE 10.**—The keeper of every livery or other stable shall keep his stable and stable-yard clean, and shall not permit, between the 15th day of May and the 1st day of November, more than two waggon-loads of manure to accumulate in or near the same at any one time, except by permission of the Board of Health.

**RULE 11.**—All wells in this Municipality shall be cleaned out before the 1st day of July in each year.

**RULE 12.**—Any householder in whose dwelling there shall occur a case of scarlet fever, diphtheria, smallpox, cholera, typhus or typhoid fever, or other disease dangerous to public health, shall immediately notify the Board of Health of the same, and, until instructions are received from the Board, shall not permit any clothing or other property to be removed from his house, nor shall any occupant of the said house change his or her residence to any other place within the Municipality without the consent of the Board.

**RULE 13.**—Whenever there shall come under the observation of any physician a case of cholera, scarlet fever, typhus or typhoid fever, diphtheria, smallpox, or other disease dangerous to public health, he shall at once report the same to the Medical Health Officer.

**RULE 14.**—No person sick with any of the diseases specified in Rule 12 shall be removed at any time except by permission and under direction of the Board of Health.

**RULE 15.**—Each and every person affected with any of the diseases specified in Rule 12 shall be immediately separated from all persons liable to contract or communicate the disease, and no one having had access to any person so affected shall mingle with the general public, except such person is an attending physician or clergyman, who shall be required to adopt all needful precautions to prevent the spread of such disease. Nothing shall be permitted to pass from the person so affected to any outside person unless the same shall first have been properly disinfected.

**RULE 16.**—Persons recovering from any of the diseases specified in Rule 12, and nurses who have been in attendance on any person suffering from any such disease, shall not leave the premises till they have received from the attending physician a certificate that in his opinion they have taken such precautions, as to their persons, clothing, and all other things they propose bringing from the premises, as are necessary to insure the immunity from infection of other persons with whom they may come in contact.

**RULE 17.**—All persons named in the last preceding Rule are required to adopt for the disinfection and disposal of excreta, and for the disinfection of utensils, bedding, clothing and other things which have been exposed to infection, such measures as have been, or may hereafter be, advised by the Provincial Board of Health or by the Medical Health Officer; or such as may have been recommended by the attending physician as equally efficacious.\*

\*NOTE.—The measures already advised by the Provincial Board of Health may be found in the pamphlet issued by that Board, entitled "How to Check the Spread of Contagious or Infectious Diseases," which pamphlet may be consulted by reference to page 68 of the First Annual Report of the Board. Additional copies of it may be obtained on application to the Secretary.
