MASSEY-HARRIS

MOWERS

are equipped with self-oiling Pitmans.

There are roomy oil chambers at each end of the Pitman.

The natural action of the Pitman when machine is in use promotes oiling.

No oil is wasted—only the necessary quantity is used.

All MASSEY-HARRIS machines abound with new ideas and clever inventions.

The Farming World and Canadian Farm & Home will be sent to any address in Canada or the United States for a full year on receipt of \$1.00.
