

THE HYLO SILO

The cheapest Silo you can buy—because it will make you the most money.

ENTIRELY different and infinitely superior. Made of specially selected Imported Southern Long Leaf Yellow Pine—stronger than White Oak—equipped with patented automatically expanding and contracting hoops, patented ladder, etc.

The Hyllo is chosen by men of discriminating judgment—who use their own brains in buying a silo. The Hyllo is so plainly a silo of outstanding quality and is equipped with new patented service features, of such great value, that no one, wanting value for his money, will have anything else.

A Hyllo Silo erected now on your farm will pay for itself the first winter you use it. Thereafter it will yield you 100% profit on your investment each season—year after year, indefinitely, for all your farming days. It is a permanent improvement—a monument to your good business judgment.

GILSON MFG. CO. LTD. 360 A YORK ST. GUELPH, CAN.

“The man you can hire to work on a farm for nothing will just about earn his wages”—Josh Billings

IT'S the same with cheap farm engines as with cheap farm help. You can buy a poorly designed, cheaply made engine for less than the price of an Alpha, but you will find that a cheap engine is always “balking” or getting out of kilter just when you need it most.

And there will be endless expense for repairs.

You will practice real economy by buying an ALPHA GAS ENGINE

which runs along day after day, without giving you any trouble. You can always depend on the Alpha.

In the Alpha there are none of the trouble-making contrivances that render so many “farm” engines impracticable. It contains no delicate electric batteries, but runs on a simple, low-speed magneto, guaranteed for the life of the engine.

Alpha Gas Engines are made in twelve sizes, 1½ to 28 H. P., and each size is furnished in stationary, semi-portable or portable style, with hopper or tank-mounted cylinder. Write or call up the nearest Alpha selling agency today, or if you don't know who they are, write us direct.

“Goes Like Sixty” **This Engine Will Cost You Nothing**

You need an engine—get a Gilson on our new easy payment plan, and it will pay for itself. You have the work for it to do this Fall and Winter, help is scarce and high-priced—save yourself a lot of worry and enjoy that “feeling of security” which is such a definite part of the staunch, reliable Gilson Engine.

Gilson Engines have long enjoyed an indisputable reputation for dependability, power, simplicity, and economy. This year finds us with an even more attractive proposition for the discriminating buyer. Prices of everything you have been buying have been soaring, but, by careful management, we are able to furnish Gilson Engines at remarkably low prices. Write to-day for catalogue, price, and easy payment plan, stating what size you are interested in.

Gilson Mfg. Co., Ltd., 259 York St., Guelph, Ont.

Crushes the Clods

cuts, levels, and turns the soil twice—all in one operation. That's the way “the clodders do the work” when you use the “Acme” Pulverizing Harrow.

Works deep into the soil leaving a compact below and with a nice finish on top. Light draft and comfortable seat. Endorsed by Experiment Stations. Size 3 ft. to 17½ ft. wide. Send today for our new free book, *The Acme Way to Crops That Pay*.
