be refunded. Illustrated descriptive catalogue, con-
taining much information that will be useful to you,
will be issued shortly. SEND FOR ONE TO—

J. E. MEYER,

KOSSUTH, ONT.

Cheese and Butter.

Makers of these articles, in many instances, do
not pay the necessary attention to the quality
of the Salt they use. Some people think
that "Salt is Salt," and it does not matter
where it comes from or who makes it. This
is a great mistake, for it is essential that to
produce the best Butter or Cheese nothing
but the purest Salt should be used. The
number of prizes obtained by users of—

COLEMAN'S OR RICE'S

Dairy Salt

at the various exhibitions is conclusive proof
that these brands of Salt stand unrivalled.

"NATIONAL" NO. 1 HAND POWER.
Capacity, 330 to 350 lbs. per hour.

THE NATIONAL FARM Cream Separator

Manufactured by the Raymond Mfg. Co. of
Guelph, Limited, manufacturers of the
celebrated Raymond Sewing
Machines.

THE National is an up-to-date machine,
leading all others in separating cream
by centrifugal force. It is the farmers'
choice, because it runs easy, skims fast and
clean, and makes a perfect cream, contain-
ing any per cent. of butter-fat desired. It is
also easier to clean than any other. The
National is built of the very best material
suitable for the construction of a high-speed
machine, and with proper care should last a
lifetime. The bearings are interchangeable
and easily adjusted. Every machine is guar-
anteed to do good work, and a trial of the
"National" is solicited before purchasing
any other. The already large sale of the
"National," and the growing demand for it,
shows how much the Canadian farmers ap-
preciate a Canadian-made machine that does
its work so easily and well, and at the same
time returns such a large profit on the small
investment. Ask for the "National"; try
it and buy it.

WANTED.

Every Farmer to know the difference between
success and failure, and why Thom's Blower
Elevator Machines can be worked successfully
with a two-horse tread power, windmill, or other
small powers, where imitation machines require
large steam engines.

It's all
in the
Patented
Improvements.

READ THIS—Lots more such testimonials:

G. P. REMIE, Earnston, Que., says:—"We are well
satisfied with your No. 13 Blower Elevator Machine;
put in 6 tons per hour, and could have done more if
we had got the corn from the field faster. We only
used two-horse tread power."

Capacity of Machines from 6 to 20 tons
per hour.

THOM'S IMPLEMENT WORKS,

WATFORD, CANADA.

ESTABLISHED 1875.

Grand Prize

1900.

Paris Exposition

THE De Laval "Alpha"
Cream Separators have
just been awarded the

GRAND PRIZE

at the Paris Exposition,
over a large number of
separator exhibits from
various countries, the
"Alpha" De Laval's
superiority being unques-
tionable in every material
respect. Lesser awards of
different grades of medals were
made to several other separators.
