

I CAN CURE YOU WITHOUT DRUGGING AND YOU CAN PAY WHEN CURED.

You are the man who is weak and wants to be strong.

You have tried drugs and have not been cured, so now you want the cure before you pay.

I am the man who has the means of restoring vigor to weak men.

I know just what my Belt will do, and if I say I can cure you I want no pay till I do so.

Let any man who is weak, broken down, old and decrepit in physical weakness, full of pains and aches, gloomy, despondent and cheerless—any man who wants to be stronger and younger than he feels—let him come and tell me how he feels, and if I say that I can cure him he can depend upon it. This is to men who are afflicted with nervous debility, who get up tired in the morning, have Backache, Rheumatism, Stomach, Liver, Bladder and Kidney Trouble, who are constipated, or suffering from nerve or muscle weakness or some forms of Paralysis and Locomotor Ataxia. I don't want money that I don't earn. I don't need it, and am not after it. But I am after the dollars that are now going wrong in the quest of health. Look at all the poor wrecks of humanity that are spending all they earn on drugs—dope that is paralyzing their vital organs—that have spent all they have earned for years without gaining a pound of strength for the hundreds of dollars wasted.

That is the money that I am after, because for every dollar I take I can give a thousand per cent. interest to the man who invests it. I have cured so many cases right here that I can prove my claims to you, but if that proof is not enough I'll give you the names of men right near you—where you are. Is that fair? Most of the belts that I am selling now are to men who have been sent here by their friends whom I have cured. I think that is the best evidence that my business is a success from the standpoint of cures, as well as on the dollar side.

Just lately I have received letters of praise from these men who have used my

DR. McLAUGHLIN'S ELECTRIC BELT.

Dr. McLaughlin:

Dear Sir,—Your Belt has done wonders for me. I very seldom get the pains now, and wish I had tried it before, as I can do my work twice as well. I have told several about what the Belt has done. I cannot thank you enough for what you have done for me, and I am sure I would have given twice as much if I only thought it would have done so much good. I have been treated for years by all sorts of doctors, but I have received more benefit from your Belt than all of them, so I tell you I am perfectly satisfied with my investment, and will recommend it to all I can. Again thanking you for your kindness, and all you have done for me, I remain,

Truly yours,

W. ATWELL.

Bolton, Ont.

I don't want your money without giving you value for it. I know it will cure in any case that I undertake. If I can't cure, I'll tell you frankly. You have nothing to lose, for if you wish you can use the Belt entirely at my risk, and if it doesn't cure you it will not cost you one cent. The only condition I impose is that you give me security for the Belt while you are using it, as evidence of good faith on your part.

Give me a man (or woman, for that matter) who has been sick and suffering for years, and taken medicine until the system is all run down and debilitated, the stomach unable to digest the food, and the nerves shattered. My Electric Belt will give new life to every organ, drive out disease and restore health.

I have the grandest invention of the age for weak men; the surest and easiest cure for all nervous and chronic diseases. Its wonderful power is directed to the seat of the nervous system, through which its vitalized strength penetrates into all parts of the body, carrying new life to every function which has been weakened by excess or dissipation, restoring energy to the brain and power to the vital organs. No weak man, no delicate or sickly woman will ever regret a fair trial of my Belt.

G. D. WAGER'S SHORTHORNS.

Mr. C. D. Wager, of Enterprise, Ont., whose advertisement of Scotch and Scotch-topped, imported and Canadian-bred Shorthorn cattle has been running regularly in this paper for a couple of years, is one of the business farmers running their farms on business principles. The herd was established several years ago by the purchase of a few Lady Eden, Mayflower and Lavinia-bred females, to which has since been added half a dozen imported cows from Mr. W. D. Flatt, of Hamilton. They are: Winnifred 3rd, a Wimple; Belladonna 2nd, a Bellona; Airy Duchess 3rd, a Broadhooks; Silver Belle, a Village Maid; Byres Orange Blossom, an Orange Blossom, and Robina 2nd, a Rosebud, the whole making an exceptionally choice and fashionably-bred herd. As is well

known, the Lady Edens are the tribe that has done so much good, and produced so many winners for the Hon. John Dryden & Son. The present stock bull is Starry Morning, a Cruickshank Secret, son of Rosy Morning, by the great Merry Morning; he is a roan, thick, even and a mellow handler, put up on show lines. His predecessor in service, and the sire of all the young things, was Lord Banff's Conqueror, by Imp. Lord Banff; dam by Ivanhoe; he was a great show bull, a Toronto winner, and a sire of a high order. Winnifred (imp.) is now suckling a bull calf by him that, if present indications continue until maturity, will make a sure winner. Silver Bell (imp.) has also a very choice roan bull, about ten months old, by him. Airy Duchess (imp.) has also a bull about ten months old, a red, by same sire, that is the right sort. Then there is another red nine-months-old, out of a Lady Eden

bred cow, a good one, all by Lord Banff's Conqueror. In heifers there are five, from one to two years of age, by the same sire. Any of these are for sale, and, at the prices asked, considering the quality and rich, royal breeding, should go soon. Long-distance phone connection.

TRADE TOPIC.

TURNIPS AND SUGAR BEETS.—Mr. J. E. Killen, of Windsor, Ont., an observant traveller of the Wm. Rennie Co., informs us that he noticed, on a recent trip through Guelph, the Magnum Bonum turnip still holds its own in that neighborhood as a hardy variety, possessing fine shape and giving a good, solid weight, well adapted for shipping purposes. A shipper, who sent out ten carloads of turnips in one week to United States points, says: "Chicago asks for

our purple-top and yellow-bottom turnip." Mr. Killen adds that farmers would have better turnips if they would cover them up better, and not expose them to the severe weather.

Rennie's Tankard Cream sugar beet has been exceptionally good this past year, many of the roots weighing over 20 pounds each. It is full of nourishment and a grand feeder for stock that do not take their food readily. With its heavy clean roots and high feeding value, he considers it one of the finest stock-feeding beets known.

There was a young fellow named Allen Tyne

Who proposed to the lovely Miss Ballantyne;

When the lady said, "Yes,"

He said, "Well, I guess!"

Miss Ballantyne's Allen Tyne's Valentine!
