The Frost & Wood Company Limited

FOR APPLE PICKING

AND GENERAL FARM USE
 THE

WAGGONER LADDER

Is the best on earth. The apple crop in Ontario is light this year; all the greater reason for saving all your good fruit. The Waggoner Ladder can be placed under the trees and extended in the heart of the tree, so as to reach the fine apples in the middle top. It will save enough apples on a few trees to pay for itself this season, to say nothing of its usefulness everywhere about the farm. Satisfaction guaranteed.

Northwest Agent:
F. J. HOLLAND, Winnipeg.

New Brunswick Agents:
H.L. & J.T. McGOWAN, St. John's

THE **NATIONAL CREAM SEPARATOR**

Manufactured by the **Raymond Mfg. Co. of Guelph, Limited**, manufacturers of the celebrated **RAYMOND SEWING MACHINES.**

The National combines all points of merit that are of real practical service to the everyday operator on the farm. Most simple in its construction. Convenient and easy to operate. Skims the cleanest; makes the sweetest cream; no numerous parts to give trouble and delay when washing; only two pieces inside of the bowl. Strong and durable, made of the finest material, so as to give the most lasting service, and most beautiful in design and finish. Every machine is guaranteed to do good work, and a trial of the "National" is solicited before purchasing. The already large sale of the "National," and the growing demand for it, shows how much the Canadian farmers appreciate a Canadian-made machine that does its work so easily and well, and at the same time returns such a large profit on the small investment. Ask for the "National"; try it and buy it.

National No. 1, capacity 330 to 350 lbs. per hour.
 National No. 1 A, capacity 450 to 500 lbs. per hour.
