*NOTE.—It will be noted that the figures relating to the imports and exports of coin and bullion for the twelve months ending April, 1916, amounted to \$34,152,875 as against \$132,231,434 for the same period of 1914-15. Although it has been customary to include these figures in trade returns, the total trade figures are seriously disturbed by them in this instance and they should not be taken as an indication of the trade of Canada.
