"The deposits of Stocks in this Department are for the purpose of securing the payment of the Policies, and such Deposits are adequate for the purpose."—Hon. WM. Barnes, Sup't. Insurance Dept't, N.Y.

SUPERISTENDENT MILLER, in his last Report, says that a Registered Policy offers the following advantages:

1st. That the legal reserve according to the Department computation, is faithfully set aside to meet the company's liabilities.

2nd. That such reserve fund consist of securities of the highest class, and which have passed not only the examination of the officers and counsel of the Company, but also the scrutiny of the Department.

2rd. The obligation of the State that the deposits shall be faithfully kept and applied.

4th. The impossibility of any loss, or great inconvenience even, from the loss of any policy, a duplicate always being on the fyle in the Department, and a copy obtainable on application.

Perfect assurance that a company has, securely invested and in entirely safe keeping, the amount which, by the legal standard, will be sufficient to meet its liabilities, is about the highest security which can reasonably be expected. This assurance would seem to be fairly the result of the registered policy system. It certainly removes all question as to the amount of a company's reserve fund being made up of fictitious items, or assets which look large on paper, but fail to meet expectations when wanted to pay losses. There are but few of our non-registering companies but which credit themselves with items of assets to make up the required reserve, which would be entirely unavailable as a deposit under the registered policy system. There are many who believe that this system should be made compulsory; that the public interests demand that the Legislature should provide this protection to those interested in life insurance. The Superintendent, however, in this, as in other particulars, is inclined to think it the better policy to leave both insurer and insured unrestricted by law to the widest possible degree compatible with ultimate security. If investigation discloses that companies are not honestly and faithfully reserving assets to an amount and of a character adequate to meet their ultimate liabilities, a remedy will very likely be provided by the Legislature compelling the adoption of this system.—Hon. Geo. W. Miller, Supt. Ins. Dept., New York.

# GROSS ASSETS, JANUARY 1, 1871, .. \$1,765,597 2

Mumber of Policies in force, 7,259 00 January 1st, 1871... do. 818,549,637 00 Amount do.

The Annual Statement, as given above, shows that this Company has accumulated, during the twenty-nine months of its existence, the sum of \$765,597.23, which, with the Capital Stock of \$1,000,000, makes a total amount of available and Valuable Assets of ONE MILLION, SEVEN HUNDRED AND SIXTY-FIVE THOUSAND, FIVE HUNDRED AND NINETY-SEVEN 23.100 DOLLARS, the whole of which is held safely and profitably invested for the security of its Policy-Holders.

A valuation of the Policies in force on the first day of January, 1871, made by the most rigid method, and upon the same standard as to Interest and Mortality as that upon which its Premiums are based, shows that the full present value. or amount required to safely re-insure its risks on that date, was \$807,389.

A careful examination of the above figures, and of the character of the Assets, gives conclusive evidence that the NATIONAL LIFE INSURANCE Co. of the U. S. of AMERICA affords to policy-holders that which is the most desirable in any Life Insurance Co., namely, abundant security.

The ratio of Assets to Liabilities is over 200 per cent:

The ratio of Assets to Liabilities is over 200 per cent. that is, the Company has more than \$200 for each \$100

The National Life Lasurance Co. of the U. S. of America is the only American Life Company that has made a deposit in Canada for the exclusive benefit of "Canadian Polley-holders."
