COUNTY AND DISTRICT.

There is a good market in England now for Canadian potatoes. The crop is more than half a failure in the Old Country.

It is believed that the Ontario provincial elections will be held shortly after the Legislature. Steps are being taken to prepare the voters' lists in the unorganized territories.

Corns Cured for 25 Cents.—A guarantee of painless cure goes with every bottle of Putman's Corn Extractor. Use Putman's and your corns go. Beware of substitutes.

Mr. J. R. Booth, of Ottawa, is a practical temperance man. He offers the city \$2000 as a recompense for the loss of revenue the city might sustain by withholding licenses from three or four hotels near his mills.

The Government has approved the plans of the county of Oxford for a system of good roads. There will be 255 miles of highways improved at a cost of \$336,000. Of the sum the province will pay one-third. The county has spent \$21,000 already on road-making machinery, including a steam roller, three rock crushers and grading machines.

Just The Medicine You Need.—Your color is bad, tongue is furred, eyes are dull, appetite is poor, your stomach needs tone, your liver needs awakening. Try Dr. Hamilton's Pills. In just one night you'll notice a difference for Dr. Hamilton's Pills search out every trace of trouble. You'll eat, sleep, digest and feel a whole lot better. You will gain in strength, have a clear complexion, experience the joy of robust health. To tone, purify and enliven the system there is nothing like Dr. Hamilton's Pills, 25 cts at all dealers.

A meeting of the Board of Liquidators of the Cordage Company was held last week to consider a proposition to sell the factory. The reserve bid was \$2,000, and Mr. R. H. Fortune thought it should be worth that, made the offer, which was accepted, and now he owns the plant.—Aytan Advance.

The Bruce Herald tells of a teacher who accepted a position in the Walker school and then telegraphed that he could not accept. The Herald suspects that he got a better salary elsewhere. No matter what the reason may be, the teacher who breaks a contract made verbally or in writing has a queer idea of private honor. That same teacher would be strong in condemnation of a School Board which would go back on an agreement. Cancellation of certificate should be the penalty against a teacher who violates a contract or who, without valid reason, quits his work during the course of a school term.

How To Gain In Weight.—You know you are too thin—you eat and eat, but never get an ounce fatter. Nerves are weak, color is bad, strength seems exhausted. It's not hard to get fat. You must eat more, digest more, exercise more. Try Ferrozone and watch your appetite grow. It turns all you eat into nutriment and building material—fills your veins with rich red blood—gives you ambition and vigor. For a tissue builder, a fattening tonic, one that restores permanently, there is nothing to compare with Ferrozone. Try it and see, 50 cents at all dealers.

Whenever there is a spell of warm weather some of the know-alls predict an open winter, and when cold weather comes they will predict a cold stormy winter. Just at present they will be looking for lots of snow as it is at present covering the ground to the depth of several inches. If the winter turns out like last year no doubt all will be satisfied.

There are indications of the butter market being somewhat easier, and this will be good news to the consumer. When the price of butter in Canadian cities goes up as it has to 30 and 35c per pound, it has reached the point where it pays to bring in Irish and Danish butter. It is a fact, that Irish butter is now selling in Montreal at 25c to 30c a pound and has even been put on the Toronto market. It is said that some Canadian farmers are holding their butter in the hope of higher prices. It would be well to remember that if the butter of Ireland and Denmark is shipped here in large quantities, there will be no danger of a scarcity, and it is quite within the range of possibility, that lower prices will prevail. Some have argued, that with butter at 25c now (and 35c in the cities) ere winter is over, 50c will be obtained, but with the Danish and Irish article shipped in, this is not likely to be realized.

Hazlewood Bros.
are selling feed oats
at 45 cts and feed
Wheat at 60 cts
in 100 bushel lots

FLOUR MILLS.

THE LEADING SCHOOL.

CENTRAL
Business College
STRATFORD, ONT.

By giving a better course of training than that given by any other similar institution in Ontario, we have become one of the leading business training schools in Canada. Our graduates are in demand as office assistants and business college teachers. Our courses being the best, our graduates succeed. If interested in your own welfare write now for our catalogue; it is free. We have three departments: Commercial, Short-hand and Telegraphic.

WINTER TERM OPENS JANUARY 6.

Elliott & McLaughlin,
PRINCIPALS.

A terrible mine explosion occurred in a West Virginia mine on Dec. 5th, when four hundred miners were entombed. All were suffocated by the deadly gas. So far one hundred and forty-one bodies have been recovered, some of which show evidence of great agony before death relieved them.

Dr. Hodgetts, Provincial Health Officer, says that the smallpox situation is becoming serious in the Province, as the dread disease is making alarming inroads. This, he says, is blamable on the municipal authorities who neglect to enforce the vaccination act. Where the municipal authorities fail in this, he says, it is obligatory to the Board of Health to do so. Of the smallpox cases in Ontario 99% are unvaccinated.

When the Stomach Heart or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is simply a makeshift. Get a prescription known to Druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample test on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test.—J. Coates.

On Monday night of last week a very sad event took place in the hardware store of J. B. McArthur, Hensall. While standing talking to some other boys, Wilfred Houghton, a lad of 18, suddenly fell over and expired almost instantly of heart trouble. Although sudden the event was not entirely unexpected as about 3 wks ago he had a similar attack but recovered. This makes the third member of the family which has passed away in a similar manner.

Why Liquid Catarrh Remedies Fail.—They go direct to the stomach, have very little effect on the linings of the nose and throat, and entirely fail to cure. Only by cleaning the air passages by relieving the inflammation and killing the germs is cure possible. No combination of Antiseptics is so successful as Catarrhazone. In breathing it, you send the richest pine balsam right to the seat of the disease. Irritating phlegm is cleared out, hoarseness, coughing and hacking are cured. For a permanent cure for catarrh, nothing equals Catarrhazone, 25 cts. and \$1.00 at all dealers.

A despatch to the London Advertiser, of Saturday, says that Mr. Hugh Clark, M. P. P., is the favorite nominee of the Ontario Government for the new position of agent for Ontario, in London, England.

Palmerston, Dec. 12.—Mr. James Woolner, a farmer from near Moorefield was driving across the G. T. R. track about a mile east of Moorefield at noon to-day, when he was struck and thrown some seventy or eighty feet up the track. When picked up he was quite dead. The horse escaped. The train was in charge of Wm. Frost, conductor, and George Hamilton, engineer.

Which we take same as Cash.

A. MOYER & CO. General Merchants.

END OF HIS SENTENCE.

The sympathetic woman was visiting Charleston prison and her heart was almost bursting with pity for the poor prisoners. She passed them one by one and never uttered a word; she was instructed not to speak to the inmates and she had given her word. The temptation soon became too strong, however, as she saw one poor chap, listlessly sewing shoes.

"Poor man," began the sympathetic woman, "isn't that terribly monotonous? Won't you be very glad when your sentence has expired?"

"No, ma'am," came the doleful reply, "mine's a life sentence."

Trial Catarrh treatments are being mailed out free on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by J. Coates.

The little town of Alemeda, Sask., was fire-swept on Thursday night last. Not a building is left standing on the east side of the business portion of Main St., or on the south side of First Ave., except one warehouse. The general store of Hopper Bros., formerly of Ellengowan, is among the burned places. Their loss is \$25,000. The total loss is said to be \$500,000, with insurance probably \$125,000.

Teachers holding third class certificates will not be cut off without a chance. The department of education has issued a circular saying a summer school of normal school standard will be opened next summer for teachers with third-class certificates whose success and ability is attested by their inspector. At this summer school they may qualify for second-class certificates. Furthermore where a scarcity of teachers exists, third-class certificates may be renewed for a period not longer than 1909.

It was announced by one of the ministers in a neighboring town a few weeks ago that he would preach on the subject of "Hell, and Who Will Be There." Before Sunday came around, he received letters from three lawyers, two merchants, two town officials, and an editor, threatening to sue him for slander if he mentioned any names in the discourse.

Are Your Children "Croupy?"—This trouble is deadly—must be stopped quickly. Nothing is so sure as the Nerviline Treatment. Give it internally, rub it on the throat and chest, and then put on a Nerviline Porous Plaster. The marvelous power of Nerviline, both as a liniment, and in plaster form, will surprise you. For sore throat, coughs, colds, and pleurisy alone, it is used by thousands every day. Invaluable in the home, especially for treating the minor ailments that all children are bound to catch. Large bottles 25 cents each, Nerviline Plasters same price, at dealers or N. C. Polson & Co., Kingston, Ont.

Between 150 and 200 men were laid off at the G. T. R. shops, Stratford, on Thursday last. The reduction involves every department of the work, and decreases the staff to between 700 and 800.

Do you know that you can make a delicious dessert in two minutes, with

in 15 true fruit and wine flavors. Get a package from your grocer and try it to-night. Price, 10c.

The ROBERT GREIG CO., LIMITED
Toronto.

MOTHERS MUST HAVE ABUNDANT STRENGTH

NO MOTHER CAN REAR A HEALTHY CHILD UNLESS SHE IS STRONG HERSELF.

A woman's anxieties multiply ten-fold about the time the new baby is expected. If her strength is exhausted and her blood weak, it goes hard in the hour of trial.

Ferrozone should be used because it makes the blood nutritious and rich. By instilling new strength into every part of the body, it uplifts your spirits at once.

Childbirth is certainly made easier by Ferrozone. The following statement expresses the earnest gratitude of Mrs. M. E. Duckworth, of Durham. It is a woman's story,—of her own case—told that other women may profit by her experience.

"Before baby was born I was in a weak, miserable, nervous state. I had no reserve strength. I tried to build up, but nothing helped me. I looked upon the coming day with dread, knowing I was unequal to the occasion."

"Ferrozone braced me up at once. It gave me strength and spirits, brought back my nerve and cheerfulness. From my experience with Ferrozone I recommend it to all expectant mothers."

There is more concentrated nourishment in Ferrozone than you can get from anything else. It supplies what weak systems need. Simply take one tablet at meals and you'll feel benefited in a thousand ways.

Ferrozone makes healthy, virile, vigorous women; try it. 50c. per box of fifty tablets, or six for \$2.50 at all dealers.

If you are not contented with the amount of money you are making perhaps this will console you some: "Wages in Great Britain average much higher than on the continent, and in France and Germany wages are higher than in Italy, Spain or Austria. The district court at Carlsbad, Austria, recently fixed the daily wages of laborers of both sexes for the years 1907, 1908 and 1909, as follows: Males, foremen, 60 cents per day, others 40 cents, and apprentices, and boys, 20 cents. Females, 28 cents, and juveniles, 18 cents. Servants of the state, 48 cents, except servants of the post and telegraph, who receive 44 cents.
