THE NICKELS

WITH BRITAIN'S FORCES

Owing to the tremendous reception accorded the Boer War pictures at the Casino Theatre the past three days the management has decided to place it for production again to-night. This decision was arrived at by the fact that so many saw and were pleased and that so many others, who had not the opportunity of seeing one of the greatest war pictures ever shown here, might be given a chance. Let then the opportunity be taken advantage of to-night by those who missed this picture of visiting the Casino and seeing a realistic production of a struggle that raged between Britain and Oer in South Africa. Let everyone get an impression and realization of war—the meeting of masses of soldiers, of the onward-over onward charge of cavalry and infantry in their desire to place the Grand Old Flag in captured positions and thereby let its folds unfurl in defiance to the enemy.

FIVE INTERESTING FILMS AT THE CRESCENT

It is unpleasant to see good management and kindly catering appreciated as both are by everyone who visits the Crescent. And 'tis right that this should be so. Look at the Crescent's Bill for to-day. There are five distinct, interesting films to be shown, pictures that can make you laugh loud, and wonder much at the productions of the Vitagraph, that great invention of the day. What about Delmonico? He's alright, and when he sings "California and You" it just makes you think of the romantic beauty of the South, which you have read about, perhaps seen. To the Crescent to-night for a pleasant hour.

THE GREAT COMPETITION

The contest on Friday night promises to be the best yet. The reserved seat tickets are on sale at the Rossley East End Theatre from 11 a.m. until night. There are lots of names, and ticket holders, and reserve seat people will be admitted by the side door; all seats are reserved, so that there will be seats for all who are in time, then extra seats will be provided. The Dramatic sketch by Mr. Ballard Brown and Miss Madge Locke, "The Heart of a Girl," will be a revelation, for a better act could not be seen. The pictures also are very good. The great military feature in two reels—"The Army Surgeon," a delightful photoplay, and several others, all first class. There will be a great show, potted pantomime, "The old woman who lived in a shoe," elegant costumes, all new.

"OURS" IN THE WEST END

Big program to-night. Farewell nights of the clever Sisters Squires, as both are book for the potted pantomime at Rossley's other Theatre. This production is a condensed version of "There was an old Woman who lived in a shoe." The costumes are really delightfully. On Monday a big program at "Ours" and a new singer, in the Nation's battle song. Don't miss the contest on Friday night at the East End Rossley theatre, its going to be funny.

A Shooting Accident

The killing outright of a young boy was barely averted last evening at the Highlander's Armory. The boy whose name is Spears, son of Mr. Bernard Spears, was playing around the armory with two other boys named Murphy and Sawyers, when he and his companions were ordered away by Dewey, son of Mr. John Day of the R.N. Co., young day being employed at the armory in connection with the rifle range. Day it is said pointed a rifle—a 22 calibre Winchester—at Spears from one of the windows of the building. The boys not taking any notice of this, but attempting to enter the place, young Day sought to remove them, and again pointed the gun, no doubt more in fun than with any thought of doing injury. The gun however was loaded and Spears fell, his companions running through the lane that leads to Bishop Field College.

People who were passing picked up the wounded lad, and Dr. Knight being called, the boy was removed to the hospital, and at press hour was in an unconscious state. No operation has been performed, though the bullet is still embedded in the head. The whole happening is a most unhappy one, and a result of thoughtlessness and boyish folly. Young Day, who is quite prostrated at the terrible result of his unmeaning action, is still held by the authorities, awaiting an investigation into the affair.

Catholic Committee

The Committee appointed to look after subscriptions towards the purse to be presented to His Grace-Elect, the Archbishop, met last night at the T. A. Armoury. A lot of work in connection with the duty of the body was gone through, the collectors appointed, and much detail matter dealt with.

Wreck Averted

We learn to-day from persons who came to the city by the Trepassey train that Coady's schooner of Bay Bulls was nearly wrecked at the mouth of the Bay last Sunday. The vessel left here on Sunday morning, and after a good run up the shore, reached Bay Bulls entrance on Sunday evening. Whilst beating in the Bay the jib-boom smashed, carrying away much of the sail and placing the little schooner in a dangerous position as a heavy gale of wind was blowing at the time. Fortunately, a motor-boat put off to the help of the distressed ship, and she was safely towed into her destination.

OBITUARY

A very large number of people in the city who knew Battalion Sergt-Major John Moore, were grieved to hear of his death, which occurred yesterday afternoon. The deceased served in the British Army for over 20 years. Came to the country about 10 years ago, and was employed as Conductor on the R. N. Co. service, and was finally appointed to foreman of the freight sheds. When the Newfoundland Regiment was started, Mr. Moore joined the ranks as instructor, and did creditable work, the different companies having been prepared for the doings of war by him. The deceased was an Irishman by birth, and served in the Boer War, he having been amongst the troops at the Relief of Lady Smith. The Mail and Advocate extends sympathy to his relatives.

A Gas Victim

Mr. D. Thistle, Long's Hill, received a message yesterday from the Adjutant General at Ottawa stating that his son Pte. Ralph Thistle is now in hospital suffering from gas poisoning and that further information would be forwarded later. Pte. Thistle was a stretcher bearer in A. Co. of the 48th Highlanders, having enlisted at the first call to arms in Cobalt, Ont. and crossed to France with the First Canadian Contingent. Further information is anxiously awaited by Mr. Thistle and friends of the family.

Old Lady Found Insane

Yesterday afternoon the Police found an aged woman wandering about Pleasant Street and on investigating, learned that she had strayed away from the Poor Asylum. As the poor old lady showed signs of mental trouble, she was examined by Dr. Cowperthwaite, and being pronounced insane was removed to the Lunatic Asylum.

Sale of Work

The sale of work at St. Michael's, Casey Street, was opened yesterday afternoon by Lady Davidson. As the weather was very unpleasant, the attendance was not large, but it is hoped that to-day's visiting will be very much more promising. An excellent concert programme is prepared for to-night, and all who can ought to visit the sale.

Wants U.S. to Keep Out

London, May 15.—British newspapers express the wish that the United States keep out of the war. The Evening Standard is particularly emphatic on this point, saying: "President Wilson has been quick to intimate that his speech did not refer expressly to the cause of humanity by remaining neutral. At the same time she can scarcely stomach this deliberate affront without making some practical assertion of her dignity, power and interests. The United States would be false to its great traditions if it calmly allowed its rights to be trampled upon by a degenerate freebooter."

COAKER ENGINES

are THE BEST Motor Engines for Fishermen

W. F. Coaker, Esq., M.H.A., President Fishermen's Union Trading Company Limited. Dear Sir,—

Last Spring I purchased a 6 h.p. COAKER Engine which has given me every satisfaction.

I certainly consider it the best Motor Engine for fishermen to-day on the local market.

With my trap boat I am able to make seven knots an hour. Last Summer I had my trap set four miles away and I made two trips daily with three dories in tow, and never had the slightest mishap.

I would advise any fisherman who requires an Engine that can be operated easily and give good results to buy a 6 h.p. COAKER Engine.

Yours truly, WALTER HILLIER.
