

...SOCIETY...

Mrs. Machlan Kennedy will receive for the first time since her marriage at her new home, corner of Victoria Ave., and Thames St., on Wednesday, Nov. 9, from 3 to 6 in the afternoon, and from 8 to 10 in the evening.

The Misses Tuckberry entertained about twenty-five of their girl friends to a Halloween party Monday night. A feature of the gathering was a handkerchief shower to Miss Margaret Houston. Amongst the original verses was the following hit by Miss Flo. Glass, a clever Maple City writer, "A maiden's wishes are but three, o'er all the world wherever she goes, to handsome grow and have a beau, and to the bridal altar go."

Thursday afternoon Mrs. A. J. Bedford, Selkirk St., gave a five o'clock tea, at which the officers of the Ladies' Aid of Victoria Avenue Church were invited to meet Mrs. Harry Bloom, who is leaving the city shortly to live at Vancouver. During the afternoon Mrs. Bedford read an address to Mrs. Bloom expressive of appreciation of her personal character, the work she has so faithfully performed as an officer of the L. A. S. and the universal regret at her departure. Mrs. D. M. Crow then presented her with a beautiful pearl sunburst, the gift of the officers of the L. A. S.

Mrs. G. W. Cornell gave a delightful at home on Tuesday afternoon. Mrs. G. W. Cornell received unassisted. She was clad in a beautiful gown of green and white trimmed with lace. Mrs. Greening and Mrs. William Gordon assisted in the drawing room. In the tea room the decorations were all green and white. The same color scheme was carried out in the refreshments. Here, Mrs. R. V. Bray, Mrs. J. M. Gardiner, and Miss Laura Wilson assisted in the tea room. Decoy's orchestra furnished music during the afternoon. Mrs. Greening wore an elegant black and white costume. Mrs. Wm. Gordon wore a mauve and white silk dress, trimmed with lace and chiffon. Mrs. J. M. Gardiner was attired on a gown of old rose voile over white taffeta trimmed with elegant cream lace. Mrs. R. V. Bray appeared to advantage in a white organdie dress with a bunch of pale green ribbon at the waist. Miss Laura Wilson wore a pretty dress of figured organdie. Mrs. Pikey was robed in a pretty black lace gown.

District Dashes

A local option by-law will be submitted in Ridgeway.

Bothwell young men have formed an athletic club. Rooms will be fitted up and gymnastic appliances installed. Gatherings of a social nature will be held from time to time and every effort will be made to break the monotony usually to be found in towns of small size during the winter months.

Mr. A. Denholm returned on Friday from Tara, where he purchased the interest of Robert and John Nichol in their large stave and saw mill. The business will hereafter be owned by Spence & Denholm, the former being until two years ago, foreman in H. L. Merritt's mill. Mr. John Nichol has already returned to town. Mr. Denholm will continue to reside here for the present at least, but will spend a large part of his time at Tara.—Blenheim News-Tribune.

Galagher, the ex-Blenheim horse that has proven himself one of the fastest harness horses in the United States this season, was in a railway wreck near Hamilton on Tuesday. The car in which he was travelling was smashed to kindling wood, one man was killed, and two others, including the horse's caretaker, were injured. Gallagher's escape was miraculous, he only receiving a few scratches.—Blenheim News-Tribune.

A heavy petition in favor of local option will be submitted to the Oxford council. The following officers have been appointed by the temperance people of that township: President, Ed. Beattie; Secretary, John S. Foster; Committee, Mr. Shipp, Palmer, John Steele and W. D. McKellar, Muskirk; Geo. Newman and M. T. Dickson, Highgate; John A. McArthur, Dunbart, and Wm. Ferguson, Clearville.

After the morning service of the Baptist Church at Blenheim on Sunday, October 30th, the Rev. G. B. Brown's resignation as pastor of the church was read to a meeting of the members when it was decided to refer consideration of it until a future meeting. The following resolution was then adopted at the meeting— "Be it resolved, that we the members of the regular Baptist Church in Blenheim, having heard a report that has been circulated that we have requested our pastor, the Rev. G. B. Brown, to resign, the pastorate of the church on account of the interest he has taken in the suppression of the liquor traffic, desire to emphatically state that there is not a word of truth in such a report and that we are in perfect accord with the temperance movement and hope that the publicity that will be given to this resolution will silence such a base and unworthy slander of our pastor." On behalf of our Church.—Blenheim News-Tribune.

NEURALGIC PAINS.

ARE THE CRY OF THE NERVES FOR BETTER BLOOD.

Enrich the Blood and Neuralgia Will Disappear—It is Only Those Whose Blood is Poor and Watery That Suffer.

No part of the human system is more sensitive than the nerves. Many of the most excruciating pains that afflict mankind come from weak, shaky, shattered nerves, and among the nerve pains there is perhaps none causes more intense suffering than neuralgia, which generally attacks the nerves of the face and head, sometimes causing swift, darting, agonizing pains—at other times a dull, heavy, aching feeling, which makes life miserable. There is only one way to get rid of neuralgia and other nervous troubles, and that is through the blood. Poor, watery blood makes the nerves shaky and invited disease. Rich, red blood makes the nerves strong and banishes all nerve troubles. No medicine in the world can equal Dr. Williams' Pink Pills as a blood builder and nerve tonic; every dose helps to make rich, red blood, and every drop of this new blood feeds and strengthens the nerves and banishes all nerve aches and pains. Among those who offer strong proof of this is Mr. John McDermott, Bond Head, Ont., who says: "A few years ago while working as a carpenter in Buffalo I got wet. I neglected to change my clothes and next morning I awoke with cramps and pains throughout my entire body. I was unable to go to work so called in a doctor. I followed his treatment, but it did not help me. As I was unable to work I returned to my home at Bond Head. Here I consulted a doctor who said I was suffering from neuralgia, but though he treated me for some time, he also failed to help me. I had often read of Dr. Williams' Pink Pills, so decided to try them. I had not used more than three boxes before I felt they were helping me. From that on I gained day by day, and after I had used some ten boxes I had fully recovered my old-time strength and have since been able to work at my trade without any trouble. The pains and aches no longer tormented me and I have gained in weight. I think Dr. Williams' Pink Pills an invaluable medicine and shall always have a good word to say for them."

Neuralgia, sciatica, rheumatism, St. Vitus' dance, and the many other blood and nerve troubles all vanish when Dr. Williams' Pink Pills are used—but you must get the genuine bearing the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around every box. Sold by druggists or direct by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

A TIMELY SUGGESTION.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by all druggists.

SOURCE OF SUPPLY POISONED

An Alarming Condition Present in many places in Canada. How best to Correct it.

Many people all over the Dominion are being poisoned slowly but surely, and that by their own carelessness. The food may be pure, but digestion is not complete, and all that is not digested rots and ferments, giving off the most violent poisons. What was intended to sustain life really turns into that which destroys life.

The temperature of the body is a little over 98 degrees. Every particle of undigested food lies in the Stomach and Bowels, subject to this temperature, which is as high as in the sun on a hot summer day. It is not necessary to explain how quickly such heat will decompose dead matter, either animal or vegetable.

The Stomach and Bowels must be set right—Anti-Pill will do it. Dr. Leonard made his Anti-Pill specifically to correct these conditions, and it has never failed when given a fair chance.

ANNOUNCEMENTS.

Way Down East—Nov. 7. Bugle Band Minstrels—Nov. 9-10. Guy Bros' Minstrels—Nov. 12. On the Bridge at Midnight—Nov. 14.

The Mummy and Humming Bird—Nov. 17. Lyceum Course—Nov. 21. Local "Pinafore"—24-25. Sons of Scotland Benefit—Nov. 30.

(Supplied to The Planet by Press Agents.)

Plays that present not only one good part but several are seldom written, and plays that offer a good part to every member of the cast are indeed rare; yet "The Mummy and the Humming Bird" has not a single weak character in it. Every part is what the actor calls a "fat" part; and the company which Manager Jules Murry brings to this city in the near future in this fascinating comedy is as strong in its personnel as the play itself is in its construction. A most delightful evening's entertainment is assured local theatregoers at the Grand Opera House on Thanksgiving Day, Nov. 17th.
