Badly Affected With Sores and Crusts - Extended Down Behind the Ears - Some Years Later Painful and Itching Pustules Broke Out on Lower Part of Bedy - Son Also Affected.

### A TRIPLE CURE BY **CUTICURA REMEDIES**

"About ten years ago my scalp became badly affected with sore and itching humors, crusts, etc., and extending down behind the ears. My hair came out in places also. I was greatly troubled; understood it was eczema. Tried various remedies, so called, without effect. Saw your Cuticura advertisement, and got them at once. Applied them as to directions, etc., and after two weeks, I think, of use, was clear as a whistle.

"I have to state also that late last fall, October and November, 1904, I was suddenly afficited with a bad cruption, painful and itching pustules over the lower part of the body. I suffered dreadfully. In two months, under the skilful treatment of my doctor, conjoined with Cuticura Soap and Cuticura Ointment, I found myself cured. "Six years ago my son was laid up with a severe cold, a hard cough, and finally painful eruption all over the body. I procured the Cuticura Remedies as soon as possible, and after his faithful use of same was as well as ever in two weeks, as well as I can recall. He has never had a return of the illness, as far as I know.

"I have always been pleased to commend the Cuticura Remedies, and testify as to their efficacy. I am a veteran of the late Civil War, '61-'65, between seventy and eighty years of age. Yours truly, H. M. Fa Weiss, Rosemond, Christian Co., Ill., Aug. 31, 1905."

Act of More Service to the People.

Toronto, Dec. 11.—Important amendments to the Railway Act were stated by Premier Whitney yesterday to be contemplated. Among these perhaps the most important will provide for giving the board power to take over and operate roads on which trouble has occurred between companies and their employes.

The board would continue in charge until a satisfactory settlement by arbitration or otherwise was reached. The municipal and railway board considered the C.P.R. appeal against assessment on their bridge and business at Galt yesterday, Angus MacMurchy appearing for the railway. The original assessment was \$32,000, and included \$1,500 business assessment. This was struck off by the board, which held that steam railway companies are not liable for a business assessment. This decision will affect several other places where appeals are pending.

The bridge assessment was also struck off, the bridge having been built on an original road allowance for a highway and the municipality having therefore no right to levy an assessment on the bridge.
