

THE ACADIAN.

WOLFVILLE, N. S., MAY 23, 1913.

Editorial Notes.

Special interest attaches to this year to Acadia's closing in that the seventy fifth anniversary will be marked by the exercises of next week.

This is Empire Day. It is not a public holiday, but it should be observed in some appropriate manner, especially in the public school.

'O Lord our God arise, Scatter his enemies, Make us from plagues and death, And over all the earth Let there be peace.'

Notes from the Nova Scotia Agricultural College.

In accordance with the legislation for the encouragement of horse breeding passed by the Nova Scotia House of Assembly in 1912, all stallions offered for public service in Nova Scotia are required to be enrolled with the Nova Scotia Department of Agriculture.

The law in regard to the enrollment of stallions was amended during the past session and for the year 1914 provision has been made for Optional Inspection for soundness, according to which any owner of a stallion wishing to have his horse inspected can have this done and a certificate issued in accordance with the report of the inspection by applying and by paying the necessary fee to the Department of Agriculture.

The correspondence received at the Department of Agriculture indicates that the present law is endorsed by the leading horsemen of the Province who evidently consider that it is a step in the right direction.

The amended law, which will go into force in 1914, will strengthen the present one and will, it is anticipated, lead to a marked improvement in horse breeding in the Province of Nova Scotia.

Well Satisfied with Baby's Own Tablets.

Mrs. John Kenny, St. Norbert, Man., says: "I have used Baby's Own Tablets and am well satisfied with them. Thousands of other mothers say the same thing simply because there is no medicine for little ones equal to the Tablets. They act as a gentle laxative, regulate the bowels and stomach, break up colds, expel worms and make teething easy."

The Department of Agriculture at Truro has recently issued a bulletin on the San Jose Scale. This publication gives a brief outline of the history of this serious insect pest, how to recognize it, how it is distributed, and how it may be controlled.

FOR SALE—One Bean Spray Pump in first class order. Apply to W. C. TRENHOLM, Grand Pre.

We are opening this week a lot of New Goods in our Women's and Children's Ready-to-wear department. It will pay you to call and see these goods. J. D. CHAMBERS.

At Wolfville, May 17th, to Mr. and Mrs. W. P. Frenson, a son, (Mr. W. P. Frenson, Jr.).

A Disastrous Session for the Local Government.

PREMIER MURRAY AND HIS COLLEAGUES REALIZE THAT THE END OF THEIR RULE IS NEAR AND THE RECORD OF THE SESSION SHOWS IT.

Halifax, May 17th.—With the opening of the session of the Provincial Legislature which closed this week, it was remarked in this correspondence that it was evident on all sides that the days of the Murray Government were doomed.

Beginning the session in a frame of mind like this the experience of the thirteen weeks during which the government were face to face with the opposition placed them still deeper in the mire of dependency. It was indeed a severe handling that was meted out to Premier Murray and his colleagues and the government went down the toboggan slide with dread celerity—dread for them but with hope for the interests of this province when they shall have disappeared.

The first new reminder to the government that their end is approaching came on the first day of the session when J. S. O'Brien was introduced by Mr. Tanner and was sworn in. Mr. O'Brien was the conqueror on Antigonish in spite of the combined efforts of Premier Murray and all the stalwarts that could be brought down from the grip opposition at Ottawa.

Then came the exposure of malfeasance in the administration of the crown lands in charges brought first by Messrs. Douglas and Batts, and followed by Mr. Margeson who told of the sacrifice of lands in Western Nova Scotia. The vast areas of land of this province have been wasted till only a small part remains of the heritage that still should be ours.

The ineffectiveness and failures of the government's policy of "immigration" was exposed at a later stage in the session. Then came the exposure of the mismanagement of the provincial farm at Truro where the tuberculosis by negligence and worse was allowed to become so rampant that the Dominion government officials have now taken charge of the tests for the disease.

The ineffectiveness and failures of the government's policy of "immigration" was exposed at a later stage in the session.

Then came the exposure of the mismanagement of the provincial farm at Truro where the tuberculosis by negligence and worse was allowed to become so rampant that the Dominion government officials have now taken charge of the tests for the disease.

After the country had been exposed to the contagion by the local government officials by contaminated herds, eighty per cent. of the animals on the farm being affected and a score of the once valuable animals slaughtered and buried on the farm. The house saw W. L. Hall, the member for Queens, completely shatter the case which a partisan majority of the committee had constructed to "whitewash" the government. Mr. Hall tore down the government fabric, and exposed in all its nakedness the vicious record of the government in this respect.

The opposition held a firm hand on the government while the exposures were made, and then when the Robert legislation was attacked, serious proposals were made on their majority in the first nefarious Robert bill the government had to drop the measure; the second attempt to invade the rights of the people of Halifax Premier Murray and enough of his supporters were forced to vote with the opposition. But the people, in the end, were badly betrayed by the government, which passed the third Robert bill.

A LASHON OF THE STRIKE. The indignation of the people at this Robert act was shown, in one way, by the disturbances in connection with the street railway strike. The almost unanimous feeling of sympathy for the strikers was only a method of voicing their indignation at Premier Murray's legislation.

There is no doubt about it—the day for a change in the government of Halifax is not far off.

If you buy right you get all right. We do both at R. E. HARRIS & SONS.

CAPT. S. M. BEARDSLEY, Wolfville, Prov. Mgr.

Wolfville Lady Mourned.

In a home where the shades are closely drawn, and where a faint gleam of light filters through to the chamber of sorrow, lies a mother cold in the clasp of death with her little baby resting by her side. Shortly after the ushering in of a new-born day this morning the soul of the little one took its flight to that realm where it joined the angel throng, and a few hours later, when the soul of the mother left this vale of earthly pain and suffering, baby pulled aside the portals and awaited the coming of her who is now united in life everlasting with her little one.

SEALING TENDERS addressed to the undersigned, and endorsed "Tender for Extension to Breakwater at Oglivies, N. S." will be received at this office until 4 P. M., on Wednesday, June 19th, 1913, for the construction of an Extension to the Breakwater at Oglivies, Kings County, N. S.

Plans, specifications and forms of contract can be seen and forms of tender obtained at this Department and at the office of C. E. W. Doolittle, Esq., District Engineer, Halifax, N. S., E. G. Millidge, Esq., District Engineer, Antigonish, N. S., and on application to the Postmaster at Oglivies, N. S.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupation and place of residence, in the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10%) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tenderer is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order, R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, May 15, 1913.

Newspapers will be paid for this advertisement if they insert it without authority from the Department.—41510.

Maritime Nail Bonds

Maritime Nail Bonds have ever been a popular issue with our clients. Recent reports of the Company's progress are so extremely favorable that we're sure other investors will also want some of these really good bonds.

Over our private wires a message came yesterday reporting that the Maritime Nail Bonds Company has 4 per cent more unfilled orders on its books than at this time last year. Improvements recently installed have reduced manufacturing costs by 7 per cent and at the same time increased the output by 30 per cent with the same overhead expense. In addition a successful trip to the Cascades; Fox Breeding in Prince Edward Island; Article VI of Small Fur Beavers and How to Take Them; The Diary of a Canoe Trip in 1854 (continuation), etc., etc.

A limited number of these Ten Year 4 per cent Gold Bonds (maturing 1923) is now offered at 100 per cent and interest to yield an even six per cent. We will be pleased to have you inquire, desiring further information.
