Children Cry for Fletcher's
CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind, Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Charles H. Fletcher
In Use For Over 30 Years

Notes and Comments.

American shipbuilding efforts, commenced with the war, have resulted to date in the construction of 1,468 vessels of a total deadweight tonnage of 8,100,000. But the almost daily reports of disabled ships indicate that in their war-time efforts American shipbuilders have still a good deal to learn.

The latest statement compiled shows that more than 200,000 Canadian troops have returned to Canada since the Armistice was signed. Of this number more than 16,000 were officers. It is expected that November 1 will see only about 1,000 Canadians on the other side. There are still 70,000 Chinamen to come via Halifax.

The assessment in New York City on real estate has gone up \$200,000,000 this year. This was done by the assessors so that the wages of all municipal workers in that great city could be increased; and the increase amounts to \$10,000,000. The tax rate will be kept down as low as at present, perhaps lower, as the assessment has been increased so much.

Sailors at New York report the Gulf Stream almost at the boiling point at the present time, and that existence on the decks is almost unbearable while passing through it. Water dipped from the stream is almost warm enough to poultice an egg, they assert. One hundred miles out to sea the temperature is 100 degrees above zero. The stream is said to be 10 miles near the coast than in July.

Immigration from the United States to Canada for the first eight months of 1919 shows an increase of 7,079 as compared with the figures for the same period last year. From January 31st to August 31st this year, 38,222 persons entered Canada as settlers from the States, of whom 11,000 were of the farming class, 11,000 being adult males, 3,308 adult females and 3,775 children under 14 years of age.

Jamaica is going to be the Mecca of anti-prohibitionist this Winter and the exodus from the United States has already begun. Many hotels of the island have been closed during the summer to prepare for the 'wet' season which will be in full swing in two months. It is said American tourists formerly spent about \$500,000 annually in Jamaica, but the amount the coming year it is believed will exceed \$1,000,000.

Approximately 200,000 boys ranging in age from sixteen to nineteen years, presented themselves at the armories throughout New York, Monday, and registered for the new military training laws compelling every lad between those ages to drill at least an hour and a half a week. The school-boys will be trained in the afternoons and those working during the day will get their training in the evening. Every boy of the specified age is required to register.

The money side of many of the pressing problems facing Canada to day in connection with the war and the obligations war created, will be looked after by the coming Victory Loan. Realization of this fact is one paramount reason why Victory Loan purchases should be as generous as in previous years. Another and equally compelling reason for buying Victory bonds is that the return they yield is practically double that secured from money in the bank and as good as can be got from first class absolutely safe investments in the security line.

The National Executive of the Imperial Order of The Daughters of the Empire have decided to organize a campaign throughout Canada during the week beginning November 24, to raise half a million dollars for a war memorial to Canada's sacred dead. The memorial will be a comprehensive scheme of patriotic educational propaganda, which will include school pictures, libraries, lectures and scholarships. A great feature will be the presentation to Canadian schools of reproductions of the famous war memorial paintings of Canada's part in the great war.

One way to keep business good and help to make it better is to subscribe to the Victory Loan 1919.

Australian Ships.

A Sydney paper, lamenting the lack of ships in Australia, remarks upon the fact that during an entire week only two sailings were announced from Sydney to Melbourne and one of these was a foreign ship, a Yankee windjammer. As practically no ships are built in Australia, the resumption of normal conditions in trade since the war depends almost entirely upon other nations. Trade between Sydney and Melbourne, the two largest cities in the country, is several months in arrears. The single track railroad is inadequate at best to carry the freight. Conditions are further complicated by the necessity of new rolling stock. It is also pointed out that the country is accustomed to import her railroad material as well as her ships.

It would seem from these conditions that Australia might prove a fruitful market for the American and Canadian ship builder.

A Mother's Trials.

CARE OF HOME AND CHILDREN OFTEN CAUSES A BREAKDOWN.
The woman at home, deep in household duties and the cares of motherhood, needs occasional help to keep her in good health. The demands upon a mother's health are many and severe. Her own health trials and her children's welfare exact heavy tolls, while hurried meals, broken rest and much indoor living tend to weaken her constitution. No wonder that the woman at home is often indisposed through weakness, headaches, backaches and nervousness. Too many women have grown to accept these visitations as a part of the lot of motherhood. But many and varied as her health troubles are, the cause is simple and the cure at hand.

When well, it is the woman's blood that keeps her well, when ill she must make her blood rich to renew her health. The nursing mother more than any other woman in the world needs rich blood and plenty of it. There is one always unfailing way to get this good blood so necessary to perfect health, and that is through the use of Dr. Williams' Pink Pills. These pills make new blood abundantly, and through their use thousands of weak, ailing wives and mothers have been made bright, cheerful and strong. If you are ailing, easily tired, or depressed, it is a duty you owe yourself and your family to give Dr. Williams' Pink Pills a fair trial. What this medicine has done for others it will do for you.

Big Movies to Offset 'Unrest'

New York, Oct. 1.—Excessive energy—the natural craving for excitement, which has been enhanced by the war and which finds no outlet in the ordinary humdrum existence of a world at peace, is responsible for the present 'social unrest,' according to Dr. G. Stanley Hall, president of Clark University, who to-day addressed the international Conference of Women Physicians.

To combat a trend toward chaos Dr. Hall advocated a lighter rein upon amusements, particularly dancing and motion pictures. "Perhaps some day," Dr. Hall suggested, "clergymen will realize the possibilities of utilizing instead of prohibiting this form of excitement, and instead of opposing 'movies' will set themselves writing scenarios."

King George Ratifies Peace Treaty.

King George last Friday completed Great Britain's ratification of the German peace treaty. The document ratified by him has been despatched to Paris, the first of the ratifications by any of the Great Powers to be deposited there. Advices from Rome have announced the ratification of the treaty by King Victor Emmanuel for Italy, but so far as is known, the Italian ratification has not yet reached the French capital, there being some question as to whether the King's act, still lacking the sanction of Parliament, will be considered a valid ratification.

Action by the French Senate on the treaty, is still pending, ratification by France thus being as yet incomplete.

Pre-War Days Are Quickly Remembered.

CANADIANS ARE APT TO FORGET THAT THE STRUGGLE IS NOT FINISHED YET.
It's funny how quickly we slip back into the old grooves of life, even though jarred out of them by years of war and wrenched by sad partings.
Isn't it true that in most Canadian homes life goes on to-day pretty much as it did five blank years ago, the stalwart sons come to the breakfast table with the same noisy greetings, though there is, perhaps, a shade deeper ring to their voices? Returned from war the head of a family sits in his old accustomed place at story-time, perhaps bringing a new kind of prince and knight for the youngsters.

With the men home life goes on pretty much as before. The harsh old realities of war are slipping into the misty background. We never forget the price in flesh and blood; we could easily forget the price in treasure.
When we hear of plans for the Victory Loan, 1919, we are brought back with a jerk to the fact that the cost of Canada's Victory has not been fully paid, and that the future lays burdens upon us also.
Nearly four millions of dollars in cash was brought into the Province of Quebec this season by visiting motorists from the United States. More American automobiles were passed by the Customs Department in the Province of Quebec this season than during the seasons of 1917 and 1918 combined. On the King Edward Highway this season 34,000 cars were passed—that is computing both ways. No less than 7,500 cars were passed at the Customs port of Lacolle this year entering Canada from the United States, and 10,000 Canadian cars were passed through into the United States.

McClary's Pandora
It is every woman's right to have the best kitchen equipment that can be had. The Pandora saves trouble, saves work, and gives a woman the joy of baking things just as she wants them.
It is a woman's choice.
Let us show you the smoothly working grates, the clear oven door, the steam-moistener. Let us explain why the oven is so evenly heated. You will see that for your kitchen, there are the Pandoras.

Efficiency in The Kitchen.

What is Efficiency? A famous engineer defines it in these words: "Efficiency is applied Common Sense." As simple as that. And the gist of the whole matter is in that little word "Applied," says the Mother's Magazine.
Do we display common sense by making twenty or thirty trips between kitchen and dining room in clearing the table, when a wheel tray would enable us to do it in one trip? Is it sensible to stand for hours at work which could as well be performed while seated? And above all, do we exercise common sense by devoting hours to the selection of door-knobs and mantelpieces for the new home and then leaving the kitchen to be planned entirely by the architect, a mere man who cannot possibly have an adequate knowledge of its requirements?
Efficiency is the accomplishment of the greatest possible result at the smallest possible cost of time money and energy. By making our kitchens efficient we shall reduce expense, avoid fatigue and secure more leisure.

Everyone Who Bought Canada's Victory Bonds Made Money

EVERY one of the million and a half subscribers to Canada's Victory Bonds knows that he can sell them today for more than he paid for them.

Every one who bought Canada's Victory Bonds has received 5 1/2 per cent. interest per annum—paid twice a year.

Over half a million Canadians who bought Canada's Victory Bonds on the instalment plan saved money that they would not otherwise have saved.

The guarantee back of Canada's Victory Bonds is the same as the guarantee back of a One Dollar or a Two Dollar bill. There is this difference, however, that you get interest on the Victory Bonds and you don't on the One or Two Dollar bill.

Canada's Victory Bonds will always be accepted as security for a loan.

Banks are ready to loan money on Canada's Victory Bonds.

Canada's Victory Bonds may be turned into cash at any time.

There is no other way in which you can invest your money with such absolute security—paying such a good rate of interest.

Canada will soon give her citizens an opportunity to buy Victory Bonds 1919. It will probably be the last chance to buy Canada's Victory Bonds on such favorable terms.

Prepare to buy as many Victory Bonds this time as you now wish you had been able to buy the last time

Victory Loan 1919

"Every Dollar Spent in Canada"

Issued by Canada's Victory Loan Committee, in co-operation with the Minister of Finance of the Dominion of Canada.
