

Notice to Retail Merchants

If you are at present advertising, or intend to do so in the near future, we can be of very material assistance to you.

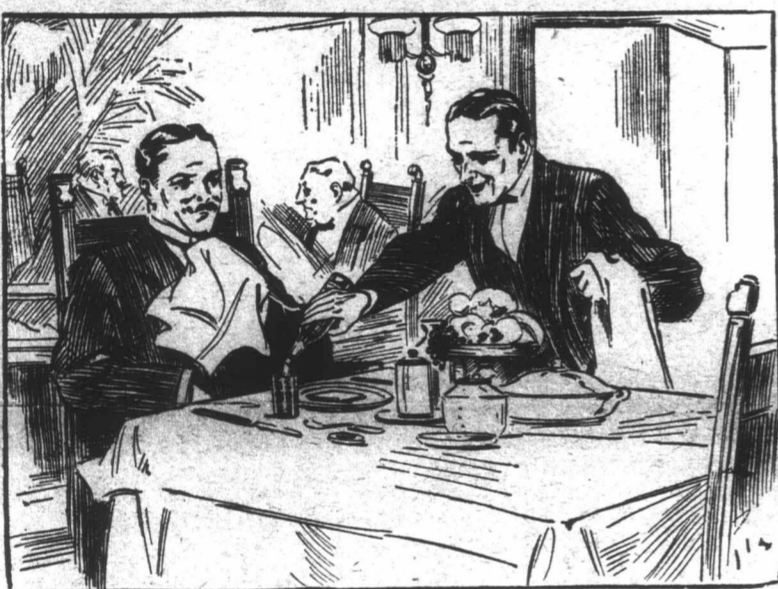

Our business is devoted to the writing, displaying and placing of advertising for any line of business.

If you hold a SALE it will be far more profitable to you to place the advertising end in our hands rather than in the hands of "SALE SYNDICATES" or "SALE EXPERTS," who charge an enormous amount for their service.

If you are a regular advertiser using a certain size space, we can make your ads far more compelling and profitable than they are at present.

After searching the waters of the shoreline of the coast and adjacent islands for two days, the local provincial police have been unable to locate the body of a young woman swirling waters of the Narrows late which was discovered floating in the Saturday night, only to be lost later, almost costing two lives at the same time. The mysterious corpse can not be identified, as no drowning fatalities have been recorded lately. The currents in the vicinity are very swift and diverse, and it is possible that the mystery may never be solved.

NATIONALS WIN EASILY
Montreal, Sept. 2.—Smothering their opponents with speed as well as bottling them up in air-tight fashion the Nationals defeated the Irish Canadians today by a score of 17 to 2. In piling up this score the "Flying Frenchmen" established a record score for the Dominion Lacrosse Association. Never at any stage of the contest was the result in doubt. The Irish-Canadians were played off their feet in the first few minutes and never again got into their stride.
