

Make This a Radio Christmas

WE ARE DEALERS IN THE FAMOUS

Great Northern Electric Co. Radio Receiving Outfits

which are equal to the best produced by any manufacturer. Hartland is alive with Radio reproductions every evening. President Coolidge was heard to give an address, heard by several sets in Hartland and away out to Juniper amid the forest. It makes no difference where you are—the AIR—the very air mind you—is filled, vibrant with music, lectures, the day's world news, market reports, and you need only a Great Northern Electric Receiving Set to hear it all. Concentrate the family's Christmas money into one big present for the whole bunch! A Radio Set will bring Joy, Happiness, Contentment, Knowledge of World Events, and make your home a centre of attraction not only for your own young people but for the whole neighborhood.

COMPLETE RADIO SETS ARE \$80 UPWARDS.

We give FREE demonstrations and instructions and will instal the set of your choice anywhere in Carleton or Victoria counties. We also sell Radio Parts and Instructions for making your own set.

THE CATARACT WASHING MACHINE

will be an appreciable Christmas Gift. It runs by its own electric motor, is the best washer in the world, and will please the wife during the rest of her active life—and washing with a Cataract washer is so easy!

An Apex Vacuum Cleaner

run by its own electric motor direct from any lamp socket does away with half of the household drudgery. See these demonstrated at our store. Many a good wife can be made happy with one of these.

Other Electrical Gifts

are Hanging, Table, Piano and Boudoir Electric Lamps, Electric Irons, Electric Toasters, Electric Heaters and Stoves. See the lovely display at our Store. Remember we are anxious to serve those out of town—in any part of Carleton or Victoria.

Hartland Electric Co., Ltd.
