Chiquecto Post. SACKVILLE, N. B., AUG. 4, 1870.

The War! The sympathy of the world, since

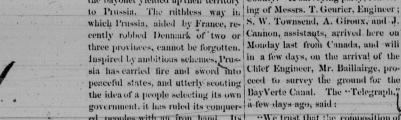

the prospect of an outbreak, has been against France. Since Prussia divulged the infamous offer of France made in '66, by which France was

to be permitted to vannex" Laxemburg and Belguim in return for not interfering with the schemes of Prussia to gather in the German States under her motherly wings, the feeling against France has been against France has been Itas not the sympathy the Prince withdrew and Sprin accordially and unreservedly towards cepted his withdrawal. The matter Prussia? Admitting France declared perhaps ought to have rested there. war on a frivolors pretext ; admit- The Ambassador of France, however at a social gathering, demanded conting. Napoleon is a man who has in the past, sacrificed every obligation, destroyed the most sacred ties of Prussians say, no King could make truth and friendship for personal without forfeiting the respect of his own people, and of the world. For ambition, and that he is intent only this personal insult the Aubassador upon securing to his family the was dismissed, and his dismissal is

throne of France ; admitting that the plea for war. France is ambitious and would unhesitatingly break faith in order to aroused. England's efforts or other extend her frontiers, set it may be causes may defer the conflict; but fairly questioned whether France sooner or later the hostile feeling has not as much right to our symburning in the hearts of both people pathy as Prussia.
