GRAND EVENT.
CHATHAM LODGE I. O. G. T. ANNUAL SOCIAL.

Last Tuesday evening the Chatham Lodge, Independent Order of Good Templars held its annual social in Temperance Hall and the capacity of the place was crowded with enthusiastic advocates and friends of the cause of temperance. The members of the Division, Sons of Temperance, Black Brook, Douglastown and Newcastle divisions were present in large numbers and kindly cared for by the members of the Good Templars, who were not at a loss how to entertain their guests.

About forty members from our local organization went in puffs and all were loud in their praise for the generous reception which they received. The roads were in fair condition and all enjoyed the ride, the children appreciate and making eloquently outbursts.

At eight o'clock all in the hall were called to order and an able and stirring address of welcome was made by W. H. Gould, G. C. T. after which a chorus, Look Not on the Wine, was rendered, followed by a reading by Earl Lobban. The feature of the evening was the four act drama styled The Jail Bird with the appended cast of characters:

Matthew Morgan, G. J. Stewart, (from Upper New York State who came to the great city to seek his fortune.) Bill Donovan, alias Jenkins, alias the Parson, R. S. Ward, Darby Jones, a New York Detective, E. G. Merritt, Solomon Isaac, a Jewish crook, J. W. McDaniel, a wealthy stock broker, F. M. Frost, W. E. Abbott, Robert Wilkins, F. H. McNaught, Jennie Foster, afterwards Matt's wife, Mrs. Libby, Mrs. Babington, Miss S. Stone, Time, The Present, Place, New York.

Act I was a Room in Solomon's Saloon. At the conclusion of this act by Mrs. Perley and Miss McCullum was well rendered.

Act 2 was Denham's Office. When the curtain fell at the end of this act a recitation was given in excellent manner by John Wall.

Act 3 was Card Room at Isaac. Between this and the last act Miss Cornish rendered a solo which elicited the plaudits of every one present. Although encores, Miss Cornish did not respond.

Act 4, Denham's Office, (midnight), after which Miss Forest gave a reading which proved interesting. A chorus, Touch Not was then given with energy. There was a lapse of three years between the first and second act, during which time Matthew was in jail, but corresponding with Jennie.

The different characters in the drama took their parts well and Ed Merritt, as Darby Jones, the detective, was the star of the evening, calling forth from the audience many peals of laughter for his wit and local hits. As an actor he elicited all and certainly deserved the applause he received. J. W. Wall, as Solomon Isaac, a Jewish Crook, also merited praise for his local puns and his manner of speaking and acting. The drama as a whole reflects great credit upon the participants and was thoroughly enjoyed by the spectators.

The organist for the evening was Miss Dottie McCullum.

At a late hour sandwiches, pie, cake, tea and coffee were served with courteous style and all in attendance relished the lunch.

The G. C. T. then called on Rev. Robert Falsaver, Newcastle, who told interesting and instructive stories and emphasized the forward movement of the temperance work. The worthy Patriarch of Northumberland, Silver Stream and Caledonia Divisions, S. T. briefly expressed their thanks for reception and hospitality and uttered encouraging words for the cause for which all were banded together.

The affair closed by everybody rising and singing with the spirit which springs from patriotism, God Save the Queen.

Millerton Notes.

The South West Boom Co. is building quite a number of blocks on the upper part of the Boom, to make ready for spring freights. The manager, Mr. Walter Morrell is pushing the work along very fast, and the blocks will stand inspection in every particular.

The debate in Nelson Division No. 99 finishes Monday night—Which was the greater general, Napoleon or Wellington? They both have many friends in Millerton, but as I have no time to wait to see the battle fought I will have to send you the particulars next issue.

James Doreign who has been very ill is some better, under the skillful treatment of Dr. Wilson.

Rev. Mr. Frieze preached in the Methodist Church last Sunday evening, to a large audience. The Rev. gentleman's able and eloquent sermons have gained for him many adherents. The Band of Hope is largely attended which shows that the children appreciate the instructions received from their teachers, both in temperance and music.

Mr. John Graham has put up quite a large ice house in addition to his many other buildings. He intends to keep things cool around him this coming summer.

There has been quite a large amount of Hemlock bark hauled to the Miller Tanning Extract Co.'s yards this winter, which gave quite a lot of employment and made things stirring in general.

Douglastown Notes.

Mrs. W. Taylor died last Wednesday at one o'clock, at her residence in Upper Town, after a very short illness. Much sympathy is felt for the husband and relatives who are left behind.

We are glad to hear that Mr. Goddard who has been very ill is recovering slowly.

Some of the boys have begun to do away with their dog already. I guess they are expecting a visit from Frank Johnston soon, he is dog tax collector this year.

Some of the boys returned from the woods on Friday, and Timothy O. Sullivan made a grand supper for them Saturday night. They had a pretty good time and returned home early Sunday morning.

One of the members of the Salvation Army of Newcastle, held a short meeting on the band room corner last Sunday morning.

Mr. Robt. Watson was home on a visit for a few days last week.

St. John, March 9.—The annex to Victoria school building was badly damaged by fire this morning and this portion of the school will be a total wreck.

KIDNEY WARNING.

A Score of Symptoms Tell the Victim That Kidney Disorders Have Fastened Themselves on Him—South American Kidney Cure is the Potent Remedy.

A simple backache, or a little pain in the kidney region, may cause you no alarm, and you may not think of it. But the warning may mean the deep setting of that most insidious of diseases which puts more people in an untimely grave, than all other causes combined. South American Kidney Cure relieves in six hours, and cures permanently.—Sold by E. Lee Street.

The organist for the evening was Miss Dottie McCullum.

At a late hour sandwiches, pie, cake, tea and coffee were served with courteous style and all in attendance relished the lunch.

The G. C. T. then called on Rev. Robert Falsaver, Newcastle, who told interesting and instructive stories and emphasized the forward movement of the temperance work. The worthy Patriarch of Northumberland, Silver Stream and Caledonia Divisions, S. T. briefly expressed their thanks for reception and hospitality and uttered encouraging words for the cause for which all were banded together.

The affair closed by everybody rising and singing with the spirit which springs from patriotism, God Save the Queen.

WILLIE McDUGALL, INJURED AT MONCTON, LAST WEEK, WILL LIVE.

Willie McDugall, the thirteen year old son of Mr. Archibald McDugall, contractor, was the victim of a deplorable accident in the Moncton and Buctouche railway yard about two o'clock Thursday last week. The lad was playing about the yard and riding on the cars when they were being shunted. The train had warned him of the cars but he persisted in the amusement until the unfortunate accident occurred. The boy was standing on a carload of wood which was being shunted, and when the speed of the train was slackened with a jerk he lost his balance and fell headlong on the track between the cars. His fall was noticed by the trackmen and the engine was immediately reversed and brought to a standstill as quickly as possible. When extracted from his perilous position, however, it was found that young McDugall was badly injured. Medical aid was summoned at once and the lad made as comfortable as possible. He was removed to his father's home on King street where his injuries were attended to by Doctors Ross, Bourque and White. Upon examination the doctors found the right arm badly broken up, the right leg broken in two places near the thigh, the muscles of the chest across and as severe out in the groin. It was found necessary to amputate the right arm near the shoulder and also to take off a portion of the muscles of the chest.

The little lad stood the painful operation remarkably well, but he is so badly broken up that the chances are against his recovery. He is quite conscious, however and his condition is as favorable as could be expected under the circumstances.

The boy's terrible injuries were sustained by being pushed ahead of the car by the brake beam. The wheels, of course did not pass over any portion of his limbs or death would have been certain.

Strong hopes are now entertained for the ultimate recovery of little Willie McDugall, who was so badly injured in the M. & B. railway yard last week. The

Literary Notes.

"Inside figures" are always interesting and the following are certainly some striking ones about The Ladies' Home Journal. During 1897, 8,183, 113 copies of this magazine were printed and so thoroughly sold that the latter-year issues were entirely out of print. It consumes 3,434,362 pounds of paper in a year and absorbs 30,902 pounds of ink. It runs 28 presses. The advertising columns contained \$488,325 worth of advertising during the last year. The editors received 9,200 manuscripts and less than one per cent. were accepted. The magazine employs 22 staff editors. 24,648 letters have been received and answered in the year by the editors of the correspondence columns. The Journal has over 15,000 active, working agents on the road getting subscriptions. It has educated 442 girls free of charge under its free educational plan. In a single day it has received as high as 18,000 subscriptions. 900,000 copies of the Journal are sold each month on the news stands alone—415,000 people subscribe for it by the year.

The readers of The Ladies' Home Journal are about as responsive a clientele as any magazine has. About six months ago the Philadelphia magazine started to publish a series of practical architectural plans showing how artistic houses could be built at moderate cost. It employed a special architect, and his work was certainly artistic. Besides the plans it agreed to furnish complete specifications of each house at a minimum cost. Thousands of people liked the plans given and the series has been a great success for the magazine. This spring the building of over five hundred houses, varying in cost from \$1800 to \$7000 each, will be started in different parts of the country by Journal readers, in addition to over one hundred other houses which have already been built.

"WISHED MYSELF DEAD."

How Many a Poor Dyspeptic has the Same Suffering—But South American Nervine Gives a New Lease of Life.

Mrs. Mary A. Singson, of Pennsylvania, writes: "I was a great sufferer for over four years from nervous indigestion and dyspepsia; often washed myself dead." I was attended by best physicians; tried many remedies, but found very little relief. I was attracted to South American Nervine by reading of the wonderful cures wrought by it. I had about lost all faith in medicine, but I was determined to try it. One bottle wonderfully relieved me. I gained strength right away, my appetite returned and in a very short while I was completely cured. I cheerfully recommend it."—Sold by E. Lee Street.

One Man Killed on the Temiscouata Railway.

A sad accident happened at Sinclair's siding on the St. Francis branch of the Temiscouata Railway, about 30 miles from here, about 5 o'clock Friday afternoon, of last week by which Alphonse Dionne, a workman on the Temiscouata road, lost his life. It is not known how the accident happened, but immediately after the train passed, the section man found Dionne's body lying across the track, nearly severed in two and life about extinct. The train had passed over and under the body of the workman, and both his arms were broken in two places. The conductor and train hands were unaware of the accident until they reached Copners, two miles farther up. A special train took up Corneil T. Melley Richards and the Clerk of the Peace, and an inquest was held the following evening. The jury returned a verdict of accidental death, stating that no blame could be attached to anyone.

A very sad accident happened at Benton Friday morning of last week, which will result in the death of a young man in the prime of life. Wm. McCue, of Houlton, was a brakeman on the freight train which passed over and under the body of the workman, and both his arms were broken in two places. The conductor and train hands were unaware of the accident until they reached Copners, two miles farther up. A special train took up Corneil T. Melley Richards and the Clerk of the Peace, and an inquest was held the following evening. The jury returned a verdict of accidental death, stating that no blame could be attached to anyone.
